NORTH CAROLINA ASSOCIATION FOR CAREER & TECHNICAL EDUCATION

With more than 86 years of experience, the North Carolina Association for Career and Technical Education (NCACTE) is the professional association for all career and technical educators at the state level, offering services to career and technical education (CTE) professionals. Membership in NCACTE is available to any CTE teacher, administrator, and/or support staff person that may be involved at the middle school, high school, central office, community college, or the university level. NCACTE services and benefits include the following:

- Employs a professional lobbyist to manage our legislative advocacy efforts.
- Publishes a weekly legislative newsletter.
- Provides professional development opportunities.
- Provides a NCACTE website at www.ncacteonline.org.
- Provides an awards program that recognizes outstanding accomplishments as a CTE professional.
- Publishes three editions of NCACTE NEWS per year.
- Manages the Exhibit Trade Show during the NC Department of Public Instruction's CTE Summer Conference.
- Sponsors a Fall and Spring Professional Development workshop.
- Sponsors a training workshop for state level officers and committee members during the NC DPI CTE Summer conference.

As a CTE educator you may join NCACTE and the national organization, ACTE. By joining both of these professional associations, you will receive information from both a national and state perspective, have access to peers in state and across the country, and benefit from state and national advocacy. Working together, ACTE and NCACTE give you the tools, resources, and information you need not only to be a successful educator, but also to help you guide America's future workforce and develop the next generation of CTE educators.

ACTE and NCACTE are committed to your individual success and the promotion and support of CTE as a whole. We are the only professional organizations that are totally committed to serving the interests of career and technical education. The advocacy efforts alone justify the small price you must pay to become a member. Thank you for being a part of your professional organization.

NCACTE BOARD OF DIRECTORS

2018-2019

Executive Committee

_____ 1)	President.....	Kaye Harris

July 19-23, 2020	CTE Summer Conference, Koury Convention Center, Greensboro, NC

NCACTE website: www.acteonline.org/northcarolina

NCACTE STRATEGIC PLAN

The primary objective for 2018-2019 will be to provide opportunities for NCACTE members in an effort to increase membership and add value to current membership incentives. This year's theme "To boldly go" will help our organization to focus on taking bold but necessary steps to strengthen NCACTE, create a seamless partnership with ACTE and maintain current membership levels despite increased dues.

Goal 1: Strengthen the working relationship between NCACTE and ACTE by leveraging ACTE resources to enhance member value.

- Utilize ACTE materials to recruit new members and promote the benefits of membership to members that only paid NCACTE dues prior to reunification.
- Utilize ACTE services to streamline administrative tasks, resulting in conservation of man-hours and financial resources.
- Cooperate with ACTE to plan and implement the Region II ACTE conference in the summer of 2019.

Goal 2: Strengthen the working relationship between NCACTE and NCDPI.

- Provide professional development opportunities in conjunction with DPI that extends beyond Fall and Spring Professional Development Workshops. Online and regional opportunities for professional development will provide teachers with additional resources for classroom use.
- Strengthen leadership and advocacy opportunities with DPI.

Goal 3: Strengthen the working relationship between and within NCACTE committees.

- Revisit the committee purpose and develop new ways to implement committee goals.
- Increase participation in committees by developing additional methods for conducting meetings. Explore the potential for meeting through online methods or conference calls.

Goal 4: Institute an NCACTE board retreat for the fall of 2018 in conjunction with the Board of Directors meeting.

- Complete a SWOT analysis to determine the Strengths, Weaknesses, Opportunities, and Threats currently facing NCACTE.
- Using analysis outcomes set goals for the 2018-2019 year to strengthen the organization and its benefits to members.

NCACTE MEMBERSHIP PLAN 2018-19

A. Establish goal and philosophy for membership

Recruit membership and work with ACTE to increase awareness of benefits that are available to members.

B. Goals and philosophy accepted by Board:

1. Membership retention is a primary goal and responsibility of the Divisions of NCACTE and members of the NCACTE Board of Directors. We understand that this involves personal contact of potential members by Division officer and NCACTE Board members. Also, we understand that a commitment of financial resources will be required to accomplish this goal.
1. Provide membership materials from ACTE.
2. Division President will ensure all potential members understand the Unified membership plans.
3. Division presidents should report the Membership Committee Chairperson of their plans at the committee meeting during Summer Conference.
4. Encourage retired educators to join and act as an ambassador across the state.
5. Encourage Career and Technical Education Directors to recruit members using local and ACTE ambassador.
6. Encourage membership recruitment at all local, state, and national meetings.
7. Provide and publicize member benefits through social media, websites and local districts.

North Carolina Association for Career and Technical Education

Legislative Platform

Approved by Assembly of Delegates on July 26, 2017 and 2018

Legislative Platform

2017-2019 Biennium

2017-2019 Biennium

NCACTE will continue to keep legislators and other policymakers informed on how Career and Technical Education positively affects graduation rates and lower dropout rates statewide. To accomplish this platform, NCACTE supports:

- Keeping in place, and preferably increasing, the current level of state funding and innovative programming for CTE.
- Funding and support for Career and Technical Student Organizations and enhanced recruitment and retention efforts for CTE personnel.
- Ensuring that CTE is an integral part of dropout prevention, workforce development, and economic development programs. NCACTE will closely monitor legislation that relates to CTE students in public schools and community colleges.
