## EXECUTIVE DIRECTOR'S MESSAGE

Ruth Huff, NCACTE Executive Director

After a great summer Conference we are all ready to get the school year off to a good start. Looking back this was the best exhibit show we have ever had at Summer Conference.. We also were able to get sponsors for our teacher of the year award winner. Goodheart Wilcox and CEV Multimedia were kind enough to give \$100.00 each for the award winner. This is a first for North Carolina. We plan to search for more sponsors in the coming year for award winners and other recognitions. We will be meeting soon with the Department of Public Instruction staff to begin planning Summer Conference 2019. Now we are preparing to begin our year's work at the NCACE Professional Development Seminar in Kinston, NC. The Lenoir Community College had agreed to allow us to use their facility for our meetings. Jessica Shimer from Lagrange and Teresa Murphy are finalizing tours and informative sessions. The meeting dates are October 14-16, 2018. Please get the information and register as soon as possible. If you do not have this information please contact me and I will provide you with this information. There will also be a board retreat to aid this group in becoming a team. We will also have a fun gathering on Monday afternoon by the pool at the hotel with fun, door prizes (you must be present to win) and a silent auction. Following this activity you can enjoy your dinner where ever you choose and get plenty of rest for the following day.

**Needed:** There are so many opportunities to begin developing your leadership skills in NCACTE. We have quite a few committee positions that are open for you to choose. This commitment only takes a little time and work on your part. I know everyone wants to have a voice in the decisions we make for CTE. The committee appointments require that you attend 3 committee meetings a year. One at Fall conference, one in the spring and the last at Summer Conference. Please contact me if you would like to become active in the leadership of this great organization. Please include NCACTE activities in your plans this year.

ACTE has developed an installment plan assisting only North Carolina members to pay their dues in 4 monthly payments. Many members are taking advantage of this new program. You must join on line and you will find the information at the bottom of the application to pay in installment. You will become a member as soon as your first payment is made. If you have any trouble utilizing this method please let me know. We really want to increase our membership so we become a much stronger organization.

In 2019 North Carolina will be the host state for the Region II ACTE conference. This is an honor and we plan to make it a memorable conference. ACTE and the NC conference committee have chosen Winston Salem as our site. Just think you can attend a national conference right here in our back yard. The conference dates are September 19-21, 2019. Please consider joining us at this great staff development opportunity. We will be looking for others to assist us in the planning, so get ready. There will be opportunities to become a presenter, as well as a planner, or facilitator.

Also remember the Region II conference this year will be in Louisville, Kentucky, and The ACTE VISION conference will be in San Antonio, TX. If you are planning to attend either of these conferences please let me know. We also have a candidate from North Carolina for the Region II Vice President and to become a part of the ACTE Board of Directors. Congratulations Elaine Webb. We wish you much luck.

## **From Your President....**

**Kaye Harris**

Hello NCACTE members.

I hope that all of you have had a wonderful start to the school year. It seems as though no matter how hard I try there are always things I don't get finished on my summer to-do list. When people ask me if I'm ready to start school, I never feel like I actually am ready because of the growing list of things I want to accomplish.

I have a pretty strong suspicion that I'm not the only person that feels that way. We all have a way of adding more things to our plate, putting too many irons in our fires, and biting off more than we can chew. No matter how you say it, we're busy. As CTE teachers our busyness is increased by having to prepare for hands-on labs, sponsoring CTSOs and fitting in our curriculum.

Do you ever sit back and ask the question "why", though? Who in their right mind would choose to do what we do? I nearly lost my mind last week when I sent a Remind message to my students one morning so that they would remember that we'd be going outside for a lab. I got a response from a parent questioning the timing of my reminder even though I had told the students for three days straight that we would go outside and this was a courtesy message. Did I sign up for this kind of abuse?

Then you have those little moments when you can see light despite the darkness: moments like students stopping by to visit even though they don't have your class this semester, being tagged on Facebook by former students when they're asked about their favorite teacher, receiving letters years after a student graduates thanking you for the difference you made in their lives.

Friends, we have a choice to make. Either one of these situations can define our day, our year and our career. We can choose to be angry at that parent, student or administrator that doesn't see things our way, or we can choose to find glimpses of light in the everyday busyness of life. Whether or not we choose to be, we are heroes to someone.

This year I challenge you to seek out the best parts of CTE. When the busyness and craziness seems to be too much and your "to do" list is never-ending, stop, breathe and realize that you are enough.

My prayer for each of you is that you will have your best year ever. Thank you for being a part of NCACTE.

*Knowledge that empowers*

**ENROLL NOW!**

### PROGRAMS OFFERED:

- **Agriculture Education**

Designed to provide the entrepreneurial and technical skills necessary to manage a profitable, environmentally sound, community based small farm or agricultural business.

- **Computer Engineering Technology**

Prepares the students to use basic engineering principles and technical skills for installing, servicing, and maintaining computers, peripherals, networks, and microprocessor and computer controlled equipment.

- **Horticulture Technology**

Focuses on the general production and management of cultivated plant, shrubs, flowers, foliage, trees, groundcovers, and related plant materials; the management of technical and business operations connected with the horticulture services; and the basic scientific principles needed to understand plants and their management and care.

- **Industrial Systems Technology**

Prepares or upgrades individuals to safely service, maintain, repair, or install equipment. Instruction includes theory and skill training needed for inspecting, testing, troubleshooting, and diagnosing industrial systems.

- **Mechanical Engineering Technology**

Prepares students to use basic engineering principles and technical skills to design, develop, test, and troubleshoot projects involving mechanical systems. Includes instruction in principles of mechanics, applications to specific engineering systems, design testing procedures, prototype and operational testing and inspection procedures, manufacturing system-testing procedures, test equipment operation and maintenance, computer applications, critical thinking, planning and problem solving, and oral and written communications.

- **Sustainable Agriculture**

Focuses on agricultural principles and practices that, over the long term, enhance environmental quality, make efficient use of nonrenewable resources, integrate natural biological cycles and controls, and are economically viable and socially responsible; and that may prepare individuals to apply this knowledge to the solution of agricultural and environmental problems.

# Administration Division

The 2018 Career and Technical Summer Conference began on July 22-26 at the Koury Convention Center in Greensboro. At the NCACTE 's luncheon each region had chosen a CTE Director of the Year. In the photos below are directors from different regions.

Chris Bailey- Southeast Regional CTE Director formerly from Craven County Schools (left)

Georgia Harvey- Southwest Region Director from Stanly County Schools (right)

Lynn Hartley, Central Region CTE Director from Harnett County Schools (left)

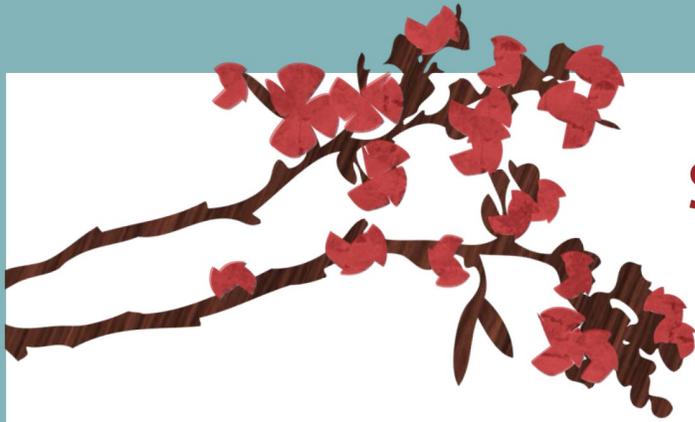

Susan Gnatt- Northwest CTE Director from Alexander County Schools (right)

Jill Cohen- Northeast Region CTE Director from Perquimans County Schools (left)

Aleasa Glance- Western Region CTE Director from Haywood Schools (not pictured)

These individuals were chosen by their peers in their region, due to their hard work, innovative ideas, ability to collaborate and leadership skills as a CTE Director. We salute all their efforts.

**Interactive Flat Panels?**

Traditional classroom projector systems are hard to calibrate, burn through expensive bulbs quickly, and often require dark classrooms—meaning the teacher can't keep eye contact with students. Spend less time fighting your tools and more time focusing on what's important—your students. Clear Touch Interactive® offers ultra high-definition, touch-friendly flat panels with superior audio and less maintenance, for a superior learning experience.

**The New 6000U Series offers:**

- ESTIMATED 15 YEARS OF SERVICE LIFE\***  
 No bulb replacements, no filters to maintain and no calibrating.
- MULTI-TOUCH EXPERIENCE**  
 20 points of simultaneous touch that works in any light and is especially useful in table mode.
- INCLUDED COMPREHENSIVE SOFTWARE SUITE**  
 Use our software with no licensing fees - or yours! Clear Touch™ panels include Interactive lesson planning, BYOD, remote management, lesson recording and editing, and remove user access.
- EASY TO USE**  
 No long training sessions or complicated installation needed.
- MORE CONNECTIVITY**  
 PC, MAC, Android, IOS, Chromebook - pick your flavor.
- ACCESSORIES**  
 Multiple options for wall mounts, adjustable wall mounts and mobile stands as well as optional onboard PCs.

Is now the time to consider interactive flat panels?

## NCACTE- Family and Consumer Sciences Division

### **Blast Off! We are now FCS!**

You will notice a shift in the abbreviation used for Family and Consumer Sciences. As states, schools, higher education institutions, and agencies have developed their Family and Consumer Sciences programs, they have found it convenient to refer to the program with an acronym or abbreviation. There have been two "standard" ways of abbreviating Family and Consumer Sciences that have been widely used: FCS and FACS. The field has been aware of some concerns about confusion that might arise with the two abbreviations. So, to eliminate those concerns and provide clarity and consistency for the field, we have all agreed to use FCS as the standard acronym or abbreviation for Family and Consumer Sciences. In many instances, you will find that using the full name spelled out as Family and Consumer Sciences provides the most clarity and we encourage, and in fact prefer, usage of the full name whenever possible. However, when it is necessary or preferable to use an acronym or abbreviation, please be sure to use the initials FCS. To provide the most clarity when referring to this field in documents, please use "Family and Consumer Sciences (FCS)" the first time the field is named in the document and then to use "FCS" in following passages. Thank you for supporting this move to increase clarity and consistency.

### **NC FCCLA Well Represented at Nationals!**

**The 2018 FCCLA National Leadership Conference** was held in the City of Atlanta, Georgia from June 28th to July 3rd. The National FCCLA delegation was comprised of over 7,500 students, three hundred of which were from the State of North Carolina. Two students from TC Roberson High School represented the State of North Carolina in the National fashion show. The Weaverville Tribune in Buncombe County received the FCCLA National Media Award. Students were involved in the FCCLA National Program scavenger hunt, and they attended workshops that were a part of the FCCLA National Leadership Academy. Several North Carolina members participated in the Run4Red Glow Run 5K, competed in STAR events and North Carolina was represented on the National Media Team. The State of North Carolina attended the National Opening, Closing, Recognition, and Business sessions, and the State Officers led the two North Carolina State meetings as well as the North Carolina Recognition Session. Keri Weddle, Brianna Isaacs, and Nate Worley served as the North Carolina State delegates at the National Business Session, and they took part in determining the members of the 2018-19 National Executive Council. Andrea Shealy represented North Carolina as a National Officer Candidate. As the North Carolina State Executive Council works toward our state goals this school year we encourage all advisers to go to the NC FCCLA website and request for a State Officer to visit your chapter. We would love to visit FCCLA chapters across the State to encourage students to **BE**lieve in **YOU**rself!

# Guidance Division

The 2018-2019 Guidance and Career Development leadership team would like to wish you a great start to the school year and thank everyone who made Summer Conference 2018 amazing as always. A special thanks go Jeff Snead for all his hard work making the CDC/SPC Round Tables session at Summer Conference a hit as always. We are looking forward to the great things to come this year with our amazing Leadership Team leading the way.

We also can't wait to see you at the Fall Mini-Conference on November 5 & 6, 2018, in Sunset Beach! You gave us great ideas at summer conference for breakout sessions and speakers—Thank You! Now we are ready to start registration. Here is the link—[insert link here]. Registration will close on October 15<sup>th</sup>. Nancy Harris, our President-Elect, is the conference committee chair. If you would like to present, suggest a speaker, volunteer to help, organize an activity, or just want to say hello, please contact her: [ndharris@wsfcs.k12.nc.us](mailto:ndharris@wsfcs.k12.nc.us) or 336.749.0882 (cell). All volunteers are welcome!

The conference will be held at the Sea Trail Resort Conference Center just moments from the beach. ALL of the accommodations at Sea Trail are at the current state rate and range from 1 bedroom, hotel-style rooms to 4 bedroom villas. Every space has kitchenettes, so you can dine in OR eat out at one of the nearby restaurants. We have access to the on-site activities center (exercise, pool, etc.) and the on-site golf courses. Please call Sea Trail as soon as possible to make your reservations. We have a block of rooms reserved—just ask for the NC CDC Conference block. Many folks will be arriving on Sunday afternoon, so we will have a few fun activities planned, weather permitting.

Please help us get the word out! We want to have as many new folks attend as possible—and would love to see everyone in Sunset Beach in November! The weather in Sunset Beach is still warm in early November. AND you can use the same state rate for up to 3 days BEFORE or AFTER our conference to extend your stay, too!

## Hands-on Practice Now Means Improved Patient Outcomes Later

Pocket Nurse® offers medical supplies for healthcare simulation education. Turn your classroom into a hands-on learning experience for your CTE students with the right solutions.

**Through a statewide Term Contract for manikins, accessories, software, and services, your organization can now purchase 3B Scientific, Life/form, and Simulaids solutions from Pocket Nurse.**

The contract, awarded through the State of North Carolina E-Procurement allows state agencies to contract with approved vendors without going through an additional request for approval.

Our goal is to give you top-of-the-line educational simulation solutions. Students and their future patients benefit from practice with real medical products, task trainers, simulated medications, and manikins.

**Please contact your dedicated account manager for the state of North Carolina for more information, pricing, and quotes.**

## **ACTE MEMBERSHIP** **NEW Installment Plan for Dues**

ACTE has established a new installment plan for North Carolina members to pay in 4 installments in order to join our Association divided over 4 consecutive months. You must pay online and use a credit card. The first payment will be made when you join and then you will be charged for installment for the next 3 consecutive months.

Example:

1st payment upon initial joining - Approx. \$35.00 charged to your card.  
2nd payment (one month after first payment) - Approx. \$35.00 charged.  
3rd payment (one month after second payment) - Approx. \$35.00 charged.  
4th payment (one month after 3rd payment, now paid in full) - Approx. \$35.00 charged.  
Total Dues—\$140.00

*(If you join the Administration or T&I division, your payments will vary due to a difference in division dues.)*

You must pay on the website. See application form. You will complete the form as usual and then just before you pay you will see the option for installments. You will become a member with the first installment.
