

NATIONAL POLICY SEMINAR

March 24-27, 2019 || Arlington, Virginia

The 2019/20 PLSP-ECMCF Fellows with U.S. Department of Education Deputy Assistant Secretary Dr. Casey Sacks

The twenty selected PLSP-ECMC Foundation Fellows met with postsecondary CTE leaders from around the country who shared their experiences in developing innovative programs, leading organizational change, and meeting rapidly changing community needs.

Advocacy is one of the important dimensions of leadership in the PLSP-ECMC Foundation curriculum, and the NPS was the perfect opportunity to gain some experience. Many of the fellows joined with colleagues from their state and carried the ACTE legislative message to meetings with their Congressional delegation.

"I didn't realize going in how important this program was to ACTE; I just saw an opportunity to better myself. I now realize that everything I do in the program carries some serious weight and want to make sure that I am leaving the best impression possible while learning as much as I can along the way."

-Torrie Costantino

2019 PLSP-ECMC Foundation Fellow
