OPPORTUNITY FOR RISING STUDENT DESIGNERS!

Student Winners Honored in Concert With
ACTE Excellence Award Winners

2018 ACTE AWARDS BANQUET

November 28, 2018 • San Antonio

ACTE is excited to announce the launch of our third annual student contest to re-design the 3D-printed trophies for the ACTE Excellence Awards. Thanks to Stratasys, we are pleased to present these unique trophies that not only celebrate ACTE's core values, but also embody them. Created by cutting-edge technology, the trophies manifest CTE's role in preparing students for 21st-century careers, and they harness the power of collaboration between CTE and business and industry partners.

The winning trophy design will be 3D-printed by Stratasys and presented to the national award winners at the 2018 ACTE Awards Banquet in San Antonio, Texas.

The winning design of the 2017 contest was created by Brooks Baro from McIntosh High School in Peachtree City, Georgia. For his winning design, Brooks received \$1,000 and a free one-year lease of a 3D printer for his school.

ELIGIBILITY

The contest is open to secondary, postsecondary and adult CTE students in 3D-design courses or other CAD courses. Students may enter as individuals or as teams of no more than two (2) people.

DEADLINE: MAY 1, 2018

HOW TO ENTER

ACTE is now accepting entries! Learn more about the contest and our prizes at www.acteonline.org/trophy_design_contest.
