50th Annual Joint Summer Career and Technical Education Workshops  
and Missouri ACTE Conference

## Welcome

Welcome to the 50th Annual Joint Summer Career and Technical Education Conference! I have never been more sure of and proud of CTE in my life! What an eye-opening year of

experience this has been! CTE has arrived! With CTE being given the nod by our President and our Governor, now more than ever we need to showcase our product! Don't let this opportunity slip by you. This has been a great year of assessing and re-building our organizational infrastructure. With each division represented, we have spent the year on strategic planning and consider our efforts to be on target. Thank you to Brandon Russell for taking the lead on this project. Our financial position looks great after many previous struggles, and we are focusing on increasing membership. Our voice is bigger with numbers! Both the State and National organizations care about you as a member and we are working on ways to make membership beneficial to you. A special thanks to Mike Graham and Karen Mason for making the trip to St. Louis with me to interview with Mike Ferguson, Producer and Host of Missouri Viewpoints (MissouriViewpoints.com) for television and radio productions aired across the state, prompted by Governor Parson's State of the State remarks, naming Career Education/Workforce Development and Infrastructure his 2 main goals. We will also be working on a Missouri ACTE Media Tour in the next year. It is our goal to showcase our high quality career and technical programs across the state, emphasizing skills that could translate into a career right out of high school, and making use of the stackable CTE certifications, licenses and degrees that CTE is known for. CTE is the most effective way to address the skills gap, making sure students are prepared for their future while filling the high demand, high wage jobs that can keep students in their home community.

We had great success advocating for CTE in Washington, D.C at National Policy Seminar in March. Missouri was represented well, and legislators were particularly eager to hear our message. I would encourage each of you to experience this at least once in your career!

We have made a few changes to our conference this year. Committee meetings will be Monday afternoon. There will be a mandatory board training in Tuesday afternoon sessions. If you are on the board, please plan to attend! We will hold the awards on Tuesday at 4:30 PM. And finally, the Springfield Cardinals Baseball game on Wednesday!!! Please take a look at these in your Conference program book.

Thank you for the opportunity to serve you this past year as your President. I look forward to continuing to serve each of you and the association. I am excited for the future of CTE, and I wish you all the best conference experience ever! Here's to another 50!!

**Wendi Bernt, MOACTE President '18-'19**

## Tuesday Afternoon Breakout Workshops

### Breakout Workshops Descriptions

**10:00 a.m. – 11:30 a.m.**

Sahara Room (Holiday Inn)

#### **Helping All CTE Learners Succeed: Navigating and Managing IEPs, 504s, and ELLs**

Kristi Hodson, Carthage High School  
Teaching numerous preps makes it especially difficult for Career & Technical Education teachers to manage AND implement differentiated instruction. Learn simple techniques you can apply in your classroom that will help you both manage and meet the needs of your ELL, Special Education, and Regular Education students. You will walk out of this session with resources.

**1:00**

Granada Room (Holiday Inn)

#### **Burnout Happens: What It Is & How to Avoid it**

Brad Lademann, Resource Center Coordinator for the Missouri AfterSchool Network (MASN)  
Burnout is a very real problem that is often experienced by administrators and staff in the world of education. Come learn what burnout looks like and take away strategies to help staff stay mentally healthy.

**1:00**

Monaco Room (Holiday Inn)

#### **Apps with Class; Design, Don't Assign**

Tonya Skinner, Jackson High School  
With so many schools implementing student devices, increasing online learning opportunities and employing flipped classroom models of teaching, it's easy to think of the "app" first and the effectiveness second. In this session, learn how to better design a lesson using apps and websites that engage students. Revisit some old favorites with a new twist, such as Kahoot and Quizlet, and learn how to create effective hyperdoc lessons that incorporate a mix of web apps that will supplement learning your classroom.

**1:00**

Ranier Room (Holiday Inn)

#### **Going Paperless in CTE!**

Krystle Gremaud and Michelle Conrad,

University of Central Missouri

Ever thought about going paperless but don't know where to begin or how? Come discuss ideas and tools to help you go green! We'll share how we got started including the apps and resources we use and the challenges we've experienced along the way. Participants are encouraged to bring their great ideas, too!

**1:00**

Atrium (Holiday Inn)

#### **Technology Integration in the Classroom**

Tracey Eatherton, Ste. Genevieve High School  
Our access to technology in the CTE classroom continues to grow. During this session, free technology tools for use the CTE classroom will be shared, as well as innovative strategies for using well-established technology resources. Bringing your own charged device is encouraged, but not required during this fast-paced, high energy, super-engaging presentation.

**1:00 p.m. – 3:00 p.m.**

Coco Ballroom (Oasis Hotel)

#### **MOACTE Board of Directors Leadership Training**

LeAnn Wilson, ACTE Executive Director

The goal of this workshop will be to provide an orientation and leadership training to the new and current Missouri ACTE Board of Directors. LeAnn will inform leaders about duties and responsibilities when serving as a board of director's member.

## *Breakout Workshops Descriptions (cont'd)*

1:00

Sahara Ballroom (Oasis Hotel)

### **State CTE Advisory Council**

Steve Bryant, Missouri Career Pathways  
Manager Office of College and Career Readiness  
David Webb Co-Chair of the State CTE Advisory  
Council

The State CTE Advisory Council will be sharing how their Changing Perceptions Taskforce results have guided the development of their Strategic Plan. Council members will present and discuss the priorities of their Strategic Plans as well as some preliminary findings from their statewide CTE Perception Survey. This will be a great opportunity to learn more about the goals and future action steps of the State CTE Advisory Council's Strategic Plan.

2:00

Granada Room (Holiday Inn)

### **Bridging the Soft Skills Gap**

Elsie Morris, Franklin Technology Center  
Do you need ideas for improving students' soft skills? Soft skills are increasingly becoming the hard skills of tomorrow's workforce. This workshop will focus on strategies educators can utilize to promote the development of soft skills and the importance of these skills in preparing students for a lifetime of success. Educators will discuss the importance of teaching interpersonal and relationship building skills that help students effectively communicate and collaborate both in the classroom and on the job.

2:00

Monaco (Holiday Inn)

### **Maximizing Your Marketing Materials**

Rebecca Conrad, The Career & Technology  
Center at Fort Osage  
Do you struggle with creating engaging marketing materials like brochures, postcards and newsletters? Do you have great ideas but are limited by time or a budget? This session will

explore several topics in creating marketing materials, including: how to design materials to fit your audience, an overview of marketing material services and resources, creating on a budget and a review of the materials currently used by the Career & Technology Center at Fort Osage.

2:00

Ranier Room (Holiday Inn)

### **The Value of the Word Wall for CTE**

Beth Waldrup, Louise Lunkenheimer, Amber Jenkins, Nevada Regional Technical Center  
Word Walls aren't just for Elementary students! Come learn how to implement word walls in your CTE classroom for higher levels of achievement and success. Word walls are easy to implement, fun and relevant for students and teachers alike. Get creative with your vocabulary and approach it with fresh and fun word wall activities.

2:00

Atrium (Holiday Inn)

### **How to Implement Flipped Classrooms in CTE (90 min session)**

Sonora Jones, Carthage High School  
The goal of this session is to introduce participants to the concept of a flipped classroom and allow participants to create materials that they will be able to take back to their own schools. Screencasting and other methods of implementing a flipped classroom will be modeled for participants. Participants will then have the opportunity to choose a piece of technology to use and & "flip" a lesson to implement in their own classroom. Technologies that will be used or described in this session include: Screencastify, GoogleClassroom, EdPuzzle, and Flipgrid.

2:00

Sahara Ballroom (Oasis Hotel)

### **State CTE Advisory Council**

Steve Bryant, Missouri Career Pathways  
Manager Office of College and Career Readiness  
David Webb Co-Chair of the State CTE Advisory  
Council

## *Breakout Workshops Descriptions (cont'd)*

The State CTE Advisory Council will be sharing how their Changing Perceptions Taskforce results have guided the development of their Strategic Plan. 3:00

Granada Room (Holiday Inn)

### **Teaching Workforce Readiness Skills for Success in a Global Economy**

Michelle Conrad and Larae Watkins, University of Central Missouri

It is crucial that we ensure all students have the "soft skills" or 21st century skills necessary to work in today's interconnected economy. Together, we will examine project ideas and begin work on a global project you can use in your classroom. Please come with one curriculum project or lesson in mind that you are already planning to teach and would like to add a global dimension to. Bring your laptop or tablet. Free resources and professional development materials will also be shared.

3:00

Monaco Room (Holiday Inn)

### **Registered Youth Apprenticeship**

Oscar Carter, Department of Elementary and Secondary Education

Join the growing number of schools who get their juniors and seniors into the workforce and on the path to a Department of Labor credential that is recognized all over America.

3:00

Ranier Room (Holiday Inn)

### **Does Your Lesson Survive the Sleep Cycle?**

Anne Hickman and Nichole Tews, Cass Career Center

A goal in teaching should be for your lesson to be the topic at the breakfast table with students and their families the next morning. If this happens, you know you have a lesson that has meaning for the LEARNER. The information presented in this session will attempt to help teachers design lessons that survive the dreaded sleep cycle when kids notoriously forget what they did the day before.

3:00

Maui Ballroom (Oasis Hotel)

### **New Professionals Orientation**

Professional Development Committee

This session will provide all new professionals with information about Missouri ACTE. It will orient the new professional or first time attendee with information about the conference and professional development opportunities for members of Missouri ACTE.

# MISSOURI ACTE AWARDS

## New Teacher of the Year Award

### **Jason Twenter, MVATA**

Mr. Twenter is an agricultural teacher from Eldon Career Center. In his application, Mr. Twenter discusses the need as an educator to consistently review curriculum to ensure you are meeting industry standards. This past year, Mr. Twenter implemented OSHA 10 training in his shop classes. Mr. Twenter is a firm believer that a large portion of his success comes from his educational approach as a lifelong learner.

Kelli Engelbrecht, Director of Eldon Career Center, stated that Mr. Twenter is a recent, yet excellent addition to the Agricultural Department at Eldon Career Center. He is the exact type of instructor any director would want to attract to their teacher team. He not only has the aptitude for multiple areas of Agriculture education, but he is also approachable, self-motivated, dependable and driven. He has quickly become part of our leadership team and has set high expectations for his students in his classroom and contest field."

## Teacher of the Year Award

### **Louise Lunkenheimer, MoEFACS**

Mrs. Lunkenheimer is the Culinary Arts Instructor & Certified Secondary Foodservice Educator at Nevada Regional Technology Center. Mrs. Lunkenheimer has embraced the National Restaurant Association's curriculum for high school students. She states on her application, "The ProStart program allows my students to take on the culinary arts to a level that provides thorough training for related job and college entry levels. The students are learning how to appreciate food. We practice internal customer service where students are required to say "please" and "thank you" to each other during labs and class. Each year, the students host, plan and prepare Parents' Night, a five-course meal for parents and invited guests." Mrs. Lunkenheimer started Cafe 27 in 1997, which is a campus and student generated restaurant operation. Students design lunch menus and then are the featured chef once a week, serving, preparing, and cleaning up. Mrs. Lunkenheimer commented, "My teaching career is not all about teaching culinary arts. My career's purpose has also been about providing FCS teachers with the right and relevant professional development and opportunities to promote and grow within their programs."

Dr. Phillip Witt, former director of Nevada Regional Technology Center provided the following words about Mrs. Lunkenheimer, "When reflecting on her merits for a distinguished service award, I can't think of anyone who is more committed to the success of her students. She truly has a passion for the work that she does and believes in the impact it can have on the future of those in her classroom."

## Career Guidance Award

### Jeffery Brown, MACS

Mr. Brown is the Career Services Coordinator for Franklin Technology Center in Joplin, Missouri. Mr. Brown has co-authored and received an externship grant each of the last two years that promotes CTE opportunities in his community. Teachers in core content areas are selected as part of this externship grant and learn about industry, manufacturing, and employer needs within the community. Teachers take this information back to their departments and discuss academic needs for careers in the above areas. He states, "We have seen a huge increase in teacher interest in CTE and understanding of work based learning, employability, and community needs."

Mr. Brown explains on his application, "Communicating the value of CTE to stakeholders is an ongoing job." His work to promote CTE to community members and sending schools, is noticed. He has helped utilize social media, advertisement, and even local television stations coverage of CTE events. Through this, he started recruiting to middle schools. He hosted 240 6th graders from one of his sending schools, allowing students to learn about CTE programs and had the opportunity to have hands-on activities that engaged learning.

Steve Reed, assistant director of Franklin Technology Center, had the following to say about Mr. Jeffery Brown. "You wouldn't have to speak to Jeff for very long to see how much he really cares about the students and their successes in and out of the classroom. He makes it a point to know every student that walks through the doors at Franklin Tech. Mr. Brown goes the extra mile to encourage and motivate each student to succeed."

## Post-Secondary Teacher of the Year

### Brad Driskill, MVATA

Mr. Driskill is the Agriculture Program Coordinator for State Fair Community College in Sedalia, Missouri. Mr. Driskill's focus when employing innovation into the agriculture program at State Fair Community College (SFCC) is developing technical and soft skills for students that will meet the needs of industry employers. He takes every opportunity to create or expose students to situations they will face in the workplace. With more than 15 years' experience in the seed industry, Brad draws upon his own experiences and the input from an active advisory committee to develop curriculum that arms students with the skills needed to embark upon successful careers.

Dr. Brent Bates, Vice President of Educational and Student Support Services at State Fair Community College states, "One of Mr. Driskill's greatest qualities is his ability to relate to students. Though he sets high standards and has strong professional expectations of his students, Mr. Driskill has the ability to connect with his students, no matter their background or demographic. His program is open, inclusive and inviting."

## Award of Merit

### **Dennis Harden**

For the past 32 ½ years, Dennis Harden has had the distinct pleasure of providing state-level leadership at the Department of Elementary and Secondary Education in career and technical education and other educational programs and services for local school districts, community colleges and four-year institutions. Most recently, Dennis served as Coordinator of Career Education. As Coordinator, Dennis oversaw a staff of 35 and coordinated the functions of the Career Education Unit within the Office of College and Career Readiness.

Prior to being named Coordinator, Dennis was Director of Industrial Education where he was in charge of Industrial Education, Health Sciences and Technology Education programs including SkillsUSA. He also oversaw Missouri's Customized Training Program.

Dennis is a member of a number of state and national organizations including AdvanceCTE, Association for Career and Technical Education, and the Missouri Association for Career and Technical Education. He currently serves as President of the National Alliance for Partnerships in Equity Education Foundation Board of Directors. Dennis also serves on the NOCTI Board of Trustees.

Dennis holds a Doctorate of Education in Career and Technical Education as well as Educational Specialist and Masters Degrees from the University of Missouri – Columbia. His Bachelor of Science Degree in Business Administration is from the University of Central Missouri.

Dennis has one son, Aaron who resides in Kansas City with his wife, Dayna.

Dennis has been a champion for Career and Technical Education serving in the office of College and Career Readiness for the Department of Elementary and Secondary Education for many years. Dennis has seen the many changes that CTE in Missouri has undergone and always been an outstanding advocate for education and CTE! We appreciate Dennis and thank him for his devotion and passion for CTE in Missouri!

### **Wendi Bernt**

For the past 20 years, Wendi Bernt has worked in the Warrensburg R6 School District as CTE Counselor at Warrensburg Area Career Center. Wendi served for three years as the Chair of the R6 District Counseling Department. On the local level, Wendi served as CTE Representative on the board of Central Missouri School Counselor Association for 15 years, and WTA retirement committee for many years. With the release of MSIP5 Bernt negotiated an agreement with SFCC where each student (approximately 46 per year) in Construction Technology and Computer Technologies was automatically enrolled in Dual Credit (up to 18 hrs.) for no cost to the student, and only a small administrative fee which was contributed by the Warrensburg R6 foundation. Many other schools followed suit, allowing students to build transcribed college credit at no cost to the student. Bernt has effectively worked with Chamber of Commerce, Community Colleges, Industry Partners and Pilot Program for Counselor Evaluation with DESE, as well as many others. On the state and national level, Wendi has been a 20 year member of Missouri Association of Career and Technical Education (MOACTE), a 20 year member of the Missouri Association of Career Services (MACS) and served as secretary. Bernt served on the MOACTE Program Committee and Diversity Action Committee, served as MOACTE President Elect and currently MOACTE President, as well as membership and leadership in many other organizations. She currently serves on the ACTE Region III Audit Committee and is a tri-level member of ACTE. Bernt presented at the Missouri School Board Association Fall Conference in 2017 on "Pupils, Partners and Players." Bernt holds a B.S. from University of Missouri-Columbia and a Masters in Counseling Education from Lincoln University. She enjoys her three adult children and one grandchild who all reside very near the family farm. All three children were CTE students, one a Missouri FFA State President. Bernt has received the Honorary Chapter FFA degree and Honorary State FFA Degree. Bernt plans to stay actively involved in CTE. Wendi has served this past year as the Missouri ACTE President. Under Wendi's leadership we have begun Strategic Planning for our association this past year. Wendi was instrumental in moving the state association forward since unification and has worked diligently to grow the membership. Wendi is not afraid of change and this year our summer conference programming is one example of change to make improvements for our membership. Wendi has participated in the ACTE Leadership Training program as President Elect and strives to continue her professional growth as a leader. We appreciate all that Wendi has done and congratulate her for the Region III Missouri ACTE Award of Merit!

## Lifetime Achievement Award

### **Harold Eckler, MVATA**

Mr. Eckler is from North Shelby and has been an agriculture educator for 36 years. In his application, he stated, "Over the course of the last thirty-six years, I have continually worked to update the curriculum, activities and facilities to reflect current trends and to meet the needs of the community and the students. I have always been passionate about participating and training Career Development teams and think that they are a great way to motivate students to get involved and to strive for success. It is my professional responsibility to pass that on to other teachers and I seldom pass up an opportunity to do so."

Kerri Greenwell, North Shelby High School Principal, said the following about Mr. Eckler. "Harold has a unique way of motivating students through critical thinking activities which promote high levels of student involvement. Harold's high expectations and expert work raise students' achievement to a higher level. The close connection he has with his students is evident in the way they respond to Harold both in and out of the classroom."

## Legislator of the Year Award

### **Rusty Black**

Rep. Rusty Black, a Republican, represents Grundy, Livingston Counties and a majority of Linn County (District 7) in the Missouri House of Representatives. He was elected to his first two-year term in November 2016. In addition to his legislative duties, Rep. Black worked as an Agriculture Educator for thirty-two years before retiring in 2016. During his time as a teacher, Rep. Black worked at Nodaway-Holt R-7 for five years and Chillicothe R-2 Schools for twenty-seven years. A graduate of the University of Missouri - Columbia, Rep. Black earned his Bachelors of Science in Agriculture in 1983, and went on to graduate with a Masters in Agriculture Education by 1993. Rep. Black was born in St. Joseph, MO, living in Amazonia then moving and graduating High School from King City MO. He currently resides in Chillicothe with his wife. Together they have four children and four grandchildren. Rusty and his wife attend the United Methodist Church and both are active with various community organizations.

# IF YOU ARE LOOKING FOR ORIGINAL, *look no further.*

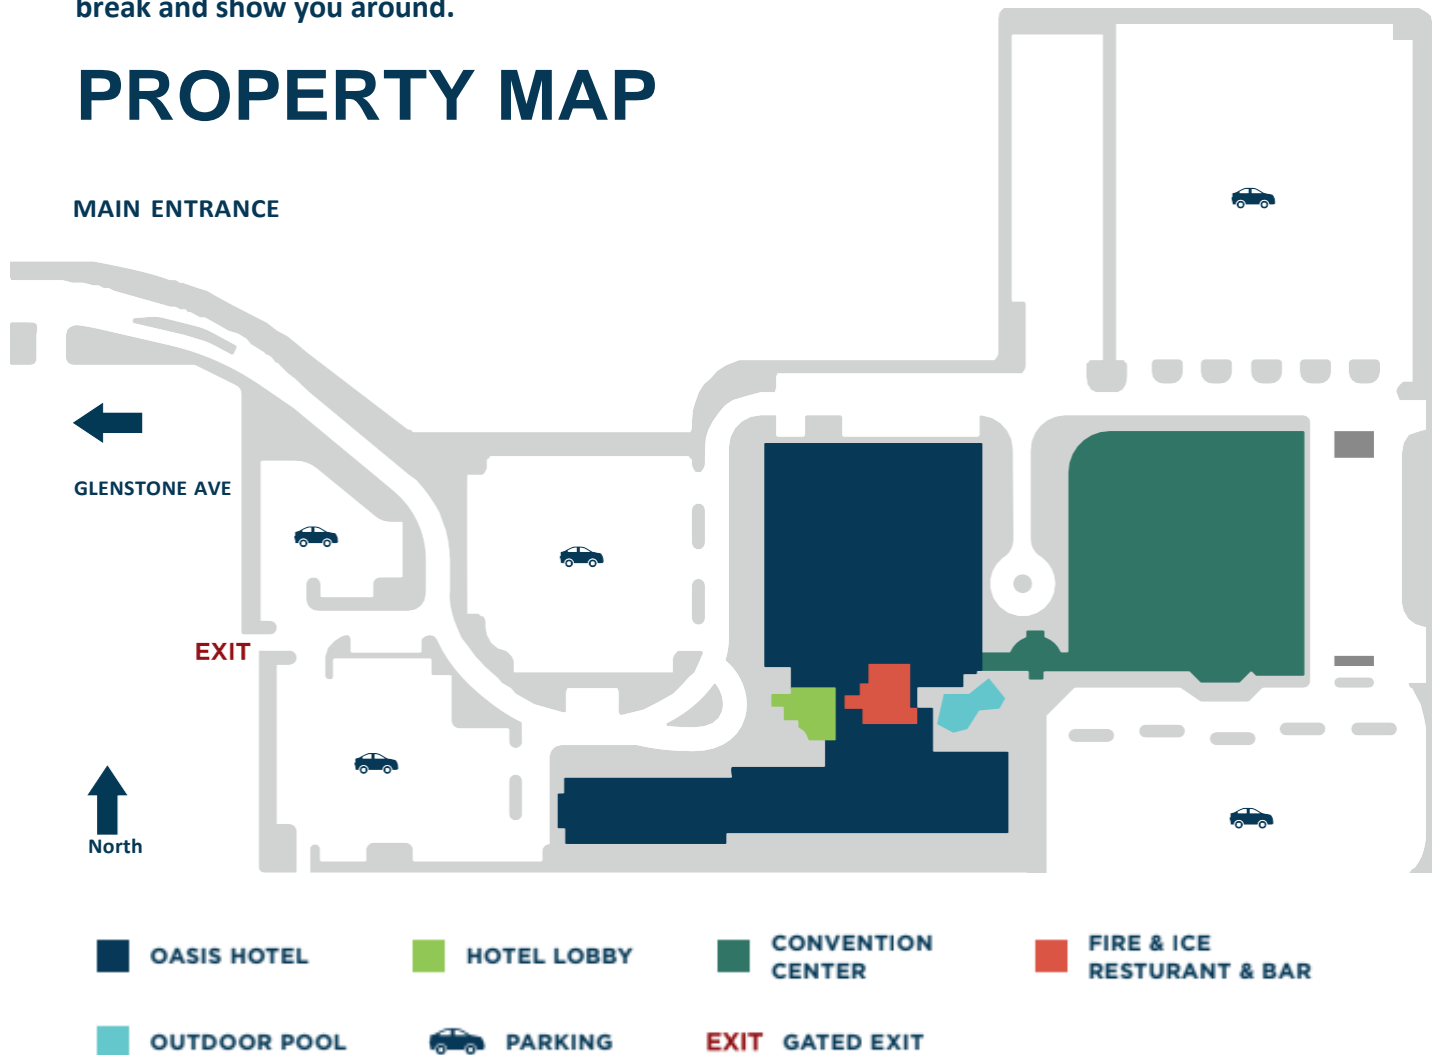

Now if you're looking for your room, *look at this map.*

The Oasis is designed like no other hotel in the world. While that offers guests a one-of-a-kind experience, it also means you may need a little help getting around. Our resort-inspired property gives guests the space to explore the extensive amenities we provide without feeling confined within a single building.

Below you'll find a map of our entire property. (Psst. There's more on the back. It was hard to fit 11-acres worth of buildings on one side!) You may want to keep this handy for at least the beginning of your stay while you get the lay of the land.

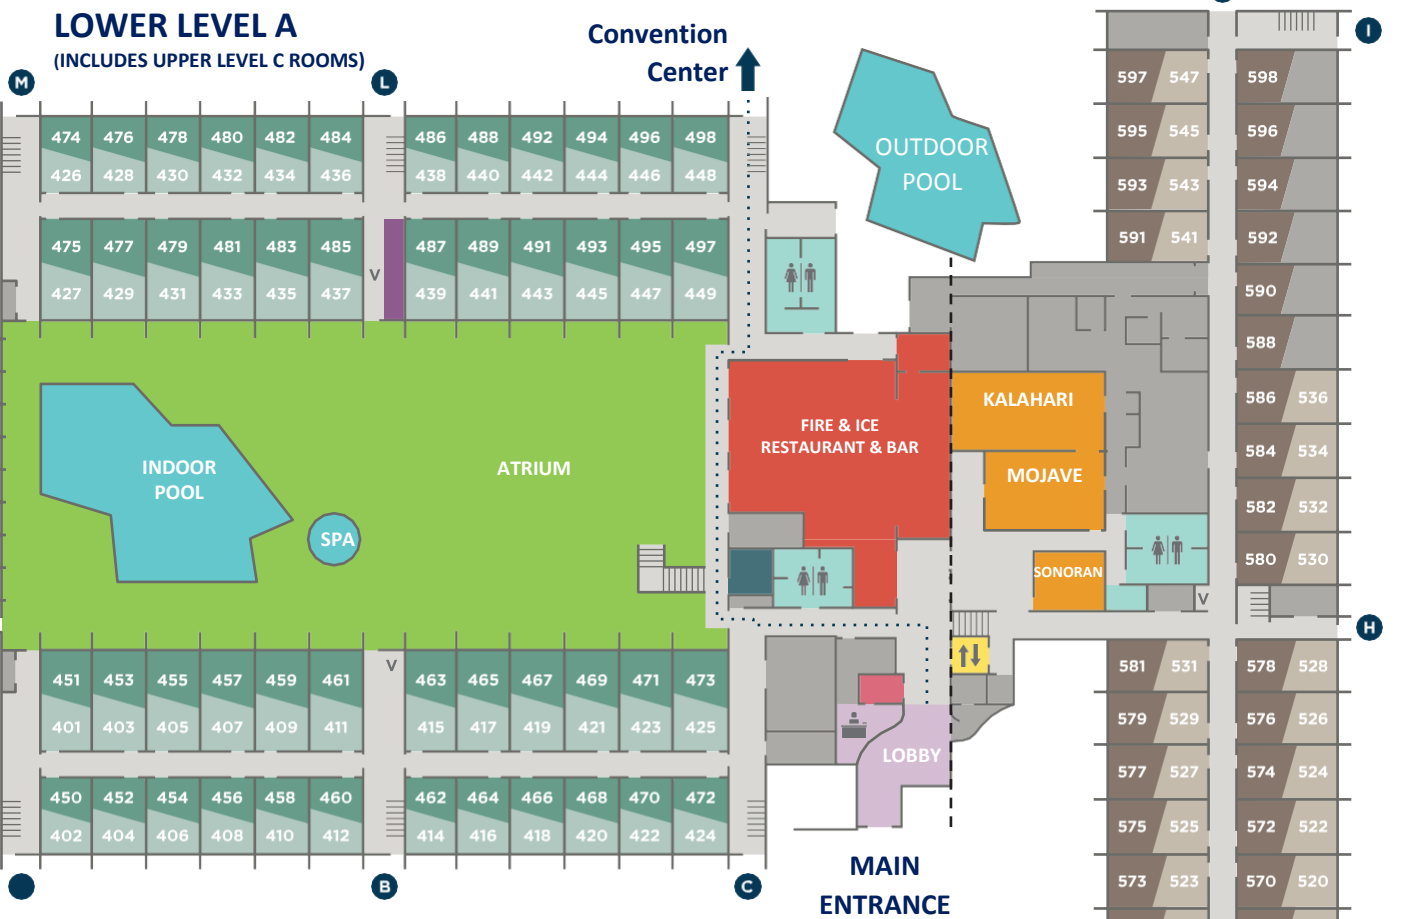

However, if you are looking for a personal tour, any of our staff would be happy to take a break and show you around.

## Experience OUR ONE-OF-A-KIND DESIGN

The layout of the Oasis grabs your attention just as much as the tropical-inspired décor. Our resort-inspired design gives guests the space to explore the extensive amenities we provide without feeling confined within a traditional hotel. So whether you are attending a day of meetings in the convention center, taking a dip in one of the saltwater pools, grabbing a bite to eat at our restaurant or calling it a night in your private suite, you'll have the space you need to stretch out and enjoy yourself.

## 2019 PRESIDENT-ELECT CANDIDATE

John "Scott " Fuenfhausen is a candidate for MOACTE president. Scott is currently a Marketing instructor at Columbia Area Career Center in Columbia, MO. Scott is entering into his 15th year as an instructor. Scott is also the DECA advisor at Rock Bridge and Hickman. Scott has served as the District 2 Advisor for 9 years. He was also awarded the Outstanding Marketing instructor award in 2016. Scott co-wrote the Retailing curriculum for the state in 2012. Scott is also an adjunct instructor in Mizzou's AdZou program teaching the Capstone course in Strategic Communications for 12 years.

Before becoming a teacher, Scott worked for 17 years in Advertising in St. Louis and Chicago. His clients included Fortune 500 companies in consumer and business to business industries. Some of his clients included: Schlage, Hostess, Wonder Bread, CharBroil Grills, Sigma-Aldrich Chemical, Behr Paint.

Fuenfhausen believes that the future of CTE lies in focusing on the true career potential we offer students and helping them find the right career based on each student's talents and interests. He believes CTE is in a perfect position to do this in today's economy.

BBB – In Pursuit of Ethics

Room: Glendalough 1a

Audience: **MB**

Facilitator: Stephanie Garland, BBB Springfield Regional Director

Description: The Better Business Bureau has developed an ethics program for use by teachers

to discuss different situations today's student may encounter. Discussion of choices regarding Social Media practices, drug, alcohol, and other substance abuse and work ethics are just a few of the topics touched upon in these resources. Also, learn of a \$2500 Student of Ethics Scholarship available for your students.

## **WEDNESDAY, JULY 24 (CONT'D)**

### **Using Cinema in Business & Marketing**

Room: Glendalough 1b

Audience: **MB**

Presenter: Kaci Mitchell, Ozarks Family YMCA/ Seymour High School

Description: Come see a variety of teacher's options for movies and video activities in the classroom to learn the reasoning for the videos use. You will walk away with appropriate worksheets to go with several cinema activities for your classroom.

### **Teach Tools for Teaching and Learning**

Room: Glendalough 1c

Audience: **MB**

Presenter: Kimberly Sterne, Adjunct Professor, Metropolitan Community College

Description: Web Tools! There are so many to choose from and it can be overwhelming. In this session, we'll explore some web tools that can be used to make your life and work easier. Whether you are looking for a quick way to make a video, edit audio, manage a social media page, or just make learning more fun for your students, there's a web tool for you in this session!

### **Tips for Traveling with Students**

Room: Glendalough 2

Audience: **MB**

Presenter: Jessica Wade, Odessa R-7 High School

Description: Travel can be one of the most educational and rewarding parts of being involved in a CTSO. The level of advisor preparation can make or break the entire trip. I'll share my tips and tricks for large-group student travel in cities such as New York and Washington D.C., as well as suggestions to make ICDC even more memorable for your students.

## **WEDNESDAY, JULY 24 (CONT'D)**

### **Out of the Textbook & into the Real World**

Room: Glendalough III

Audience: **M**

Facilitator: Zachary Johnson, Lee's Summit North High School

Description: Looking to provide students with an opportunity to take what they are learning in the classroom and apply it to the real world? Come check out ideas for ways to provide hands-on authentic learning opportunities for your students. Involve the community and small business owners, all while gaining publicity for your program.

### **Engaging Classroom Games for Teaching Economics**

Room: Aleck Scott Room

Audience: **MB**

Presenter: Jill Fannin, Scott Regional Technology Center

Description: Teaching economics can be more fun for your students when you incorporate some games that students enjoy, yet also teach the fundamentals of economics. Students are expected to know several topics within economics for their DECA exams and the Marketing TSA. This session will teach you how to incorporate some hands-on simulation games into class to help students engage and learn these concepts while also having fun!

9:10 a.m. – 10:10 a.m.

### **Morning Workshop Selections**

#### **Helping Students Make Sense of the Economy**

Room: Glendalough 1a

Audience: **MB**

Presenter: Ben Gynne & Stephanie Stokes, Everfi

Description: Educators will receive access to a free web-based resource that blends together macroeconomic and personal finance concepts to create a holistic picture of how the government, corporations, and individuals come together to create a functioning financial marketplace. Students will engage in lessons where they learn about the government's role in the economy, financial markets and exchanges and how to build an investment portfolio. Students will finish the course feeling confident about their knowledge of capability to participate in the financial markets. The resource is student-driven and has assessments embedded in them, enabling teachers to become facilitators and see measurable student outcomes.

#### **CTE & Global Education for Career Readiness**

Room: Glendalough 1b

Audience: **MB**

Presenter: Amy Belding, Parkway High School

Description: Preparing students for a global future has never been more important than it is today. We are more connected in global communities and share a greater sense of collective responsibility and interdependence across cultures/continents than ever before. Fostering an attitude of global citizenship, and the ability to care about solving problems in the world, not just our own, is paramount. Flexibility to be able to address problems that don't yet exist in the world are helping CTE students to shape their own learning experience. The need to form a global society through connectedness

of CTE teachers will help our students to problem solve and think around current issues both now and in the future so that they can contribute to our economy and have career success.

### **Finding Harmony with the Four Tendencies**

Room: Glendalough 1c

Audience: **MB**

Presenter: Michael Oliva, Wentzville Timberland High School

Description: There are many personality tests out there, but one of the easiest and most informative is Gretchen Rubin's Four Tendencies. In this workshop you will discover your tendency and learn to work with the strengths of the 'obliger', the rebel, the upholder and the questioner and avoid the weaknesses of each. Finding out your tendency and the tendencies of your students, coworkers, and even spouses can lead to more effective communication, harmony, and productivity both in and out of the classroom. You will get little tips to avoid conflict before it starts with real world applications.

### **Teaching IS YOUR Business**

Room: Glendalough II

Audience: **MB**

Presenter: Kelly Fowler, Blue Springs High School

Description: After teaching for 15 years, there have been some major fails and major successes...similar to any start-up business. I would love to help any new or struggling teacher in understanding your business - which is YOU, your classroom, your content - and YOUR BUSINESS. Tips on how to OWN it, LOVE it, and know your WHY.

## **WEDNESDAY, JULY 24 (CONT'D)**

### **Design Thinking: A New Way to Design Project Based Learning**

Room: Glendalough III

Audience: **MB**

Presenter: Cindy Perry, Independence School District

Description: Design Thinking is a way to create a true project based learning experience where students identify issues and/or problems and find real solutions to those problems through a process that requires them to gather information, analyze the data, find and test solutions and do a true business pitch. This is a way to totally engage students and guide them through their own learning process.

### **Personal Finance Auto-Graded, Online Modules, & Active Lessons**

Room: Aleck Scott Room

Audience: **MB**

Presenter: Andrea Caceres Santamaria, Federal Reserve Bank of St. Louis

Description: Join us for an interactive session in personal finance. Teachers will have the opportunity to interact with free award winning resources that bring personal finance concepts to life in your classroom, and at home for your students. The resources presented will demonstrate how personal finance can be taught in different ways that work for our diverse learners. These effective and engaging resources make it fun to teach and learn one of the most valuable lessons we can teach our students regardless of their career path. Learn how to sign up, create classrooms, and assign resources you select from our online lesson portal. Our online learning modules have auto graded pre and posttest to measure student learning. Participate in a human wallet activity that

simulates net worth and cash flow. All participants will get copies of print resources and access to teaching Power Point tools.

## **WEDNESDAY, JULY 24 (CONT'D)**

10:20 a.m. – 11:20 a.m.

### **Morning Workshop Selections**

#### **College and Career Pathways: Resources to Empower STUDENTS' Decisions**

Room: Glendalough 1a

Audience: **MB**

Presenter: Ben Gynne & Stephanie Stokes, Everfi

Description: Post-secondary education and training has become critically important, but many youth today don't know what career they want to pursue nor have a clear idea of the steps needed to achieve it. In addition, colleges and employers report that many of today's students and new hires are lacking the necessary soft skills to navigate setbacks and challenges as well as work effectively within a team. EVERFI's Keys to Success: a College and Career Readiness course is a comprehensive, NO-COST digital program designed to empower high school students to make informed, goal-oriented decisions about their future, and provide them with the skills they need to reach those goals. Grounded in evidence-based approaches, lessons provide students with the knowledge and skills needed to set career-oriented goals, apply to and pay for college and be an effective team player as they start their career. Educators will receive access to the no-cost digital resource and learn best practices on implementation. EVERFI's resources are student-driven and have assessments embedded into them enabling students to go at their own pace. Join us or visit [EVERFI.com/k12](http://EVERFI.com/k12) to learn more.

**Prepare your students and yourself for FCCLA STAR Events**

Room G024

Presenter: Donna Sharpe, Missouri State FCCLA Advisor

Learn how to turn this little "four letter word" into a positive for your FCCLA chapter! Students Taking Action with Recognition (STAR) is FCCLA's most popular program but admittedly

the most challenging and frustrating one for those involved. It really is worth the hassle - join experienced FCCLA advisers and state adviser Donna Sharpe as they give an overview of the events and provide some helpful tips and tricks as you prepare for the next year. Bring your own fully charged computer and extension cord. Additional Registration and Fee Required with Paid Conference Registration (Lunch Included)

## **MONDAY, JULY 22 (CONT'D)**

### **Develop Career-Ready FCS Students with RealCare™ Innovative Learning Tools**

Room - G024

Presenter: Andrea Pagan, Reality Works

In this session, learn how these evidence-based programs combine with experiential activities, comprehensive curricula and interactive simulators for infant care skills, childcare occupations, health sciences exploration, eldercare and human services careers. Hear stories from instructors of program best practices and incorporating soft skills into lessons. This presentation will give participants ideas for integrating employability skills and updated national FCS standards into everyday lesson topics. The audience will learn strategies for turning their FCS Pathway into a powerful program of study preparing future workers. Participants will walk away with strategies that include ways to increase student engagement and retention. Family and Consumer Sciences courses are a great fit for these strategies and have been successful using experiential learning for years to teach transferable career skills. Through PowerPoint, discussion with educators and hands-on work with simulators, participants will have information to take back to use in the programs immediately. Additional Registration and Fee Required with Paid Conference Registration (Lunch Included)

## **MONDAY, JULY 22 (CONT'D)**

1:00 p.m. – 4:00 p.m.

### **Science & Our Food Supply Projects in the FCS Classroom (HS, MS, OC)**

Room G036

Presenter: Bridgette Carpenter, Knob Noster

Through a dynamic curriculum developed by the FDA/USDA, come and learn how to implement science practices into the study of food safety in the 7-12 FCS classroom. Participants will receive free curriculum and resources and participate in a variety of lab-oriented experiences. By the end of the workshop, participants will identify how to prepare and properly dispose of agar plates used in conducting food science experiments; set up, perform and differentiate a variety of food science experiments that relate to food safety; explore how food safety topics can encourage student inquiry and use higher-level Bloom's taxonomy; and become equipped to use cross-curricular activities to support FCS standards. Must register by June 24th. Bring your own fully charged device and extension cord. Additional Registration and Fee Required with Paid Conference Registration (Lunch Included Prior to Session @ 12:00 p.m.)

1:00 p.m. – 4:00 p.m.

### **Incorporating "Struggle Meal" Concepts into "Struggle Free" Food & Nutrition Lessons (HS, MS, OC)**

Room G047

Presenter: Kimberly Graybill, Veteran FCS Teacher & Owner/CEO of Family Consumer Sciences Website

Teaching can be a struggle, but planning interactive lessons doesn't have to be with the help of STRUGGLE MEAL concepts! Inspired by the YouTube series, Struggle Meals with Frankie Celenza, Kimberley will demonstrate a variety of tips and teaching strategies, and share ready to use resources in this session. A

workshop component will also be included as participants brainstorm, collaborate and begin building engaging STRUGGLE MEAL lessons. Within these lessons are easy to use, low cost activities that engage students and use current apps and technology to complete. Participants will need to have a Google Account with knowledge of Google Slides and a fully-charged laptop or Chromebook. Additional Registration and Fee Required with Paid Conference Registration (Lunch Included Prior to Session @ 12:00 p.m.)

Room: Kalahari

Presenters: Jackie Marling, Career Advisor, SCRPPDC; Polly Matteson, Career Advisor/Pathways Consultant NERPDC; & Marci Dowdy, Career Advisor/Pathways Consultant SWRPDC

Facilitator: Lauri Woolfolk

Career Advisors and Career Pathway Consultants work to engage high school educators, post-secondary institutions, and employers in a more collaborative approach to develop a comprehensive network of pathways to serve the youth in high school and beyond. The goal of the Missouri Career Pathways program is to ensure that all high school graduates acquire the competencies, credentials, and opportunities needed to be ready for employment or college

entry and to ensure students are being prepared to meet Missouri's current and future workforce needs. Ultimately, Missouri students through a proper network of pathways will be "Success Ready". These advisors and consultants have grants available toward educating students and teachers on Career Awareness. This workshop will discuss the role of the Career Advisors and Pathway Consultants and what each grants purpose and availability is for your school.

Facilitator: Laura Owen

Researching career and training options can be a daunting task for students of any age, making information and data key parts of the decision-making process. A new tool, MoSCORES, links education and training to wage, employment and credential outcomes for both credit and noncredit programs. Additional career exploration resources, such as an enhanced Missouri Connections; career pathways; and customizable reports with in-demand occupations help to identify options for those seeking career opportunities. In this session, learn how to use these resources to assist students in their search.

## **WEDNESDAY, JULY 24 (CONT'D)**

11:00 a.m. – 11:50 a.m.

### **Practical Mindfulness for Today**

Room: Kalahari

Presenter: Lindsey Argo, Kom Hot Yoga, Branson

Facilitator: Abby Tribble

Being fully present is thought of as a luxury in today's world, but by incorporating practical mindfulness techniques into your life, being present can be a common occurrence. Mindfulness can also increase energy, focus, and enhance every day experiences.

12:00 p.m. – 1:30 p.m.

### **Lunch and MACS Business Meeting**
