

# Pathways to Success

## 2009 Career & Technical Education Conference

**August 2-5, 2009**

**Ramkota RiverCentre, Pierre**

Help your students achieve at their highest potential. This year's Career and Technical Education Conference focuses on the "Pathways to Success" that make up a rigorous, relevant high school experience, and ultimately, lead to success in postsecondary education and the workforce. You'll learn about hot topics in the CTE world, including what employers expect of today's employees and how secondary CTE can help to fill that pipeline. You'll also benefit from networking time with other professionals. Keynote speakers include Kevin Honeycutt and our own Myron Sonne. Administrators, school counselors and CTE teachers should plan to attend.
