

CENTRAL REGION

June 13, 2018

To whom it may concern:

It is my distinct pleasure to support Carrie Scheiderer's candidacy for ACTE Region 1 Vice President. She has earned the respect of the Central Ohio career technical education community with her efficiency and tireless work ethic. Carrie is the consummate professional whose conscientiousness and attention to detail have made her a valuable part of our Central Region Tech Prep team. She embraces leadership roles with confidence and helps foster collaboration and cooperation with her demeanor and respect for others. She took a key leadership role in the lobbying effort in the spring of 2017 to restore Tech Prep funding in the state budget. She is a staunch supporter of career technical education and strong student advocate. Her experience, leadership, and character make her an ideal candidate for an office in ACTE. I recommend her without reservation. If I can be of any further assistance or provide you with any additional information, please do not hesitate to contact me.

Sincerely,

David R. Gorenflo, Consultant

Dear Region I:

It is with much enthusiasm that I recommend Carrie Scheiderer for the position of Region I Vice President.

I had the pleasure of working under Carrie at this years Region I conference in Maryland as a conference committee member. As a volunteer on this committee, I had the opportunity to witness and experience Carries leadership qualities, organization, ability to motive member volunteers all while providing a useful platform for collaboration and the delegation of tasks/responsibilities. Within the role of Conference Chair, Carrie has proved her strengths as both a motivator and organizer. Carrie is a very structured individual and her ability to prioritize needs for the region naturally develops into goals and action plans.

In addition to Carries leadership qualities, she is a very personable individual. She is very approachable, is pleasant and funny! A great attribute to have as the representative of Region I. I first met Carrie at an ACTE National conference and she immediately left a lasting impression. The following year we met up again at the Region I New York conference where she motivated me to get more involved. Her positive and supportive nature has made me want to become more involved at a national level. Since the first time we met, Carries has always been there when I reach out and her support is truly invaluable. I'm sure that my ever positive experiences with Carrie is just one of many!

Please let me know if I can provide any more information to strengthen Carrie's candidacy for Vice President of Region I.

Carrie has a great vision of Region I, and I trust her dedication and tireless work ethic will make Region I shine.

Sincerely,
Kyla Korytoski

Dear ACTE,

I fully support Carrie Scheiderer and her nomination for ACTE Region 1 Vice President and will provide approval for her to attend all ACTE Board Meetings and related events.

Carrie has served as the Central Region Tech Prep Consultant at Central Ohio Technical College since 2011. This year she took on additional responsibility and is now serving as the Central Region Tech Prep Chief Administrator for Central Ohio. Carrie is very involved in multiple career-technical organizations and would be a great asset to Region 1 as the incoming Vice President.

This year Carrie served as the ACTE Region 1 Conference Chair and also on the ACTE Region 1 Policy Committee. I fully support her nomination for this new role as Region 1 Vice President and think she would do a great job leading the region.

Sincerely,

Dr. Lauri White
