

# EVERY STUDENT SUCCEEDS ACT

**#NPS16**

Key CTE Provisions

# ACTE Priorities

- Incorporate career readiness
- Support secondary school reform by strengthening the integration of academics & CTE
- Increase support for comprehensive guidance & counseling
- Include CTE teachers in efforts to improve recruitment, retention & effectiveness

# Career Readiness Accountability

- aligns state academic standards with relevant CTE standards
- Allows for indicators of career readiness in state accountability systems
- Provides opportunity to develop or expand existing state efforts to measure student career readiness
- Allows for CTE accountability indicators on state/district report cards

# Career Guidance and Counseling

- ❑ Encourages school districts to offer college and career guidance programs
- ❑ Promotes career awareness and exploration activities
- ❑ Supports training for counselors on using labor market information to advise students on postsecondary and career goals
- ❑ Promotes education on safe and healthy relationships

# Academics and CTE in the Classroom

- Allows for direct student services to expand access to CTE coursework
- Supports development of coordinated instructional strategies, including experiential learning opportunities
- Recognizes CTE as component of well-rounded education
- Expands access to CTE and academic programs through technology
- Promotes CTE in literacy education and expanded learning opportunities

# Teacher Recruitment, Training and Professional Development

- Supports specialized professional development for academic and CTE teachers
- Provides for common planning time to develop integrated content
- Encourages states to develop alternative routes to teacher certification
- Supports individuals with experience in other fields who enter the teaching profession
- Promotes secondary/postsecondary collaboration to integrate academics and CTE content in dual and concurrent enrollment programs
