Provide information on any other additional business & industry partners not listed above. Also, please use this opportunity to briefly explain the unique roles of these businesses in the partnership (if there are more than one involved.)

All three of the businesses named above have had a huge impact on our OHM BOCES Career and Technology center's New Visions program. Every year I can not only look to these sites for guidance as I work to get my students college and career ready but these contacts have graciously and continuously taken on students as interns. They take these students for over 64 hours per rotation where they work one on one with them to give the student a better understanding of careers like communications, marketing, radio and engineering.

Page: Support Information

1. What problem was this partnership developed to solve?

The partnerships between these area businesses and the New Visions instructor works to help make keep the instructor apprised of business and industry needs, they provide professional development opportunities as needed, they assist the school in planning and implementing relevant career and technical decisions and they also offer job site internships for students.

2. What steps were taken to get the partnership started?

All three of these sites where sort out by the New Visions instructor.

3. Describe how the partnership was designed to support high-quality CTE.

These partnerships allow students to received hands on internship experience on the newest equipment in our area, along with one on one guidance at all times.

4. What were the results of the partnership? What was innovative about the partnership or its output? How did it benefit students and the community?

Students learn what it is going to be like on a daily basis in the careers they are hoping to pursue. They not only have been able to intern at these locations but many have gone on to do college internships at these sites and some have been hired after college graduation.

5. What were the lessons learned during the process of building the partnership? What would you have done differently?

If anything I've learned to come out and ask for what I'd like my students to get from these people. I have never been turned down for anything I've asked for. These partners have been amazing with my students and a huge support to me and the New Visions program.

6. Is this partnership sustainable? How do you anticipate it will change in the coming year(s)?

These partnerships have proven very sustainable. All three sites have taken on more and more students every year. I anticipate this partnership growing even more in the years to come.

7. How long did it take to create this partnership?

More than 2 years

8. How large of an investment did the businesses and other partner(s) involved make in this partnership (time and money)?

Although the businesses do not invest financially in the program each site that takes on a student as an intern commits to at least 64 hours. Some sites take on a student each rotation which could mean up to over 250 hours of their time.

9. Would you or an associate be willing to present a session at an ACTE event about this partnership?

No
