

2020-2021 DC ACTE Professional Development Series

Stronger Together: Inclusion, Access, Equity & Diversity

DC ACTE promotes high-quality career and technical education (CTE) for all stakeholders in the District. Join us as we continue this effort by digging deeper into inclusion, access, equity & diversity (IAED). As the lead association for DC CTE professionals, we strive to build an inclusive environment that encourages, supports, and celebrates our CTE community's diversity. Therefore, our theme for this year's professional development series is Stronger Together: Inclusion, Access, Equity & Diversity. This series is sure to provide participants with the recommendations, expertise, and outreach to support IAED initiatives at all levels.
