Summary: Certified pharmacy technicians are certified pharmacy technicians qualified for many positions in the medical fields. They find employment in retail, mail-order, and independent pharmacies, medical offices, health clinics, hospitals, labs, pharmaceutical companies, nursing homes, medical supply houses and insurance companies. The interactive multimedia PassAssured Pharmacy Technician Training Program prepares a student for a pharmacy technician career and to stand for the Pharmacy Technician Certification board exam and become nationally certified. This senior level, semester program is also excellent for students entering medical, nursing or pharmacy school. The program is delivered either on-line or through a CD-ROM. The teacher controls student learning, testing, and monitors student progress on the teacher's computer. This presentation will show the need for nationally and demonstrate PassAssured's high tech delivery system in preparing students for pharmacy technician careers.
