Which state standards are Economics using?

The High School Content Expectations for Economics were used for the project.

3. Can students get the economics credit in a ½ semester?

It is up to the individual district.

4. Can students get VPAA and economics credit in the same course?

It is up to the individual district.

5. Do we need to grant the credit in a particular semester? (i.e. Economic .5 / marketing .5)

It is up to the individual district.

6. Why is 4th year math and VPAA not part of the collaborative teaching model?

Because it does not require a highly qualified teacher certification.

7. Do we need to partner with an economics from a sending school if we are a tech center or consortium?

Yes or hire an economics consultant.

8. How do we sell this credit granting opportunity to sending schools?

Use the promotional materials and implementation plan to help in your planning and in preparing for meetings.
