Welcome from Our President

Welcome to our Summer Conference and for many of us, the start of our school year. We also get to reconnect with friends and colleagues we've not seen in several weeks.

Being in Springfield will give you a chance to learn and develop new skills and offers lots of entertainment after the workshops. Enjoy everything it has to offer and don't forget to use their new app for some fun and interesting sights and bargains. Come to the Springfield Cardinals game on Tuesday night for a great evening of entertainment.

Our program for the Opening Session is sure to be motivational and educational, as we hear how one woman integrated career and technical education with the common core. Michelle Shearer, 2011 National Teacher of the Year, is entertaining and doesn't just talk the talk, she walks the walk. Technical skills, together with the

common core to produce an effective workforce, are the focus of our Conference and many of your division workshops have also been built around that concept. Your Division President and DESE personnel have lined up many sessions that will show us how to integrate many of the common core standards into our curriculum and how CTE can add to the common core curriculum for the betterment of our students. That still is and will always remain our focus - our students. Thank your Presidents and DESE personnel for working hard for us.

Don't forget to thank your Presidents and the Missouri ACTE Board for their diligence in selecting the location of our future conferences. After all the information and presentations, it was decided by the Board to remain in Springfield.

It is my sincere wish that you come away from this conference renewed to face the challenges and opportunities that will come this year for us and our students. It has been a great honor to have served you this year. We are in good hands with Mark leading us into next year and make sure you vote for our new President-elect.

Your voice needs to be heard and people are listening.

Always for our students,

A handwritten signature in black ink that reads "Janell Allred". The signature is fluid and cursive.

Janell Allred
Missouri ACTE President

General Attendee Information

Registration

All persons who attend the Conference must be registered. You must wear your name badge at all times for admittance into meetings and the exhibit area.

General Session

This year, we are pleased to welcome the 2011 National Teacher of the Year, Michelle Shearer as our Opening Session speaker. You won't want to miss Ms. Shearer's motivational talk on Tuesday, July 24 at 10:00 a.m. at the Springfield EXPO Center (635 St. Louis Street - Hall C).

Exhibits

Exhibits will be open to attendees between the hours of 1:00 p.m. and 6:00 p.m. on Monday; 8:00 a.m. to 2:00 p.m. on Tuesday. You are encouraged to tour the exhibits at the Springfield EXPO Center. Many new products, services and supplies will be on display. Representatives are on hand to answer any questions you may have.

Missouri ACTE would like to offer a very special "Thank You" to the staff at the Missouri Department of Elementary and Secondary Education (DESE) - College and Career Readiness for their continued support. They have generously provided their time, talent and finances to help plan the programs for our Conference.

We couldn't do it without you ... Thanks!

Our Opening Session Speaker

Michelle Shearer

We are very fortunate to have Michelle Shearer, the 61st National Teacher of the Year, as our Opening Session speaker on Tuesday, July 24 at 10:00am. According to the Huff Post Education website, "Shearer, who is an Advanced Placement chemistry teacher at Urbana High School in Ijamsville, Maryland, has committed over 14 years to educating students. As a pre-med undergraduate at Princeton, Shearer stumbled upon her passion for teaching while volunteering at MKSD, a New Jersey school for the deaf.

"Since then, she has helped students with dyslexia, dysgraphia, ADD, Aspergers syndrome, and countless others, conquer AP chemistry. She also brought AP chemistry to the Maryland School for the Deaf (MSD) enabling deaf students to take the class for the first time.

"Shearer holds dual certifications in chemistry and special education, and throughout her career has reached out to students who are statistically unlikely to excel in science, such as special needs students, minorities, and women. In her application she described how this

shaped her teaching philosophy and led her to believe that anyone can learn chemistry. She wrote: 'My greatest contribution to education is my steadfast belief that there is an aspiring scientist in all of us.'

"Shearer supports her students outside the classroom as well. Beyond writing countless recommendations, she coached Urbana's varsity swim team, spearheaded service projects, and served as an interpreter in many different instances, including a week-long Space Camp trip. She also cultivates good citizenship in her students, encouraging each one to contribute to their community each day. She tells them: 'Be involved. Exercise academic integrity. Make positive contributions as you collaborate with others. Do your part to maintain and care for shared scientific equipment. Work hard, even in the absence of an incentive.'

"Shearer's commitment to her students was reflected in her acceptance speech, which she used to focus on them rather than herself and her own achievements. 'As we celebrate the success we have achieved in our classrooms, I see the faces of students: My 90 advanced placement chemistry students, who took their AP exam yesterday; students I taught over a decade ago, who now teach with me in public schools; deaf and hard of hearing students, and students with special needs who taught me always to see abilities -- not disabilities; and students -- like my 5-year-old daughter -- young children full of promise and potential.'"

During the past year, Ms. Shearer has traveled the world as the National Teacher of the year and we are thrilled that she will be sharing some of her time and talent with us!

[Quoted from Huff Post Education; May, 2011]

Look What's New at American Tech

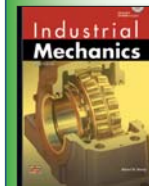

National Apprenticeship Training Program for Cooks defines the core competencies required for certification

from the American Culinary Federation. Ten concise modules provide learners with practical content and applications along with detailed illustrations. The modules also include certification exam preparation questions.

This first edition textbook is a comprehensive compilation of practices and requirements to maintain the efficiencies and durability of residential and commercial power equipment.

This new edition presents the latest information on all aspects of mechanical systems, including rigging, lifting, ladders and scaffolds, hydraulic and pneumatic systems, lubrication, bearings, belts and pulleys, mechanical drives, vibration, alignment, and electricity.

Solid State Devices and Systems presents a comprehensive overview of solid state devices and circuits.

Various practical applications are presented throughout the textbook as they relate to temperature, light, speed, and pressure control.

Proposed Bylaw and Policy Change

The Missouri ACTE Board of Directors has approved the following bylaw and policy changes to be forwarded to the House of Delegates for their consideration at their Annual Meeting on July 25, 2012.

Bylaw Change #1 –

This will formally change the name of the Missouri Health Science Technology Education. The name in [*italic brackets*] will be changed to the name in (**bold**) parenthesis.

Article IV-Divisions, page B-2,

- A. The divisions of Missouri ACTE shall be those interested in
- Administration (Missouri Council of Career and Technical Administrators)
 - Agricultural Education (Missouri Vocational Agriculture Teachers Association)
 - Business Education (Missouri Business Education Association)
 - Family and Consumer Sciences (Missouri Educators of Family and Consumer Sciences)
 - Guidance and Counseling (Missouri School Counselor Association)
 - Health Occupations Education [*Missouri Health Science Technology Education*] (**Missouri Health Science Education**)
 - Marketing and Cooperative Education

(Missouri Marketing Association/ Missouri Cooperative Education Association)

- Career Services (Missouri Association for Career Services)
- Special Needs (Missouri Special Needs Association)
- Technology Education (Technology Education Association of Missouri)
- Trade and Technical Education (Missouri Trade and Technical Association)
- New and Related Services

Policy Change

The House of Delegates will also vote on a Policy Change regarding Student Dues – ACTE has asked all states to follow their guideline and make all student dues free to full time students; therefore we ask the House of Delegates to approve removal of Student Dues from the Missouri ACTE Policy Manual.

P-8 - Removal

Dues, Student

The annual dues for a student member shall be \$5.

VISION

2012

An International Summit On
EXCELLENCE In CareerTech Education

ATLANTA

NOV. 29–DEC. 1

A Snapshot of Our Candidates

Once again, we are fortunate to have two great candidates for President-Elect. This year's candidates are both members of the Missouri Vocational Agriculture Teachers Association (MVATA) and have great leadership skills and experience which are summarized below.

James R. "Rusty" Black

Current Position:

Agriculture Instructor
Grand River Technical School
Chillicothe, MO

Professional Memberships and Leadership Positions:

- ♦ Missouri ACTE - member since 1984; Board of Directors - 2 years; Legislative Committee - 5 years, chair 2 years;

Program Improvement Committee - 5 years

- ♦ MVATA - member since 1984; Completed officer rotation at the Area, District and State Level; Committees - participated and chaired many MVATA Area, District and State Committees; State Level: Legislative, State Degree, Leadership Curriculum, State Degree ad hoc

- ♦ ACTE - member since 1984
Attended three ACTE Conventions, attended National Policy Seminar several times
- ♦ MSTA - member since 1984
Attended several conventions, State Convention Parliamentarian, 2 years
- ♦ NAAE, member 1984-present
Attended Regional and National Mtgs, served on Policy and Bylaws Committee, 3 years

Education:

B.S./M.S./additional credit hours - University of Missouri-Columbia

B.S. Ag Education 1983; MS Ag Education 1993

Northwest Missouri State University-1979-1980

Graduate: King City High School

Pam Proffitt-Rowland

Current Position:

Agriculture Instructor/FFA Advisor
Current River Career Center
Doniphan, MO

Professional Memberships and Leadership Positions:

- ♦ MVATA - Executive Treasurer, 2006- present, Member since 1985
- ♦ NAAE - member since 1985

- ♦ Missouri ACTE and ACTE - member since 1985
- ♦ MSTA - member since 1985
- ♦ MVATA President (2005), President-Elect (2004), Secretary (2003)
- ♦ Governor's Advisory Council on Agriculture, (2000-02)
- ♦ Missouri ACTE Board of Directors (2005-06)
- ♦ Couch MSTA President- 17 years

- ♦ Couch Professional Development Committee Chairman - 10 years
- ♦ Couch School Career Ladder Committee member- 6 years
- ♦ NAAE Region IV Conference Coordinator (2005)
- ♦ MVATA FFA Camp committee - 22 years
- ♦ South Central District MVATA officer rotation, (Treasurer - 7 years)
- ♦ Area 10 MVATA officer rotation, (Treasurer - 15 years)
- ♦ Missouri ACTE Membership Committee (2006-present)

Education:

Master's Degree in Agricultural Education, University of Missouri - Columbia, 1995

Bachelor of Science in Agricultural Education, Southwest Missouri State University - Springfield, 1985. Grades 7-12 certification, Lifetime Missouri Teaching Certificate

Graduate: West Plains High School, 1980

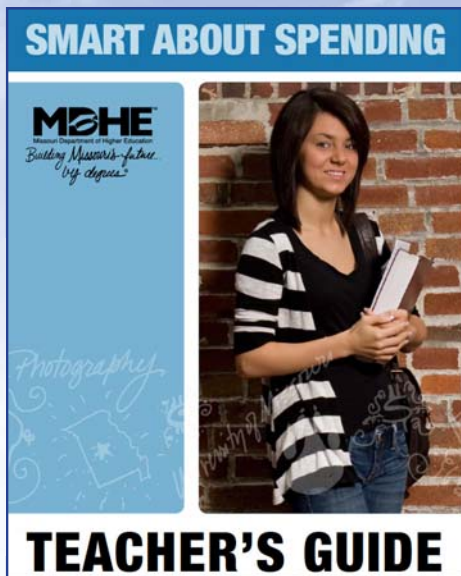

Visit booth **F99** to view newly unveiled teaching materials for the personal finance course from the Missouri Department of Higher Education.

Designed specifically with personal finance teachers in mind, the new *Smart About Spending Teacher's Guide* serves as a companion piece for the *Smart About Spending* expansion portfolio and is packed with activities, graphs, worksheets, answer keys, quizzes and lesson plans.

The *SAS Teacher's Guide* has everything you need to assist your students in making sound financial decisions throughout high school and beyond. Coupled together, the SAS materials provide not only a comprehensive approach to personal finance issues facing high school students but also provide a new and fresh way to learn in or outside the classroom.

If you teach personal finance, visit booth **F99** to receive your free copy of the MDHE's *Smart About Spending Teacher's Guide*. To learn more about these materials and other free publications provided by the MDHE, please see MDHE staff at booth **F99**.

Missouri ACTE Teacher of the Year ~ David Jordan ~

David Jordan is a marketing teacher at Central High School in St. Joseph, MO. His commitment to making a difference is demonstrated by his numerous professional memberships and lengthy list of community projects to which he has donated his time and talent. One of his colleagues used the words dedication, professionalism, work ethic, role model, innovator, and dedicated leader to describe Mr. Jordan to the Missouri ACTE Awards Committee. Sometimes, though, the best description of a teacher's talents is demonstrated through the lives of the students he has taught.

Such is the case with David Jordan, Missouri ACTE's 2012 Teacher of the Year. We couldn't possibly list all the students Mr. Jordan has influenced or how that influence has changed their life paths. But, Bradley Schlange puts it very well in his letter to the Missouri ACTE Awards Committee:

"Throughout the years of high school, a student is most definitely going to cross paths with many different types of teachers. Some of these teachers will always brighten your day, while others go above and beyond in teaching their class. Some teachers make every day exciting and full of joy. Some of these teachers are motivators, and some offer guidance that comes from experience and wisdom. I have been lucky enough

to cross paths with a teacher who possesses all such qualities and has touched my life in an extremely positive way. This person is my business teacher, David Jordan, at St. Joseph Central High School.

"Mr. Jordan has built a strong reputation at Central High, as well as in our school district. He teaches a variety of high school classes including marketing, international business, internship, and International Bachelorate ITGS and economics. He does a phenomenal job as a business teacher, making sure that he fully meets his duties. Mr. Jordan has also gone above and beyond his job expectations by assisting students after school hours on projects, attending numerous annual DECA conferences, and organizing every event for the club. He also oversees the business department and career investigations at our school, and is also the head DECA advisor. He is the business department coordinator for the entire school district. All of these duties show how dedicated and committed to excellence Mr. Jordan truly is. He has impacted Central in so many positive ways and works hard to establish personal relationships with his students.

"I have had Mr. Jordan for two years during my time at Central. As a junior, he taught my Marketing class and introduced me to DECA. DECA is a club that prepares emerging leaders and entrepreneurs in marketing, finance, hospitality and management in high schools and colleges around the globe. I would not have become as involved as I am today without the guidance from Mr. Jordan. He made the classroom setting a place that was enjoyable, yet also a place which strongly encouraged learning. As a senior, he taught my International Business class, which was an honors course. I am the president of Central's DECA chapter. I would not

have taken on this role without the continued support of Mr. Jordan. He has worked countless hours with me over the years perfecting my DECA projects. I was lucky enough to participate at the International Career and Development Conference in Orlando, Florida in May 2011. I spent a lot of time away from the classroom with Mr. Jordan, learned a lot from him, and had a wonderful time. He truly cares and loves each of his students individually, and I have experienced this firsthand.

"He has impacted my future by steering my career course in the direction of business. He has made it seem like something I would want to do for the rest of my life. He has also influenced my social skills by being a role model. Mr. Jordan is always punctual, and displays the utmost amount of character. He is thoroughly respected within the walls of our building. He has built his reputation up to be the finest example of a "Teacher of the Year" award winner. My life has been easier, more enjoyable, and enriched from having the opportunity to work with him. For these reasons and the many more, I recommend David Jordan for Missouri ACTE Teacher of the Year."

Bradley M Schlange

Bradley M. Schlange

Outstanding Career and Technical Educator ~ Lori Mann ~

course description guides. During the 2011 - 12 school year, Lori and the other Career Education Coordinators have facilitated conversations with secondary counselors around this new template. Program of Study templates are included in the planning guide, to help students, parents and staff be aware of all the course options in any given career cluster.

"In addition to assisting with state-wide initiatives, Lori willingly helps at the local level, as well. To increase female participation in Project Lead the Way [PLTW] programs, Lori is working with a team of educators in the Smithville School District to write a grant that will help eighth and ninth grade females, with an aptitude and/or interest in engineering, explore engineering and become aware of PLTW offerings.

"The team is partnering with several engineering firms in the Kansas City area to have volunteer engineers participate in 'Lunch and Learn' meetings with these students, provide field trip experiences, participate in an 'Engineering Summit' and provide a scholarship to a senior female student who has completed PLTW courses and intends to pursue post-secondary education in the engineering field.

"Lori strongly believes in career and technical education and works diligently to provide opportunities in career education for students and staff within her region.

"Her leadership and collaboration with DESE initiatives ensure students, parents, and staff are provided the best opportunities available."

When Jessica Newport entered the Northland Career Center to study Law Enforcement/Crime Scene Investigation, she had no idea what an impact Lori Mann would have on her life. Due in large part to Ms. Mann's constant

encouragement and example, Jessica is successful and hopes to be a role model for other women on a non-traditional path. In Jessica's words:

"When I first started at the Northland Career Center, I had no idea that I was a non-traditional student. The thought had never crossed my mind until I looked around the room at my new classmates, and recognized that the majority of my peers were male. As a first year, female student enrolled in the Law Enforcement/Crime Scene Investigation class, it was slightly intimidating. I wanted to pursue a career in law enforcement, but I did not realize that there would be gender barriers that I would have to overcome. Lucky for me, Mrs. Mann is an excellent Breaking Traditions teacher.

"... Mrs. Mann took me, a non-traditional student, and turned me into a non-traditional leader. She gave me the courage to strive to do great things. Not only am I a woman in the law enforcement field, but I am a successful woman in the field. I feel like I have done great things not only for myself, but for my gender, as well. I feel silly when I look back at myself thinking that I was intimidated by my male peers. I want the other girls in the class to look at me and think of me as a role model and an inspiration. This year I have broken traditions. I just needed a little push from an outstanding teacher."

After reviewing her nomination, it was obvious that Lori Mann was the perfect choice for Missouri ACTE's 2012 Outstanding Career and Technical Educator. To quote her nomination form:

"Lori Mann began at Northland Career Center in August, 2006 as a Regional Career Education Coordinator, primarily serving non-traditional students enrolled in nine career and technical schools. Since taking this position, the state has expanded her role to include providing technical assistance for teachers at these schools, and the 60 districts within the region, and assisting in the development of statewide initiatives such as Programs of Study.

"With these expanded duties, Lori has become a leader in the state and has been instrumental in new initiatives. She facilitates meetings for K-12 and career and technical counselors throughout her region and worked with a team of colleagues to draft a state-wide Program of Student template. The new template allows course offerings to be listed on one page, by career cluster interest, and will be invaluable to students, parents, and staff.

"In the summer of 2011, Lori served on a committee to look at course guides. With Dr. Bragg Stanley's leadership, course books were analyzed and Lori drafted a state-wide Career and Educational Planning Guide to replace

Outstanding New Career and Technical Teacher ~ Samantha Cosper ~

The excitement Samantha Cosper, Missouri ACTE's 2012 Outstanding New Career and Technical Teacher, has for her chosen profession shines through all her activities. She is obviously dedicated to both her students and her career and is well on her way to exemplify the best of what we, as career and technical educators, can be.

Ms. Cosper received her undergraduate degree from Pittsburg State University and is currently working toward a Master's Degree in Curriculum & Instruction from William Woods University.

She began her teaching career at the Southwest R-IV School District in January 2009, shortly after her graduation in December. During the 2½ years she taught at that district, she developed working curriculum for all courses which were aligned with FCS National Standards, form an Advisory Committee, and received grants for both equipment and professional development. She attended many workshops on Programs of Study and Technical Skill Attainment and headed the initiative to implement them in her district. She administered her first set of Technical Skill Assessments in the Spring of 2011. She also began building a relationship and path to post-secondary by articulating two courses with Ozarks Technical College.

The Southwest FCCLA chapter grew from five members to 38 members. She

had two students who ran for Regional Office and were elected to serve, and four students who advanced to State Students Taking Action with Recognition (STAR) Events Competition. Her chapter planned and carried out multiple community service activities, many of which became an annual occurrence, such as the Halloween Dance, Community Easter Egg Hunt, and Homecoming Alumni Social.

Ms. Cosper is currently teaching at Cassville R-IV School as the High School Family and Consumer Sciences Teacher. This role is very near and dear to her heart, as it is her alma mater. Her former teacher retired in the Spring of 2011, and she took over the position in the Fall.

This year her FCCLA chapter has had many successes. The membership has increased from 60 to 86 members. At Regional STAR Events and Elections in January, the chapter had one student elected to serve on the State Executive Council and one student elected to serve as Regional Vice-President of Public Relations. Her chapter had four teams that competed in STAR Events; two of these teams are advancing to state.

As Ms. Cosper puts it, "The best part of being a FACS Teacher and FCCLA Advisor is the moments when you see your students succeed and achieve their goals. Watching my students be installed into office and receive medals for their hard work is amazing. It is their efforts that got them there, but just to have a small part of it is so joyful. To have a student who truly seizes the opportunities that you have laid out in front of them makes all of the paperwork, extra hours, and traveling more than worth it."

Recognizing the tremendous benefits of professional trade association, Ms. Cosper began attending Missouri Association for Career and Technical

Education (Missouri ACTE) Conference as a collegiate so that she could have a head start in networking with professionals and learning about upcoming trends and best practices for her field.

This year she began serving on the Missouri Educators of Family and Consumer Sciences Board as a committee member. She says that she "did not realize how much hard work goes into preparing the conferences and workshops that are made available every year. I have enjoyed being a part of the process and hope to serve on the board for many years to come."

In addition, Ms. Cosper was recently asked to participate in a new initiative titled, "Math in CTE." This program involves creating lessons that bridge the gap between math class and career education classes.

To summarize, Ms. Cosper says, "There is no other job in the world I would rather have. I remember just before I began teaching people sending me warnings, 'The first few years are the hardest.' Well I have made it through the first few years, and all I can say is I have had a blast! If the past is an indicator, then I know that I will have a long and fulfilling teaching career ahead. I am looking forward to the new changes that are coming to CTE and anxious to implement them in my classroom." And we are anxious to watch Ms. Cosper's career blossom, along with those of her students!

Diversity Action Committee Award ~ Don P. Reeves ~

Coordinator at Ozarks Technical Community College (OTC) and Susan Blakey, OTC Assistant Career Center Director-Programs and Assessment.

“Don Reeves is an exceptional instructor at Ozarks Technical Community College (OTC) who has always strived to do what is the very best for ALL students. He works with both secondary and post-secondary students in the Auto Collision Repair Technology field. He has also been significantly involved with Skills USA for more than two decades and is currently one of the Skills USA Southwest District Advisors and the Lead Advisor for OTC. During his tenure as Lead Advisor, the Career and Technical Student Organization (CTSO) at OTC has grown immensely. He has many other accomplishments in the past, including involvement with MTTA,

Missouri ACTE, and the Collision Repair National Committee.

“He is forever finding ways to better assist, encourage, teach, and promote his students. It does not matter who that student is, if they are in his or any other CTE program, or if they may have a special circumstance that may make their learning process or finding a job a challenge. This desire to help his students be the best has led to several special projects he has been involved in over the years including supporting the ‘Breaking Traditions’ program at OTC and the ‘Breaking Traditions Award Competition’ that is held each year for the state of Missouri.

“Mr. Reeves is to be applauded for his commitment to student development and the promotion of CTE opportunities.”

Summarizing a career’s worth of accomplishments is always a difficult job, but when Missouri ACTE’s 2012 Diversity Award winner Don P. Reeves was nominated, his colleagues did a great job! Below are some of the comments from Michelle Charlebois-Didreckson, Career Education

Legislative Recognition Awards

Missouri ACTE proudly presents Rep. Tom Shively and Rep. Jason Smith with the 2012 Legislative Recognition Award for their commitment to education, both personally and professionally, and specifically, their continued support of Career and Technical Education, as well as Career and Technical Student Organizations.

~ Rep. Tom Shively (D-008) ~

Rep. Tom Shively, a Democrat, represents part of Linn, Macon, Shelby and Sullivan Counties (District 8) in the Missouri House of Representatives. He was elected to the House in November, 2006.

In addition to his legislative duties, Rep. Shively is retired after spending more than 30 years as a farmer and vocational agriculture educator. He also served in the United States Air Force.

During his 30 years as a vocational agriculture teacher, Tom helped prepare thousands of students to handle the modern challenges of farming.

He understands the importance of education. "A solid educational system not only prepares young minds, it equips our next generation to compete in a complex agribusiness environment. That will help more of your children and grandchildren to stay here in rural Missouri, find quality jobs here, and sustain our rural quality of life."

A 1964 graduate of North Shelby High School in Shelbyville, Missouri, Rep. Shively earned a Bachelor of Science Degree in Agriculture in 1968 from the University of Missouri-Columbia.

~ Rep. Jason Smith (R-150) ~

Rep. Jason Smith represents parts of Crawford, Dent, Phelps and Reynolds Counties (District 150) in the Missouri House of Representatives. Elected to the House in a special election in 2005, Rep. Smith serves as Majority Whip and is a member of the following committees: Administration and Accounts, Ethics, Professional Registration & Licensing, and the Special Standing Committee on Redistricting. He also serves on the Joint Committees on Court Automation and Legislative Research and as co-chairman of the Joint Committee on Administrative Rules.

Representative Smith is committed to community involvement and is a member in the following organizations: National Rifle Association; Salem, Steelville and Cuba Chambers of Commerce; Missouri Bar; Farm Bureau; state board member of the Missouri Community Betterment Association; past

President and current board member of the Salem FFA Alumni Association; and past board member of CASA (Court Appointed Special Advocate).

Rep. Smith has earned two Bachelor of Science Degrees in Agricultural Economics and Business Administration with an emphasis in Finance from the University of Missouri - Columbia, MO his Law Degree from Oklahoma City, OK University School of Law, and spent a summer studying international law at Trinity College in Cambridge, England.

Outstanding Service Award ~ Cheryl Hill ~

of those traits. While Ms. Hill may have retired from serving at Northland Career Center's Director for the past seven years, she has not retired from her passion for career and technical education.

Ron Webster, who worked for seven years with Ms. Hill at Northland Career Center, says:

"Her commitment to career and technical education abounds from every facet of her work.

"Cheryl has been a supporter of CTE for over 30 years. She has trained special education students for employment, worked as a Vocational Evaluator, ran the Northwest Regional New Perspectives/Traditions program, was an Assistant Director for four years, and a Director for seven years. Cheryl

has also served on many State and National boards. However, her professional legacy will not be measured by job titles or the boards she served on. Her efforts will be measured by the connections she made with students, staff, and the many administrators she has worked with over the years. She has passionately worked to protect the foundations of career and technical education while building up those around her.

Cheryl retired last year but continues to support students and staff as a consultant. Her main body of work this year has been to focus on issues related to Title IV. She has worked tirelessly to keep Title IV alive in order to save 100's of jobs across the state of Missouri. If CTE is in trouble, she is the first to take charge and go to bat for all involved."

The Outstanding Service Award is given to recognize educators who have made the highest meritorious contributions to the improvement, promotion, development and progress of career and technical education. And, this year's winner, Cheryl Hill, is a prime example

Certificate of Appreciation ~ The Foundation for Missouri Women ~

non-traditional field for their gender. The competition is a state-wide competition for non-traditional students in career/technical programs. With the Foundation's assistance, many women have completed their education.

This year, The Foundation for Missouri Women is also sponsoring competitive statewide grants and their goals are as follows:

1. Fund programs to build economic self-sufficiency for women and help girls to be economically self-sufficient in adulthood.
2. Provide operating support to organizations creating a systemic change that will increase opportunities for economic self-sufficiency for women and girls.
3. Promote awareness of the issues affecting economic self-

sufficiency for women and girls and build support for systemic change to enhance the economic status of women.

The Certificate of Appreciation Award honors individuals or organizations that contribute to improvement, promotion, development, and process of career, technical, and/or practical arts education. The Foundation for Missouri Women significantly contributes to the goals of this Award and we are pleased to recognize them as the 2012 recipient of the Missouri ACTE Certificate of Appreciation.

The Missouri 2012 Certificate of Appreciation recipient is The Foundation for Missouri Women. The Foundation's mission is to support females throughout the state of Missouri and create educational opportunities for girls and women.

To meet this noble goal, the Foundation has provided funds for both regional and state Breaking Traditions winners to support their continued education in a

**Master of Science in Career and Technical
Education Leadership Now Fully Online!**

The MS in CTE Leadership at UCM will be offered totally online beginning the Fall 2012 semester. While the core for all three degree options (Teaching Leadership, CTE Administration Leadership, and Industry Training Leadership) has been offered online since 2008, the degree is transitioning its remaining degree courses to online delivery. The main goal of the MS in CTE Leadership remains striving for the personalized, focused needs of individual candidates. On campus and regional face-to-face, hybrid, and weekend course delivery formats will continue being offered to meet the learning styles and preferences for all students.

The Entrepreneurs of Tomorrow are Sitting in Your Classroom!

Colorado A

Presenter: Pat Palmer

Description: How do educators nurture the "E in Me" for the students in our classrooms today? What are the risks, really? Hear the stories (and find them in the Dropbox) of many successful youth who have been successful in starting their own businesses. Learn about the Entrepreneurship Challenge hosted by the Missouri Council on Economic Education each Fall and how your students will benefit from this experience. This session will be packed with information and classroom ready!

C.O.R.E.: Concentrating on Realistic Education

Oklahoma

Presenter: Michelle Conrad and Larae Watkins

Description: Concentrating on Realistic Education (C.O.R.E.) is a collaborative effort with the Missouri Center for Career Education, Missouri's Department of Elementary & Secondary Education, and the University of Central Missouri to integrate common core state standards with Career and Technical Education. This session will focus on sharing the process used to develop materials and professional development activities for teachers. We'll introduce participants to the tools developed to date, the professional development structure, and online materials.

8:00 a.m. - 9:00 a.m.

Diversification and Risk

Arkansas

Presenter: Barbara Flowers

Description: You're given a basket; you're given eggs. What are you going to do? In this lesson on diversification, you will hunt eggs to gather your portfolio, but don't put them all in the basket because you know what can happen. Instead, you will assess your risk and build a portfolio with just the right amount of diversity. Participants in this session will also work through the interactive whiteboard slides that complement this lesson.

Strand: Finance

8:00 a.m. - 9:00 a.m.

Teaching Economics and Personal Finance Through Multimedia

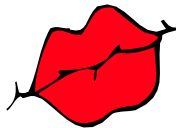

Oklahoma

Presenter: Gigi Wolf

Description: Using podcasts, video and other multimedia can be a fun and interactive way to help students understand economic and personal finance concepts. The Federal Reserve Bank has developed a variety of resources to help teach key concepts such as how to manage credit, understanding supply vs. demand and much more. This session will provide an introduction to these resources and how they can be used in a classroom setting. Session attendees will receive a comprehensive list of all available resources and how to access them.

Technology and the 21st Century Yearbook

Texas

Presenter: Don Noskowiak

Description: Technology and the 21st Century Yearbook Attendees will learn a new way to deliver yearbooks that meets the tech trends of parents and students in the 21st century. Taking full advantage of today's technology and the power of the internet, schools can utilize all of their extra pictures to offer personalized yearbooks and activity books to students/parents while maintaining control of the process. In addition, today's technology offers more flexibility and choices. Digital print on demand allows schools the flexibility to establish their own publishing schedules, eliminates early deadlines and the penalties that go with, eliminates all risk of loss to the school with no more minimum order quantity requirement and guarantees delivery of printed books in 3 weeks or less, allowing schools to capture spring activities in the yearbook without supplement. Individual, personalized yearbooks can be offered in choices of print, online E-book or both, allowing today's tech savvy, cost conscious parent/student anytime, anywhere, any device access to their personal memories.

High scoring teams from the preliminary rounds will be invited to compete regionally and at the in-person state competition in the spring.

Strand: Finance

1:00 p.m. - 3:00 p.m.**Creating Web Sites with HTML and CSS***Colorado B*

Presenter: Michelle O'Banion

Description: Website design can be intimidating. On top of learning how to design sites instructors also have to constantly keep on top of the industry standards and the software changes that come along with working in the technology industry. The industry demands that students know how to use HTML and CSS. These are the basic building blocks of website design. Once you learn them, the rest is not so intimidating. We will be creating web pages using HTML and CSS. By designing websites with HTML and CSS instructors are cutting out the middle man. The only software that is needed is notepad and a browser. It can be done on a Mac or a PC. A computer / laptop is required for this session to be effective. I will provide the files and images, you provide the laptop and the willingness to learn. We'll take the stress out of learning to code.

From High School to Small Business Owner via A Unique Entrepreneurial Program at Missouri Western State University

Texas

Presenter: Carol Roever

Description: Learn about a unique program in the Craig School of Business at Missouri Western State University that could enable your students — should they major in business at MWSU — to become entrepreneurs within six months of their graduation from MWSU. This program is the result of a 3-way public/private partnership among Missouri Western State University in St. Joseph, Missouri; Rocky Mountain Chocolate Factory in Durango, Colorado; and Steven L. Craig, entrepreneur, CEO of Craig Realty Group in Newport Beach, CA, and benefactor of the Craig School of Business at MWSU. The goal of the collaboration is the "creation" of entrepreneurs — graduates of the MWSU School of Business — who will own and operate RMCF stores. Each year, seniors in good standing in the Craig School of Business compete to own/operate a Rocky Mountain Chocolate Factory store. Currently, 7 stores are operating in 6 states with an 8th store set to open in November. The competition involves passing an applied entrepreneurship business class and writing and presenting a business plan to a panel of judges which includes university officials, entrepreneurs, RMCF representatives, and Steven Craig. Typically, more than one store is awarded each spring. Come learn more about this unique program that enables students to become entrepreneurs, sooner rather than later.

Presenter: Diana Bentele, Integrated English Instructor, Lebanon Technology and Career Center and English Instructor, Ozarks Technical Community College.

Facilitator: Karen Kennedy, Basic Skills Instructor, Lewis & Clark Career Center, St. Charles, MO

Summary: Student communication skills are becoming more integrated into CTE curriculum. Diana will present on student expectations for writing in the trade and industry classroom while still adhering to IEP modifications. Diana has worked as the Integrated English instructor at LTCC for the past four years. She is also an English instructor at the college level for Ozarks Technical Community College.

Mental Health First Aid

Ramada Oasis Inn - Sahara B

Suggested Audience: MSNA

Presenter: Barbara Mountjoy, Parrish Nurse for the Grace Episcopal Church and Retired Health Occupations Instructor, Carthage, MO

Facilitator: Mark Sponaule, VRE, Carthage Technical Center, Carthage, MO

Summary: When you think of basic first aid, what comes to mind? Many of us carry first aid kits in our cars, or have taken a basic first aid course, why? Perhaps we want to be prepared to help a loved one in a medical emergency, or perhaps we have a desire to be of service if a stranger needs assistance. Knowledge and skills serve us well in navigating an emergency through early intervention. Mental Health First Aid aims to do both; teach members of the public how to respond in a mental health emergency and offer support to someone who appears to be in emotional distress. This workshop will present an overview of the entire Mental Health First Aid curriculum. It will also give you contact information as to where you can enroll in the course or offer your school or workplace as a site that would host the class.

MACS / MSCA / MSNA agenda continued on next page.

Have you cast your ballot yet?

Wednesday, July 25, 2012 (Cont.)**11:30 a.m. - 1:15 p.m.****MACS, MSCA & MSNA Annual Luncheon***Ramada Oasis Inn and Convention Center - Grande Ballroom*

Sponsored by: Crowder College

Facilitators: Kelly Byrd, VRE, Lebanon Career Center, Lebanon, MO; Tawni Boman, Career Curriculum Specialist, Lee's Summit R7 School District, Lee's Summit, MO; and Cindy Berti, School Counselor, Holt High School, Wentzville, MO

During the luncheon we will be collecting PAC money and offering prizes.

Breakout Session #4**1:30 p.m. - 2:15 p.m.****Behavior Coaching and Power Struggles: Push, Pull or Win-Win***Ramada Oasis Inn - Mohave*

Suggested Audience: All Divisions (all levels will gain useful information)
MSCA

Presenters: Carolyn Roof, School Counselor Education Program Instructor, Stephens College, Columbia, MO and Dr. Marci Dowdy, Licensed Professional Counselor, Missouri State University, Springfield, MO

Facilitator: Dr. Marci Dowdy, Licensed Professional Counselor, Missouri State University, Springfield, MO

Summary: Have you ever felt the heat rising when reacting to a student's behavior? Then the situation quickly developed into a BIG power struggle. We sometimes think when we get our way we have won the battle ... WRONG! This workshop will address causes or power struggles, types (active, passive, and refusal) and techniques to eliminate inappropriate behaviors. Tried and true methods will be reviewed as well as the appropriate mental model. Proactive management (e.g. community building, conflict resolution, class meetings, etc.) will also be addressed. It will also focus on specific behavior coaching strategies to avoid, eliminate or address problem behaviors.

Digital Senior Capstone*Ramada Oasis Inn - Kalahari*

Suggested Audience: MACS, MSCA, MSNA

Presenters: Mrs. Nichole Tews, English IV Instructor, MLA and Mrs. Melanie Ryan, Health Science Instructor, RN, BSN, MS, Cass Career Center, Harrisonville, MO

Facilitator: Shelly Stewart, Counselor, Lamar Career and Technical Center, Lamar, MO

Summary: Looking for a capstone project that spans the duration of an entire program? Unit? Lesson? Come see firsthand how two instructors developed and implemented a senior capstone project that incorporates 21st century technology skills, employability skills, and self-marketability skills into a three-dimensional, digital portfolio that displays student efforts and achievements as well as meets high school graduation requirements set forth by DESE. This capstone project provides a foundation for future success and teaches students to be life-long learners. You will be able to easily adapt the project into your own program to meet a myriad of objectives.

Wednesday, July 25, 2012 (Cont.)**Breakout Session #4 (Cont.)****1:30 p.m. - 2:15 p.m.****Social Media & Abuses-We Own the Net: Talking to Teens about Technology***Ramada Oasis Inn - Sahara A*

Suggested Audience: MSNA, MACS, MSCA, All Divisions

Presenter: Jennifer Schiffman, Prevention Specialist, MO ICAC Task Force

Facilitator: Mark Sponaule, VRE, Carthage Technical Center, Carthage, MO

Summary: This program provides alternative strategies for reaching youth on the issues of online safety. It approaches digital self-defense from an empowerment platform and creates youth ownership of their digital environment. Strategies for defense against cyber-bullying, self-injury through oversharing, sexting and online predators will be addressed, as well as the long term impact of digital footprints. Participants will learn how and when to report cybercrime involving children and discuss additional resources for digital safety education.

Ms. Schiffman has served with the Missouri Internet Crimes Against Children Task Force for three years. She travels statewide speaking to students, educators and civic organizations on the topics of digital defense against cyberbullying, sexting/sexortion, online predators and digital life management skills through self-empowerment techniques.

MO Connections*Ramada Oasis Inn - Sahara B*

Suggested Audience: MACS, MSCA, MSNA, All Divisions

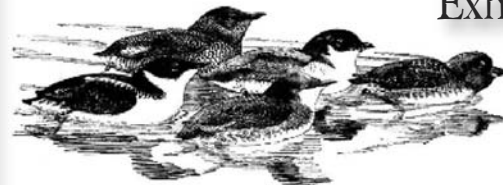

Presenter: Jackie Coleman, State Trainer, Missouri Connections, Jefferson City, MO

Facilitator: Tawni Boman, Career Curriculum Specialist, Lee's Summit R-7 School District, Lee's Summit, MO

Summary: Missouri Connections is a web-based resource to help Missouri Citizens determine their career interests, explore occupations, establish education plans, develop job search strategies, and create resumes. Sponsored by DESE and the Department of Economic Development, Missouri Connections is available to students, parents, guidance counselors, educators, and job seekers at no charge. Jackie will demonstrate the updates which have occurred over the past year, in addition to providing valuable resources to help students and educators utilize Missouri Connections.

Breakout Session #5

2:30 p.m. - 3:15 p.m.

The Importance of Calendaring for the School Counselor

Ramada Oasis Inn - Mojave

Suggested Audience: MSCA

Presenters: Michael Sanchez, School Counselor, Willard High School, Willard, MO and Matthew Herren, School Counselor, Willard High School, Willard, MO

Facilitator: Cindy Berti, School Counselor, Holt High School, Wentzville, MO

Summary: We will discuss the purpose of planning, educating your school community, parents, and advocating for your program. New technology to enhance classroom lessons will be introduced. And we will discuss the process of creating and implementing the school counselor calendar.

Missouri Women in Trades: Recruitment and Retention Strategies

Ramada Oasis Inn - Kalarari

Suggested Audience: MACS, MSCA, MSNA, All Divisions

Presenter: Teresa Willis, Executive Director for Missouri Women in Trades (MOWIT).

Facilitator: Frank North, Hannibal Career & Technical Center

Summary: Do you want to see more girls and women in your trade and technology classes? Learn proven women focused recruitment and retention strategies that you can implement right now! Find out more about how MOWIT can help you achieve your goals of increasing the number of girls entering and completing your trade and technology classes.

What Works Best For Me

Ramada Oasis Inn - Sahara A

Suggested Audience: MSNA

Facilitator: Kelly Byrd, Vocational Resource Educator, Lebanon Career Center, Lebanon

Summary: This is an open session for members to share their ideas and practices that have worked for them. Come share your ideas and learn of some new and different ways of doing things.

Legalities of an IEP

Ramada Oasis Inn - Sahara B

Suggested Audience: MSNA, MSCA, MACS

Presenter: Brooke Coffman, Special Education Teacher, Norwood School District, Norwood, MO

Facilitator: Patricia Burns, Counselor, Crowder College, Neosho, MO

Summary: Brooke has taught special needs students in the 5th -12 grades for the past ten years in Norwood School District. She received her bachelor's degree in Cross-categorical Special Education from MSU in 2002, and her Masters in 2006. If you are charged with working with special needs students in your work day, then this workshop is for you. Most of us in CTE work with special education teachers at our area high schools, but we lack any special training or education in this specialized area. This workshop will inform us of state mandates required from the special education department in our schools. There will also be instruction on IEP components and hands-on activities.

Breakout Session #6

8:30 a.m. - 9:15 a.m.

Program + Personnel = Results: A Comprehensive Look at Accountability in Your Guidance and Counseling Program

Ramada Oasis Inn - Mojave

Suggested Audience: MSCA

Presenter: Bragg Stanley, Director, Guidance and Counseling, Office of College and Career Readiness, DESE

Facilitator: Dave Teeter, School Counselor, Montgomery City High School, Montgomery City, MO

Summary: This session will provide participants an understanding of the Evaluation Model for Guidance and Counseling Program Accountability. The model focuses first on program and personnel evaluation and then on the measurement for student outcomes based on school counselor interventions. Participants will leave the session with a plan for specific steps to move their guidance and counseling program toward greater accountability.

Recruitment Best Practices

Ramada Oasis Inn - Kalahari

Suggested Audience: MACS

Presenters: MACS Officers

Facilitator: Glenda Whitney, Career Services Director, Linn State Technical College, Linn, MO

Summary: Bring your ideas and stories to share with other MACS members regarding recruitment best practices! This session involves an open forum to discuss recruitment ideas with your peers.

MSCA / MSCA / MSNA agenda continued on next page.

Thursday, July 26, 2012 (Cont.)**Breakout Session #6 (Cont.)**

8:30 a.m. - 9:15 a.m.

Autism Part I*Ramada Oasis Inn - Sahara A*

Suggested Audience: MSNA, MSCA, MACS, All Divisions

Presenter: Candace Cameron, Special Education Case Manager, Van Horn High School, Independence School District, Independence, MO

Facilitator: Kelly Byrd, VRE, Lebanon Career Center, Lebanon, MO

Summary: Autism is a disorder that presents with a variety of symptoms; therefore, there is not an "all purpose, one size fits all" method to use when working with individuals with autism. In this workshop, we will present a number of practical techniques that teachers may adopt to use when working with individuals with autism in school and career venues and environments.

Many of the techniques and concepts that artists use to process visual information and view their surroundings can be used to understand how individuals with autism process information. I did not, of course, know this until the course of my life led me to working first with adults and then with children with autism. These techniques and concepts along with behavioral therapy are the foundation for my methods of working with individuals with autism.

Bi-Polar/Classroom Strategies Part I*Ramada Oasis Inn - Sahara B*

Suggested Audience: MSNA, MSCA, MACS, All Divisions

Presenter: Jacque Banks, Assistant Superintendent of Special Programs, Kearney R-1

Facilitator: Mark Sponaugle, Vocational Resource Educator, Carthage Technical Center, Carthage, MO

Summary: Part one of two part presentation: Jacque will explain the most common mental health and social disorders found in the vocational setting (ODD, OCD, Bi-Polar, ADHD, and Asperger's). She will provide characteristics of each disorder and a format for brainstorming interventions when students don't behave as expected. Jacque has 20 years of experience in the field of special education with 14 years at the district level supervising programming for all students. Jacque was the president of the Andrew County SB40 Board for several years, which assisted adults with developmental disabilities in finding and maintaining employment and living independently. She has a Master's in Special Education from the University of Missouri - Columbia and a Specialist in Administration from North West Missouri State University.

Missouri School Counselors Crisis Plan*Ramada Oasis Inn - Mojave*

Suggested Audience: MSCA

Presenters: John Robbins, Guidance and Counseling, Office of College and Career Readiness, DESE, Jefferson City, MO and Janelle Cowles, Program Coordinator Counselor Education, University of Central Missouri, Warrensburg, MO

Facilitator: Cindy Berti, School Counselor, Holt High School, Wentzville, MO

Summary: When a young person dies, whether from an accident, suicide, or violence, the school community is left in turmoil. It is the goal of the crisis team to help schools return to normal relatively soon while caring for the emotional needs of the school community. This workshop will help prepare school counselors, teachers, and administrators with strategies for dealing with the initial crisis, leaving them to better care for students following the crisis.

Virtual Video Interviews*Ramada Oasis Inn - Kalahari*

Suggested Audience: MACS, MSCA, MSNA, All Divisions

Presenter: Kris Baldwin, Youth Projects Coordinator/IT Specialist, Workforce Investment Board of Southwest Missouri

Facilitator: Tawni Boman, Career Curriculum Specialist, Lee's Summit R7 School District, Lee's Summit, MO

Summary: Learn how Virtual Video Interviews can be an integral part of the Career and Technical Education Curriculum.

Autism Part II*Ramada Oasis Inn - Sahara A*

Suggested Audience: MSNA, MSCA, MACS, All Divisions

Presenter: Candace Cameron, Special Education Case Manager, Van Horn High School, Independence School District, Independence, MO

Facilitator: Kelly Byrd, VRE, Lebanon Career Center, Lebanon, MO

Summary: Autism is a disorder that presents with a variety of symptoms; therefore, there is not an "all purpose, one size fits all" method to use when working with individuals with autism. Your PSRS (Public School Retirement System) Benefits

Ramada Oasis Inn Conference Center - Grande Ballroom

Suggested Audience: All Levels (General) MSNA, MACS, MSCA

Presenter: PSRS Representative

Facilitators: Kelly Byrd, VRE, Lebanon Career Center, Lebanon, MO; Tawni Boman, Career Curriculum Specialist, Lee's Summit R7 School District, Lee's Summit, MO; and Cindy Berti, School Counselor, Holt High School, Wentzville, MO

Summary: Are you interested in learning more about your retirement plan? No matter where you are in your career, learning about the Retirement System and keeping up with changes that occur will allow you to make well-informed decisions that benefit you, your family and your financial security. During this Program, a PSRS Representative will cover the advantages of a defined benefit plan; funding; contributions; beneficiary designation; the benefit structure including disability and service retirement eligibility; benefit calculations; payment plans; purchases; working after retirement; Social Security; and Medicare. This program is a live presentation accompanied with a booklet titled, Your PSRS Benefits or Your PEERS Benefits. There will be an opportunity at the end of the presentation for questions and answers.

“Connecting Common Core with CTE: “Signposts” to Guide the Journey Toward College and Career Readiness”

Opening Keynote Speaker: Michelle Shearer, 2011 National Teacher of the Year

Teachers of all subject areas strive to provide students with the skills and habits of mind needed to succeed in school, the workplace, and in life. The Common Core Standards support this mission by providing “clear signposts along the way to the goal of college and career readiness for all students,” including students with academic and vocational interests and students with special needs. Michelle Shearer, 2011 National Teacher of the Year, will discuss strategies for connecting the Common Core Standards to any discipline and incorporating 21st century competencies into daily lessons. She will also share insights from her national travels and educational exchanges with teachers in China, Japan, and Singapore and highlight instructional themes that connect us all.

Awards and Recognition presentations will begin at 5:15pm.

Wednesday, July 25, 2012 (Cont.)***Concurrent Sessions I and II (Cont.)*****9:45 a.m. - 10:45 a.m.****Transforming Career Decision-Making with Missouri Connections (PD 1,2,3,4)***Ballroom II*

Presenter: Tom Schlimpert, Supervisor, Guidance and Counseling, Office of College and Career Readiness, DESE

Session Description: Join this introductory overview session to learn how Missouri Connections, the free, web-based education and career planning program can assist you in helping students develop viable plans for their post secondary experiences. Program features that support the work of counselors and teachers including accessing career information, assessments, portfolios, resumes, career education curriculum and several new features will be addressed.

Facilitator: Cheryl LeFon

9:45 a.m. - 10:45 a. m.**Managing Student Behavior in All Labs (PD 1,2,3,4)***Ballroom III*

Presenters: Missouri Teacher Educator Council Members

Session Description: This session will explore efficient and effective classroom behavior management for FCS and Human Services labs in food, clothing, interior design, and child development. Safety concerns, connecting labs to content, and competencies and samples will be shared.

Facilitator: Samantha Cosper

9:45 a.m. - 12:00 p.m. (Two hour session)**American Culinary Federation Knife Skills Training (PD 1,2,3,4)***Ballroom IV*

Presenter: Jon Dye, Instructor, Waynesville Career and Technical Center, Waynesville, MO

Session Description: Learn classical French knife cuts used in culinary arts classrooms according to the American Culinary Federation standard. Techniques will be demonstrated and attendees will have hands on experience. All attendees for this training MUST wear their chef's uniform, and bring a cutting board and knives. (Maximum of 30 people.)

Facilitators: Cheryl Landers, Parrie Bayles

Wednesday, July 25, 2012 (Cont.)***Concurrent Sessions I and II (Cont.)*****9:45 a.m. - 10:45 a.m.****iPad App that Makes Formative Assessment Easy (PD 2,3)***Conference A/B*

Presenter: Judy Boutz; eInstruction Education Consultant; Interactive Educational Technologies; Parkville, MO

Session Description: Managing the development and delivery of formative assessments has befuddled many an educator! Wouldn't it be great if you could quickly assess and report from your I-Pad without having to manage complex software or grade more tests? What if you could tag all your assessment items and link them to Common Core and State Standards and generate reports in seconds? Come see how teachers can be empowered to deliver assessments that can inform instruction and provide instant feedback to students. See the latest updates with Insight 360.

Facilitator: Vannelle Wingrove

9:45 a.m. - 10:45 a.m.**Research Project Award Winner Presentation - Evaluating the Relationship Between Family Meals and Student Attendance (PD 1,2,3,4)***Conference Room C*

Presenter: Terry Lewis; FCS Department; Hurley R-1 School District; Hurley, MO

Session Description: Presentation of the 2012 MoEFACS Research Project Award winner. The purpose of this study is to examine the correlation between the frequency of students participating in a family meal and daily school attendance rates.

Facilitator: Angela Amtower

9:45 a.m. - 10:45 a.m.**Work Session - By Invitation Only***Conference Room D***11:00 a.m. - 12 :00 p.m.****Words are Not Just Words: Acquiring Vocabulary to Meet Common Core State Standards (PD 1,2,3,4)***Ballroom I*

Presenters: Mary Gage and Regina Higgins; Improvement Consultants; Central Regional Professional Development Center; University of Central Missouri; Warrensburg, MO

Session Description: Acquiring vocabulary is specifically addressed in the Common Core State Standards. Key to vocabulary development are multiple opportunities to use words in many different ways; respond to words using playful informal talking, discussion, reading and responding to what is read. Students need instruction about connections and patterns in language. This session will explore how to differentiate learning vocabulary through reading, writing, listening and speaking.

Facilitator: Krystal Snell

MoEFACS agenda continued on next page.

Wednesday, July 25, 2012 (Cont.)**Concurrent Sessions I and II****11:00 a.m. - 12:00 p.m.****Enrich Your Curriculum with Missouri Connections**
(PD 1,2,3,4)*Ballroom II*

Presenter: Tom Schlimpert, Supervisor, Guidance and Counseling, Office of College and Career Readiness, DESE

Session Description: Missouri Connection has a wealth of lesson plans, activities, and resources that can enrich your curriculum. Join this session for an in depth look at the Missouri Connection middle school and high school career education curriculum design, materials, and features that can be embedded into your units and classroom activities.

Facilitator: Rebecca Milnes

11:00 a.m. - 12:00 p.m.**Organization and Management of Labs – Panel Discussion** (PD 1,2,3,4)*Ballroom III*

Presenter: Missouri Teacher Educator Council Members

Session Description: Learn from our panel of veteran teachers tips and techniques for organizing and managing all types of classroom labs.

Facilitator: Teresa Durbala

11:00 a.m. - 12:00 p.m.**ACF Knife Skills Training (Continued)***Ballroom IV***11:00 a.m. - 12:00 p.m.****Nice to Meet You: An Introduction to Missouri Assistive Technology, Its Services and Its Programs**
(PD 1,2,3,4)*Conference Room A/B*

Presenter: David Baker; Program Coordinator, Missouri Assistive Technology; Blue Springs, MO

Session Description: The mission of Missouri Assistive Technology is to increase access to assistive technology for Missourians with all types of disabilities, of all ages. This presentation will introduce participants to MoAT's programs, it's services and how it can be a readily available resource on all things assistive technology related.

Facilitator: Teresa Picard

Wednesday, July 25, 2012 (Cont.)**Concurrent Sessions I and II (Cont.)****11:00 a.m. - 12:00 p.m.****LifeSmarts as a Classroom Resource - Lesson Plans, Activities, Assessments ...** (PD 1,2,3,4)*Conference C*

Presenter: Merilee Thoenen, Supervisor, Family Consumer Sciences and Human Services, DESE

Session Description: LifeSmarts is a national online resource from the National Consumers League. Teens can learn about personal finance; consumer rights and responsibilities; technology; ecology; and health and safety. It is appropriate for students in grades 6-12. There are no costs involved in using the site and no competition fees. During this presentation, you will learn about the website features that include teacher resources, lessons, activities and the opportunity for teams of teens to compete in the TeamSmarts (a monthly online competition) and the LifeSmarts online competition (which runs from September to January).

Facilitator: Regina Rainey

Presenter: Josephine Fritts, Lead Instructor, Early Childhood Program, Ozarks Technical Community College; Springfield, MO

Session Description: This session will demonstrate how using American Sign Language with young children can facilitate language acquisition. This is an interactive session in which participants will learn functional sign language that they will be able to demonstrate and share with others. Attendees will leave knowing how to use basic sign language.

Facilitator: Beth Waldrup

12:15 p.m. - 1:45 p.m.**Special Function Luncheon (PD 1,2,3,4)***Ballrooms*

Presiding: Wanda Malin, Chairperson, MoEFACS Special Functions Committee

Not "Retired," But "Redirected"

Speaker: Susan Faseler; Marketing Director and Co-Owner; Southern Oaks Inn; Branson, MO

Susan Faseler who lives in Nixa, MO spent 26 years as a Family Consumer Sciences High School instructor. After retiring, Susan found that she really had not "retired," but "redirected" her career to become the Marketing Director of their family-owned hotel, Southern Oaks Inn in Branson, MO. What she learned by teaching Family Consumer Sciences has helped prepare Susan and her family for their current adventure and their appearance in a reality show on the Travel Channel! Susan will share their experiences along the journey and during their Travel Channel appearance. <http://southernoaksinn.com>

Presenter: Grant Black; Director; Center for Entrepreneurship and Economic Education; University of Missouri - St. Louis; St. Louis, MO

Session Description: Come get a preview of the recently revised Financial Fitness for Life grades 9-12 curriculum that prepares you to teach students to make informed decisions about earning an income, saving and spending, using credit, and budgeting. All lessons are tied to the Missouri competencies for personal finance.

Facilitator: Regina Rainey

Wednesday, July 25, 2012 (Cont.)**Concurrent Sessions III and IV (Cont.)****2:00 p.m. - 3:00 p.m.****Innovative Teaching Techniques (PD 1,2,3,4)***Ballroom III*

Presenters: Missouri Teacher Educator Council Members

Session Description: Link course competencies and assessments to turn your best practices into next practices.

Facilitator: Kathy Nash

2:00 p.m. - 4:15pm.**Creating Food Art - (Two hour session) (PD 1,2,3,4)***Ballroom IV*

Presenter: Chef Paul Trout; Chef Instructor; Ozarks Technical Community College; Springfield, MO

Session Description: Garde Manger Artistry – Learn professional preparation, plating, garnishing, and food art presentation techniques. All participants MUST bring a cutting board, knives and garnishing tools (set). All attendees MUST wear chef's uniform. (Maximum of 30 people.)

Facilitators: Cheryl Landers, Linda Stinson

2:00 p.m. - 3:00 p.m.**Stepping into the Future: Interesting Ways to Use the iPad to Open Opportunities for Students with Disabilities (PD 1,2,3,4)***Conference Room A/B*

Presenter: David Baker; Program Coordinator; Missouri Assistive Technology; Blue Springs, MO

Session Description: The "iRevolution" has given each of us access to a tool that can profoundly change how we accommodate students with physical, sensory and learning disabilities. This session will review what makes the iPad and similar devices unique tools in education. Apps for various settings and disabilities will also be covered.

Facilitator: Cheryl LeFon

2:00 p.m. - 3:00 p.m.**Children and Obesity (PD 1,2,4)***Conference Room C*

Presenter: Brenda Bell; Human Development Specialist; University of Missouri Extension; West Plains, MO

Session Description: 1.) Increase knowledge regarding the incidence, causes and prevention strategies for childhood obesity; 2.) Provide current, research-based information on the subject of children and obesity; and 3.) Identify resources and activities for teaching the concepts presented. **(Maximum of 30 people.)**

Facilitators: Terry Lewis

Wednesday, July 25, 2012 (Cont.)***Concurrent Sessions III and IV (Cont.)*****2:00 p.m. - 3:00 p.m.****Community Coalition: Bridging the Gap Between Parents, Community, and Schools (PD1,2,3,4)***Conference Room D*

Presenter: Tricia Bridgewater, Psy.D; Vernon County Youth Task Force; Nevada, MO

Session Description: Parent and community involvement is one of the most important factors for a child's academic success. This workshop will identify the advantages of developing a partnership with the parents and the community; successful programs working in other community coalitions; and how to initiate a coalition in your community.

Facilitator: Beth Waldrup

3:15 p.m. - 4:15 p.m.**Personal FUNance with EconEdLive (PD 1,2,4)***Ballroom IV*

Presenter: Barbara Flowers; Senior Economic Education Specialist; The Federal Reserve Bank of St. Louis; St. Louis, MO

Session Description: A 2011 Tech & Learning Magazine Award of Excellence winner, EconEdLive! presents students with new ways of learning vital personal finance concepts, such as the time value of money and the importance of saving. The program includes online interactive programs, simulated chats, podcasts, and flash card multiple-choice questions. Great, effective tools!

Facilitator: Vannelle Wingrove

3:15 p.m. - 4:15 p.m.**What is Math-in-CTE? (PD 1,2,3,4)***Ballroom IV*

Presenter: Kristie Davis, Supervisor, Administration and Accountability, Office of College and Career Readiness, DESE

Session Description: The Math-in-CTE model is a curriculum integration model designed to enhance mathematics that is embedded in career and technical education (CTE) content. It is a process that provides the opportunity for math and CTE teacher teams to work together in communities of practice and to identify where math intersects with CTE concepts and applications. This process leads to the creation of math-enhanced CTE lessons that follow a seven-element pedagogic framework. Premised on five core principles, the research-based Math-in-CTE model has been shown to have a significant positive impact on student learning in mathematics with no loss to career and technical area content.

Facilitator: Kristi Christy

Wednesday, July 25, 2012 (Cont.)***Concurrent Sessions III and IV (Cont.)*****3:15 p.m. - 4:15 p.m.****Prepare Students for "The Relationship" Not Just "The Wedding" Using a Data-Driven Approach (PD 1,2,3,4)***Ballroom IV*

Presenter: Nancy Lenk; Outreach Educator; The Dibble Institute; Troy, MO

Session Description: Young people need help to experience the connection between behavior, self-imagery and healthy relationship skills. The Dibble Institute's newest curriculum, "Prepare, Enrich, Inspire," offers a data-driven approach to customize lessons to Prepare students for challenging new relationships, Enrich current relationships and Inspire students to maintain healthy relationships. Key topics explored are love and attraction, dating, families and marriage.

Facilitator: Cynthia Jackson

3:15 p.m. - 4:15 p.m.**Creating Food Art (Continued)***Ballroom IV***3:15 p.m. - 4:15 p.m.****Innovative Tools and Technology for the Textile Industry (PD 1,2,3,4)***Ballroom IV*

Speaker: Josie Baird; Education and National Programs Manager for B-Sew Inn; Muskogee, OK

Session Description: Take a peek at innovative textile apps that can be utilized within the MoEFACS classroom. iPhones can now digitize embroidery fonts! We'll also explore the impact of advanced technology on other textile tools. As a session bonus, after each item is examined, we'll give it away to a class attendee.

Facilitator: Samantha Cosper

3:15 p.m. - 4:15 p.m.**Passion for "Green" Fashions (PD 1,2,3,4)***Conference Room C*

Presenters: Billie Perrin, Teacher Educator; Lynn Alkire, Melissa Abner, Keli Geisendorfer, College of Education, University of Central Missouri, Warrensburg, MO

Session Description: The purpose of this presentation is to share how sustainability and eco-friendly textile products can be incorporated into the FCS classroom. Sustainable practices and samples of hands-on learning projects in recycling, reusing, reconstructing, and redesigning fashion will be provided. Integration of sustainability service learning activities will be discussed.

Holiday Inn North - Monaco/Ranier Rooms

Opening Keynote Speaker: Barb Bancroft, RN, MSN, PNP

Facilitator: Jodi Hodge

Summary: Widely acclaimed national speaker, noted for her humorous, entertaining and information packed seminars. Today, join Barb down a hilarious trip of memory lane through the last 30 years of nursing and medicine. Barb highlights the many advances in the clinical field, as well as the changes in the workplace over the years. She emphasizes the importance of "keeping up" with the ever-changing world of science and technology; the importance of collaborative care with not only health professionals, but also with patients; and the importance of maintaining one's health while balancing everyone else's lives. You will leave the seminar with a renewed sense of self and professionalism, not to mention laughing your way to the produce aisle.

Bell to Bell Teaching: Motivating Students to Reach Higher Expectations

Holiday Inn North - Cordoba Room

Presenter: Ernema "Bing" T. Boettner, RN, BSN, Health Science Instructor

Facilitator: Alverta Smith

Summary: Come learn practical ways to get your students productively engaged as soon as they get in your class! While adding dignity to your teaching, bell ringers can enhance your subject matter. It can also help smooth students' transition from hallway to classroom.

Rubrics in Performance Assessment: Creating and Revising to Improve Student Learning

Holiday Inn North - Monaco

Presenter: Dr. Bart Washer, Associate Professor and Graduate Programs Coordinator - Department of Career and Technology Education, University of Central Missouri

Facilitator: Maryanna Perry

Summary: How many of us use rubrics when assessing our students? Do we create them ourselves or revise them from pre-developed curriculum resources? Do we use them to "grade" our students or to formatively assess our students? This open discussion will encourage participants to create/revise scoring rubrics in all three learning domains, with the goal of increasing student learning through formative assessment. Interested participants are invited to bring copies of their rubrics for a chance to reflect (and potentially improve) their assessment tools.

Thursday, July 26, 2012 (Cont.)**9:30 a.m. - 9:40 a.m.****Break****9:45 a.m. - 10:45 a.m.****Closing Keynote Session: Beyond Classification***Holiday Inn North - Monaco/Ranier Rooms*

Closing Keynote Speaker: LeDerick Horne

Facilitator: Winnie Anderson

Summary: This keynote presentation provides strategies for increasing the academic performance, self-determination, and self-advocacy skills of students with disabilities. As an entrepreneur and performance poet with a learning disability who has worked as an advocate on the national, state and local level, LeDerick Horne provides a unique perspective on education reform and issues related to creating a more equitable society. This emotionally stirring talk is filled with moving verses and empowering information that will prepare the audience to challenge stereotypes, rethink pedagogy and improve the lives of people with disabilities.

"Preparing All Students for College, Careers and Success in the 21st Century"

Speaker: Michelle Shearer, 2011 National Teacher of the Year

**Upon adjournment of Opening General Session
New Professionals/New Teacher Institute Luncheon***Springfield EXPO Center - Hall 1 - 635 St. Louis St***2:30 p.m. - 2:45 p.m.****MCEA Welcome***Kansas Room***2:45 p.m. - 3:30 p.m.****Connecting the Common Core and CTE: "Signposts" to Guide the Journey Toward College and Career Readiness***Kansas Room*

Presenter: Michelle Shearer, National Teacher of the Year

Description: Teachers of all subject areas strive to provide students with the skills and habits of mind needed to succeed in school, the workplace, and in life. The Common Core Standards support this mission by providing "clear signposts along the way to the goal of college and career readiness for all students," including students with academic and vocational interests and students with special needs. Michelle Shearer, 2011 National Teacher of the Year, will discuss strategies for connecting the Common Core Standards to any discipline and incorporating 21st century competencies into daily lessons. She will also share insights from her national travels and educational exchanges with teachers in China, Japan, and Singapore and highlight instructional themes that connect us all.

4:30 p.m. - 5:30 p.m.**C.O.R.E.: Concentrating on Realistic Education***Oklahoma Room*

Presenters: Michelle Conrad and Larae Watkins*

Description: Concentrating on Realistic Education (C.O.R.E.) is a collaborative effort with the Missouri Center for Career Education, the Missouri Department of Elementary & Secondary Education, and the University of Central Missouri to integrate common core state standards with Career and Technical Education. This session will focus on sharing the process used to develop materials and professional development activities for teachers. We'll introduce participants to the tools developed to date, the professional development structure, and online materials.

4:30 p.m. - 5:30 p.m.**Engaging Activities for Entrepreneurship***Texas Room*

Presenters: Denise Bader and Kari Lemmings*

Description: Denise and Kari will share some activities that can be used to get students involved in an entrepreneurship class or just a unit in another class.

Tuesday, July 24, 2012 (Cont.)**4:30 p.m. - 5:30 p.m.****The Entrepreneurs of Tomorrow are Sitting in Your Classroom!***Colorado A*

Presenter: Pat Palmer*

Description: How do educators nurture the "E in Me" for the students in our classrooms today? What are the risks, really? Hear the stories (and find them in the Dropbox) of many successful youth who have been successful in starting their own businesses. Learn about the Entrepreneurship Challenge hosted by the Missouri Council on Economic Education each Fall and how your students will benefit from this experience. This session will be packed with information and classroom ready!

Concurrent Session I (Cont.)

8:00 a.m. - 9:00 a.m.

Teaching Economics and Personal Finance Through Multimedia

Oklahoma Room

Presenter: Gigi Wolf*

Description: Using podcasts, video and other multimedia can be a fun and interactive way to help students understand economic and personal finance concepts. The Federal Reserve Bank has developed a variety of resources to help teach key concepts such as how to manage credit, understanding supply vs. demand and much more. This session will provide an introduction to these resources and how they can be used in a classroom setting. Session attendees will receive a comprehensive list of all available resources and how to access them.

Concurrent Session II

9:10 a.m. - 10:10 a.m.

Adapt or Die: Advertising in the Age of Social Media

Kansas A Room

Presenter: Mar'Ellen Felin, Springfield Business Journal

Description: Social media is changing the complexion of communication in general and forcing companies, advertising agencies and media outlets to adapt their mindset and ways. Is social media the free panacea we've all been waiting for? Are counting friends and followers a measure of marketing success? What can companies benefit most from social media? Take a critical look at how social media fits in the four P's of a marketing plan.

Don't Get Distracted with What Is New and Shiny

Kansas B Room

Presenter: Matt Sellmeyer, Schilling/Sellmeyer & Associates

Description: There is a place for "new media," but it is about balance because branding still happens with traditional marketing mediums.

Adapting to Change

Kansas C Room

Presenter: John Richardson, Director of Sales and Marketing, Dixie Stampede Dinner Attraction

Description: Generational change impacts the travel and tourism industry quite a bit. Find out what one family attraction is doing about it.

How about Some Common Core with Your Personal Finance?

Arkansas Room

Presenter: Patricia Palmer*

Description: How does a Personal Finance course help prepare graduates to be college and career ready? Are you ready for the transition to Common Core? Be prepared to implement these new standards in your Personal Finance course this year! In this session we will share strategies and curriculum that will put you at the head of the class for implementing Common Core! Bring your plans to share with the group!

Wednesday, July 25, 2012 (Cont.)

Concurrent Session II (Cont.)

9:10 a.m. - 10:10 a.m.

Literacy in the Business Education Classroom

Oklahoma Room

Presenter: Stacie Smith*

Description: Are you wondering how to implement common core reading and writing requirements into your business education curriculum? Do you wonder how you can implement one more new initiative? This session will go through practical applications on how you can use informational texts in your business education classroom within the curriculum you are already teaching.

Concurrent Session III

10:20 a.m. - 11:20 a.m.

DECA Train the Trainer

Kansas A Room

Presenter: Cara Posegate, Professional Development Advisor

Description: Empowers chapter advisors to effectively use DECA in the classroom to promote student-centered learning through rigorous and relevant DECA activities.

Destination Marketing – From the Inside Out

Kansas B Room

Presenters: Laura Whisler, Sean Dixon, Steve Ross, and Susan Wade, Springfield CVB

Description: Learn how a mid-tier city utilizes traditional and emerging media to "cut through the clutter" in the competitive tourism market place. Topics will include paid media advertising, publication production, social/digital media, public relations and graphic design.

Using Lines and Graphs in Marketing?!

Kansas C Room

Presenter: Richard Wood, Fort Osage CTC

Description: Learn how to integrate math concepts into marketing, while discussing profits and projections.

Listen, learn and share ideas at the 15 minute mini-sessions.

8:40 a.m. - 9:40 a.m.**From High School to Small Business Owner via a Unique Entrepreneurial Program at Missouri Western State University***Arkansas Room*

Presenter: Carol Roever*

Description: Learn about a unique program in the Craig School of Business at Missouri Western State University that could enable your students — should they major in business at MWSU — to become entrepreneurs within six months of their graduation from MWSU. This program is the result of a 3-way public/private partnership among Missouri Western State University in St. Joseph, Missouri; Rocky Mountain Chocolate Factory in Durango, Colorado; and Steven L. Craig, entrepreneur, CEO of Craig Realty Group in Newport Beach, CA, and benefactor of the Craig School of Business at MWSU. The goal of the collaboration is the "creation" of entrepreneurs — graduates of the MWSU School of Business — who will own and operate RMCF stores. Each year, seniors in good standing in the Craig School of Business compete to own/operate a Rocky Mountain Chocolate Factory store. Currently, 7 stores are operating in 6 states with an 8th store set to open in November. The competition involves passing an applied entrepreneurship business class and writing and presenting a business plan to a panel of judges which includes university officials, entrepreneurs, RMCF representatives, and Steven Craig. Typically, more than one store is awarded each spring. Come learn more about this unique program that enables students to become entrepreneurs, sooner rather than later.

Wednesday, July 25, 2012 (Cont.)**1:00 p.m. - 2:45 p.m.****Transportation****Collision Repair Instructors I-CAR Curriculum Training Session***ITTC - 111B*

Presenter: John Rude, Instructor, Lex LA-Ray Technical Center

You got the discs and the new online entry level program now what? Let us help you get up to speed in getting this curriculum presented to our future technicians and utilize it to its full potential!

1:00 p.m. - 2:45 p.m.**Service**

TBD

3:00 p.m. - 5:00 p.m.**All Clusters****Class: TBD***LCN - 206*

Presenters: Bart Washer and Lori Cochran
University of Central Missouri

3:30 p.m.**House of Delegates Meeting***University Plaza Convention Center - Iowa Room***7:30 p.m. - 10:30 p.m.****All-Division Social***The Ramada Oasis - 2550 N. Glenstone***Thursday, July 26, 2012****8:00 a.m. - 9:45 a.m.****Carousel Sessions****8:30 a.m. - 10:00 a.m.****Marzano's Nine Instructional Strategies***Location TBA*

Presenters: Ms. Judy King, Missouri Center for Career Education; Ms. Lacey Fischer, Missouri Center for Career Education

Learn how you can use Marzano's nine proven instructional strategies to help manage your classroom and to improve your classroom learning for all students.

Thursday, July 26, 2012 (Cont.)**Integrating the Common Core Standards***Location TBA*

Presenters: Dr. Michelle Conrad, University of Central Missouri; Dr. Larae Watkins, University of Central Missouri

The common academic core standards and the newly-released common technical core standards will help local programs better align and articulate instruction, as well as define the important concepts that all students need to know. This session will help you understand more about the common core and how you can use them to help your students make better learning connections to raise their academic performance.

9:15 a.m. - 11:15 a.m.**MTTA Planners/Cluster/Chair Planning Meeting for 2012***ICW - 108 BC***10:15 a.m. - 11:45 a.m.****Student Performance Assessment in all Three Learning Domains***Location TBA*

Presenters: Ms. Lori Cochran, University of Central Missouri; Dr. Bart Washer, University of Central Missouri

Your students need to KNOW your content, but they also need to VALUE and PERFORM the workplace skills that employers demand. This session will help you plan your student performance assessment in all three learning domains (Affective; Cognitive, and Psychomotor).

10:15 a.m. - 11:45 a.m.**Recruiting and Retaining Women in Trade and Technical Classes***Location TBA*

Presenter: Teresa Willis, Executive Director, Missouri Women In Trades

Do you want to see more girls and women in your trade and technology classes? Learn proven women focused recruitment and retention strategies that you can implement right now! Find out more about how MOWIT can help you achieve your goals of increasing the number of girls entering and completing your trade and technology classes.

11:30 a.m. - 12:30 p.m.**Post-Conference Meeting***The Ramada Oasis - 2550 N. Glenstone - Springfield, MO*

All Chairs, Chair-Elects and Board Members attend
