ASSOCIATION FOR CAREER AND TECHNICAL EDUCATION

Whistleblower Policy

General

The Association for Career and Technical Education Code of Ethics and Conduct (“Code”) requires directors, officers and employees to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. As employees and representatives of ACTE, we must practice honesty and integrity in fulfilling our responsibilities and comply with all applicable laws and regulations.

Reporting Responsibility

It is the responsibility of all directors, officers and employees to comply with the Code and to report violations or suspected violations in accordance with this Whistleblower Policy.

No Retaliation

No director, officer or employee who in good faith reports a violation of the Code shall suffer harassment, retaliation or adverse employment consequence. An employee who retaliates against someone who has reported a violation in good faith is subject to discipline up to and including termination of employment. This Whistleblower Policy is intended to encourage and enable employees and others to raise serious concerns within the Organization prior to seeking resolution outside the Organization.

Reporting Violations

The Code addresses the Organization’s open door policy and suggests that employees share their questions, concerns, suggestions or complaints with someone who can address them properly. In most cases, an employee’s supervisor is in the best position to address an area of concern. However, if you are not comfortable speaking with your supervisor or you are not satisfied with your supervisor’s response, you are encouraged to speak with someone in the Human Resources Department or anyone in management whom you are comfortable in approaching. Supervisors and managers are required to report suspected violations of the Code of Conduct to the Organization’s Compliance Officer, who has specific and exclusive responsibility to investigate all reported violations. For suspected fraud, or when you are not satisfied or uncomfortable with following the Organization’s open door policy, individuals should contact the Organization’s Compliance Officer directly.

Compliance Officer

The Organization's Compliance Officer is responsible for investigating and resolving all reported complaints and allegations concerning violations of the Code and, at his/her discretion, shall advise the Executive Director and/or the audit committee. The Compliance Officer has direct access to the audit committee of the board of directors and is required to report to the audit committee at least annually on compliance activity. The Organization's Compliance Officer is the chair of the audit committee.

Accounting and Auditing Matters

The audit committee of the board of directors shall address all reported concerns or complaints regarding corporate accounting practices, internal controls or auditing. The Compliance Officer shall immediately notify the audit committee of any such complaint and work with the committee until the matter is resolved.

Acting in Good Faith

Anyone filing a complaint concerning a violation or suspected violation of the Code must be acting in good faith and have reasonable grounds for believing the information disclosed indicates a violation of the Code. Any allegations that prove not to be substantiated and which prove to have been made maliciously or knowingly to be false will be viewed as a serious disciplinary offense.

Confidentiality

Violations or suspected violations may be submitted on a confidential basis by the complainant or may be submitted anonymously. Reports of violations or suspected violations will be kept confidential to the extent possible, consistent with the need to conduct an adequate investigation.

Handling of Reported Violations

The Compliance Officer will notify the sender and acknowledge receipt of the reported violation or suspected violation within five business days. All reports will be promptly investigated and appropriate corrective action will be taken if warranted by the investigation.

Audit Committee Compliance Officer

ACTE Management Staff

Policy Implemented January 2006, renewed July 2007

Review and Enforcement of ACTE Whistleblower Policy

ACTE established and implemented a Whistleblower Policy in January 2006. The Policy was created to establish and formalize an anti-fraud program and controls with the goal of deterring and detecting potential fraud within the organization.

An annual review of the Whistleblower will occur during the Audit Committee meeting held in conjunction with ACTE Annual CareerTech VISION to make suggestions and or request updates. These changes will be updated by the Senior Director of Finance and Operations and distributed to the Audit Committee and ACTE staff no later than 30 days following the last day of ACTE Annual CareerTech VISION.

The Whistleblower Compliance Officer is the Chair of the Audit Committee. In the event a new Audit Committee Chair is elected, the new contact information will be distributed to ACTE staff no later than one week prior to the beginning of the newly elected Chair's term.

Roles of the Compliance Officer

The Organization's Compliance Officer is responsible for investigating and resolving all reported complaints and allegations concerning violations of the Code and, at his/her discretion, shall advise the Executive Director and/or the audit committee. The Compliance Officer has direct access to the audit committee of the board of directors and is required to report to the audit committee at least annually on compliance activity.

The Compliance Officer will notify the sender and acknowledge receipt of the reported violation or suspected violation within five business days.

ASSOCIATION FOR CAREER AND TECHNICAL EDUCATION

Conflict of Interest Policy

Article I

Purpose

The purpose of the conflict of interest policy is to protect the interests of this tax-exempt organization, (the "Organization"), when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the Organization or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Article II

Definitions

1. Interested Person

Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

2. Financial Interest

A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

- a. An ownership or investment interest in any entity with which the Organization has a transaction or arrangement.
- b. A compensation arrangement with any entity or individual with which the Organization has a transaction or arrangement, or
- c. A proposal ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Organization is negotiating a transaction or arrangement. Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial.

A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

Article III

Procedures

- a. In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.
- b. The remaining board or committee members shall decide if a conflict of interest exists.

c. After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon.

Policy Implemented March 2008

ASSOCIATION FOR CAREER AND TECHNICAL EDUCATION

A. Guidelines for Election of Officers

a. Permitted Campaign Activities

2. Any candidate or a supporter of a candidate (including state associations and affiliate organizations) may speak personally to any other individual or group and ask for support in the election.
3. Candidates may ask supporters to write personal letters of support to colleagues on their behalf. Such letters must be distributed through electronic means.
4. Candidates may send an e-mail blast to division/members via ACTE headquarters. Candidates are allowed to submit uniform emails to ACTE for ACTE to distribute to relevant members through the e-blast system. The e-blast will include all candidates' information.

b. Prohibited Campaign Activities

1. Negative campaigning is not allowed.
2. The development of any printed material such as but not limited to campaign brochures, flyers, posters or any other type of physical, non-electronic material by candidates or their supporters is strictly forbidden.
3. Sales and promotional gimmicks such as campaign buttons or other giveaways are forbidden.
4. Following the nomination for a position, candidates who are current Board members, Policy Committee members, and Standing Committee members or in other leadership positions should not be provided visibility opportunities beyond those typical of their normal duties.

c. Violations of Campaigning Prohibition

1. All complaints regarding possible campaign violations must be submitted to the Executive Committee in writing and signed by the person or group issuing the complaint.
2. The Executive Committee will notify the candidate charged with the violation that a complaint has been filed and give him/her the opportunity to respond to the complaint.
3. The Executive Committee will contact other individuals involved in the complaint such as individuals who may have sent letters that appear to be mass mailings to obtain information about the matter.

4. The information will be compiled and the Executive Committee will make a determination regarding the violation no later than three business days after ballots for the election have been counted.
5. If it is found that the campaigning prohibition was violated, the Executive Committee will determine if the candidate should be disqualified. If a winning candidate is disqualified, the individual with the second highest number of votes will be declared the winner of the election. If a losing candidate is disqualified, he or she will be so informed, but no further action will be necessary.
6. A candidate may be disqualified even if he or she was not personally involved in the campaign activities cited in an official complaint.

Code of Conduct for Board Members

WHEREAS, the Board of Directors of the Association for Career and Technical Education (ACTE) wishes to ensure that it and its individual members maintain a high standard of ethical and professional conduct in the performance of their responsibilities as Directors,
