The Cover Artist

Layla Biby is a junior at Gainesville High School. She is a member of FBLA. Creating art and graphic design are her main passions. Her hobbies are doodling, hanging out with her friends, and working. She hopes to pursue a career in art after high school.
President's Welcome

As I write the “President’s Welcome” for this year’s program, I can’t help but think of the theme song that John Sebastian wrote for one of my favorite sitcoms of the 1970’s, Welcome Back Kotter. For those of you who may not have had your formative years in the Disco Era, Welcome Back Kotter was the weekly comedy about a guy who goes back to teach in the same high school he attended as a youth. It was a very funny show and was responsible launching the career of John Travolta. Who can forget Vinnie Barbarino? And just like Mr. Kotter, we get to come back to a place we feel comfortable and can make a difference – the MOACTE Summer Conference. More than any year before, that’s what we are doing here now.

It’s hard to get my head around that fact that we haven’t been together for two years. While we had a virtual conference last year which was put together in an amazingly short amount of time by Dr. Brandon Russell, Karen Mason and our fantastic friends at ACTE’s home office, it just wasn’t the same as being with each other.

This past year has made us truly miss the things that we may have taken a little for granted. When we were discussing in the March Board of Directors meeting about this year’s conference, it was a unanimous agreement that this year’s MOACTE conference MUST be in person. We’ve missed a lot in this crazy pandemic, and everyone knew that we needed to get back together.

We’ve taken a hit from the pandemic. We’re starting off the new year with numbers down in both MOACTE membership and attendance in this year’s conference. It’s most likely due to the hangover of the pandemic. However, some of it is because “out of sight is out of mind.” In 2019, Dr. Russell launched the “3,000 in 3” campaign to get our membership to 3,000 over the next three years. However, the pandemic put that effort in pause mode. For the last year, we were just concentrating on maintaining our numbers and surviving this tumultuous year. Overall, we did a good job.

However, we have new life this summer, and the vision of 3,000 members is still one for which we should aspire. This is going to take an effort from every one of us. Share your experiences with new teachers who may not know what MOACTE is. Explain why you joined and come to Springfield every year to spend a few days with friends and colleagues. This year, more than ever, we need the MOACTE Summer Conference to recharge our teaching batteries and remind us why we turned to careers in Career and Technical Education.

Enjoy the conference. Reconnect with friends and colleagues. Get out and about in Springfield and remind yourself why you make this trek every year.

And most of all, as Vinnie Barbarino would say, “Welcome back.”

-MOACTE President Scott Fuenhausen
Morris Morrison is obsessed with building Stronger, Kinder, Connected human beings. As co-owner of StoryMaker Brands and Windmill Park Media, Morris is a world-class Entertainer, Writer and Entrepreneur whose journey began in New York City before a doctor’s words changed his life forever, after being orphaned a second time. Many world-leading organizations have partnered with Morris Morrison to build fearless, focused leaders that drive uncomfortable change and healthy disruption. Challenges and opportunities early in Morris’s life uncovered a unique brand of engagement that connects with audiences of all ages and backgrounds, with an unforgettable message that sounds like a Hollywood movie script.

After receiving his education from Fairmont State University, and the John Chambers College of Business and Economics at West Virginia University, Morris Morrison's business journey included critical leadership roles in Human Resources and Sales & Marketing, prior to exploring his dedicated path of Entrepreneurship. Today, many global leaders have witnessed his message live on stage and in his latest books titled: Culture Crashers, The Storymaker and Disrupt Yourself. His message is powerful, his story is unforgettable, and his focus is clear: to bring families & teams closer, and make organizations more impactful, through personal ownership and service.

Morris is best known for celebrating his biggest accomplishments off stage - through his Faith, Family and Follow-Through in his community – with service to organizations including Big Brothers & Big Sisters, Fellowship of Christian Athletes, the YMCA and many others. Morris is a proud brother of Alpha Phi Alpha Fraternity and he currently serves on the Board of Directors for the West Virginia University Alumni Association, while also serving on the board (visiting committee) for the John Chambers College of Business and Economics at West Virginia University.
Monday, July 26
9:30 a.m.  Missouri ACTE Board of Directors Meeting  
Oasis Hotel & Convention Center – Cocoa  
Continental Breakfast begins at 9:00 a.m.

1:00 p.m. – 6:00 p.m.  Missouri ACTE Conference Registration  
Oasis Hotel & Convention Center – Grand Ballroom

1:00 p.m. – 6:00 p.m.  Exhibits Open  
Oasis Hotel & Convention Center – Grand Ballroom

2:00 p.m.-3:00 p.m.  All Missouri ACTE Committee Meetings  
Oasis Hotel & Convention Center – Maui Ballroom

Tuesday, July 27
7:00 a.m. – 3:00 p.m.  Exhibits Open  
Oasis Hotel & Convention Center – Grand Ballroom

7:00 a.m. – 3:00 p.m.  Missouri ACTE Conference Registration  
Oasis Hotel & Convention Center – Grand Ballroom

Donuts & coffee in the Convention Center Atrium, compliments of Springfield CVB

8:00 a.m.-9:30 a.m.  Opening General Session – Paradise Ballroom  
MoEFACS, MCCTA, MTTA, MACS, TEAM, MHSE  
Welcome; President-Elect Speeches; Speaker – Morris Morrison

10:00 a.m.-11:30 a.m.  Opening General Session – Paradise Ballroom  
MVATA, MBEA, MCEA  
Welcome; President-Elect Speeches; Speaker – Morris Morrison

9:45-10:30 a.m.  All Division Sessions (During the Second Opening Session)  
MO Apprentice Ready: Increasing Access to Apprenticeships  
Presenter: Dr. Mardy Leathers, Director Office of Workforce Development/Jeanna Caldwell, Manager, Apprenticeship Missouri  
Kalahari – Oasis Hotel & Convention Center

11:30 a.m. – 1:00 p.m.  Lunch – many options and discounts will be offered from local restaurants – Info on www.mo-acte.org

50 MINUTE SESSIONS:  Oasis Hotel & Convention Center

1:00 p.m.  The Gift of Understanding Who You Are  
Presenter: Amy Harkey, Purdy High School  
Maui – Oasis Hotel & Convention Center
1:00 p.m.  Culturally Responsive Teaching  
Presenter: Katie Kensinger, Springfield Public Schools  
   Coco - Oasis Hotel & Convention Center

1:00 p.m.  Technical Skills + Soft Skills = Real Success!!  
Presenter: Dr. Cleo Samudzi, Ed Prep Consulting  
   Fiji - Oasis Hotel & Convention Center

1:00 p.m.  Preparing Tomorrow’s Workforce: The Global Learning Imperative for Secondary and Postsecondary CTE  
Presenters: Michelle Conrad and Larae Watkins, University of Central Missouri  
   Kalahari - Oasis Hotel & Convention Center

1:50-2:00 p.m.  Beverage Break sponsored by Missouri ACTE for Tuesday afternoon conference attendees  
   Located outside all session rooms

2:00 p.m.  Tech Yeah!  
Presenter: Tracey Eatherton, Ste. Genevieve High School  
   Maui - Oasis Hotel & Convention Center

2:00 p.m.  SEL Support and Strategies  
Presenter: Tiffany Bungentock, Middle School Counselor  
   Coco - Oasis Hotel & Convention Center

2:00 p.m.  Virtual Mentors for Capstone Seniors  
Presenter: Aaron Smith, Independence Public Schools  
   Fiji - Oasis Hotel & Convention Center

2:00 p.m.  Missouri ACTE Board of Directors Training  
Presenter: LeAnn Wilson, ACTE Executive Director  
   Kalahari - Oasis Hotel & Convention Center

3:00 p.m.  Digital Notebooks  
Presenter: Lindsey Harlan, Springdale High School  
   Maui - Oasis Hotel & Convention Center

3:00 p.m.  Connecting With Your Community  
Presenter: Leigh Ragsdale, Cheers2Teachers  
   Coco - Oasis Hotel & Convention Center

3:00 p.m.  The Secret Behind the True Classroom Management  
Presenter: Dr. Cleo Samudzi, Ed Prep Consulting  
   Fiji - Oasis Hotel & Convention Center
3:00 p.m. Missouri ACTE Board of Directors Training  
Presenter: LeAnn Wilson, ACTE Executive Director  
Kalahari- Oasis Hotel & Convention Center

4:30 – 6:30 p.m. Missouri ACTE Awards Reception/New Professionals  
All attendees welcome  
The Barley House at Moon Town Crossing (located next to new Holiday Inn Express & Suites MVATA hotel)

**Wednesday, July 28**

8:00 a.m. – 11:00 a.m. Missouri ACTE Late Registration  
Oasis Hotel & Convention Center Glass Lobby

3:30 p.m. House of Delegates Meeting  
Oasis Hotel & Convention Center – Cocoa Ballroom

**Thursday, July 29**

12:00 p.m. Missouri ACTE Board of Directors Meeting  
Oasis Hotel & Convention Center – Cocoa Ballroom  
Lunch service begins at 11:30 a.m.

---

**BYLAWS CHANGE**

The following bylaws change will be voted on at the Missouri ACTE Summer Conference House of Delegates meeting on Wednesday, July 28. The division is asking for approval of their name change which will require Missouri ACTE to change all bylaws and policy references to this division. The rational for the name change is given below.

As our profession continues to work toward a consistent message for the public about who we are and what we do, the next step in this evolution is maintaining consistency in our name. At the national level, ACTE has shifted from referring to our group as the "FACS" Division to the 'FCS" Division. Other organizations, including NATFACS are making the move as well. In order for our state level to remain consistent with other levels, updating our acronym to MoEFCS is the logical move. This will require a bylaws change in order to change our name and will be voted on at Missouri ACTE Summer Conference during the House of Delegates meeting; if this passes, we will change our name as a division to MoEFCS.

### Oasis Hotel and Convention Center

9:45-10:30 am in the Kalahari Room

**MO Apprentice Ready: Increasing Access to Apprenticeships**

Dr. Mardy Leathers, Director Office of Workforce Development and Jeanna Caldwell, Manager, Apprenticeship Missouri.

MO Apprentice Ready is a nationally leading initiative to increase access to registered apprenticeship programs through a network of work-based learning and pre-apprenticeship frameworks. The model is also designed to further diversify, equity, and inclusion goals of our public workforce development system.

### Maui Room

1:00

The Gift of Understanding Who You Are

Amy Harkey, Purdy High School

Learn who you are and how you interact with others. This session will give you some tips on self-care, learning to be your best self, and how to work with others who are different than you.

2:00

Tech, Yeah!

Dr. Tracey Eatherton, Ste. Genevieve High School

Learn how technology can be used for so much more than collecting assignments and reviewing for exams! Attendees from any CTE area will walk away with fun, free, engaging resources for their
instructional delight. Bring your own device so that we can explore not only new technology resources but also innovative ways to utilize tech tools to increase student engagement and achievement.

3:00
Digital Notebooks
Lindsey Harlan, Springdale High School
This class is a working/learning experience. Participants will be actively engaged in creating their own digital notebook lesson to use in their classroom during the upcoming year. Purpose, construction, and troubleshooting will be part of the lesson. Please bring your laptop and mouse to work through this presentation; the best way to learn is to do!

**Coco Room**
1:00
Culturally Responsive Teaching
Katie Kensinger, Springfield Public Schools
The purpose of this session is for educators to reflect on the way in which they create classroom environments and curriculum around embracing and celebrating cultural differences in their building. Participants will examine their current practices related to the inclusion and celebration of culture, explore research related to culturally responsive teaching, and explore strategies tied to a culturally responsive curriculum.

2:00
SEL Support and Strategies
Tiffany Bungentock, Middle School Counselor
In a time when social and emotional learning is more imperative than ever, come join me in learning how to incorporate SEL into everyday activities and lessons in your classroom. These strategies and techniques will help you support the needs of all students while building relationships to help understand & meet those needs.

3:00
Connecting With Your Community
Leigh Ragsdale, Cheers2Teachers
Struggling to tell your school's story or how to connect with your community? I will provide you with real-life examples to help bridge the gap from school to community through simple, yet powerful strategies!

**Fiji Room**
1:00
Technical Skills + Soft Skills = Real Success!!
Dr. Cleo Samudzi, Ed Prep Consulting
This presentation is designed to challenge educators about the importance of teaching high school students the value of the interplay between technical (hard) skills and soft skills. High school students will be involved in the job market in one way or another in their lives. This is the time to begin a discussion with these students about successful workplace skills. A well-design technical education
program will include course-work on soft skills. The goal is to create a curriculum that provides a solid understanding of the workplace so that students can make informed decisions regarding their own preparedness for the job market. The presentation focuses on the interplay between hard skills and soft skills.

2:00  
Virtual Mentors for Capstone Seniors  
Aaron Smith, Independence Public Schools  
The Independence School District implemented virtual mentorship opportunities in 2020-2021 for our senior capstone students. We will discuss what worked, what didn’t and if we will continue using this format moving forward. Mentorships have been proven effective through multiple studies. Is it right for you and your students? Come and find out!

3:00  
The Secret Behind the True Classroom Management  
Dr. Cleo Samudzi, Ed Prep Consulting  
Participants will learn how to significantly increase the amount of time they spend on classroom instruction and decrease time they spend giving multiple warnings and repeated requests for misbehavior. This presentation addresses learning loss due primarily to lack of innovative ideas in classroom management. One of the greatest misconceptions in education is that students come to school knowing how to behave. Learning to invest extra time in your students at the beginning of the school year will increase the amount of time spent on instruction throughout the year. The session will provide concrete tools on effective classroom management.

**Kalahari Room**  
1:00  
Preparing Tomorrow's Workforce: The Global Learning Imperative for Secondary and Postsecondary CTE Programs  
Michelle Conrad and Larae Watkins, University of Central Missouri  
"Global competence is vital for career readiness" (Asia Society et al., 2019). The workplace of the future will require differing skillsets for an increasingly diverse and complex world. This session will provide an overview of global competence and a global social justice education framework. Participants will explore the importance of internationalization in CTE programs and the impact on CTE curriculum. The session will conclude with a review of newly developed free resources available to support local internationalization efforts at the adult level, including faculty and student online learning modules.

2:00  
MOACTE Board of Directors Leadership Training  
LeAnn Wilson, ACTE Executive Director  
The goal of this workshop will be to provide an orientation and leadership training to the new and current Missouri ACTE Board of Directors. LeAnn will inform leaders about duties and responsibilities when serving as a board of director’s member. This is a two hour session.
Now if you're looking for your room, look at this map.

The Oasis is designed like no other hotel in the world. While that offers guests a one-of-a-kind experience, it also means you may need a little help getting around. Our resort-inspired property gives guests the space to explore the extensive amenities we provide without feeling confined within a single building.

Below you'll find a map of our entire property. (Psst. There's more on the back. It was hard to fit 11-acres worth of buildings on one side!) You may want to keep this handy for at least the beginning of your stay while you get the lay of the land. However, if you are looking for a personal tour, any of our staff would be happy to take a break and show you around.
IT’S A NEW YEAR!

On behalf of the Springfield CVB and hotel partners we are excited to welcome everyone back for your in-person annual conference. Wishing you a successful event and a great week in Springfield!

Lisa Perez, CMP
Group Sales Manager

NOT SURE WHERE TO GO WHILE YOU'RE IN SPRINGFIELD?

Download the SGF VIP Pass for a list of over 25 restaurants and attractions with a discount to each. You'll find cuisine ranging from breakfast spots to authentic Italian, and attractions such as the Springfield Cardinals AA team, breweries, museums and activities.

Simply scan the QR code and download the mobile pass to your smartphone for easy access to the participating businesses and discounts. Show your pass at the restaurants and attractions to redeem the discounts!

HOW IT WORKS

- Receive a text or e-mail with a link to your passport
- Show your phone at partner locations to redeem savings
- Check in to the location to qualify for prizes
Always a hit with families, Hammons Field delivers Minor League Baseball and Major Fun as the home of the Springfield Cardinals, the Double-A affiliate of the St. Louis Cardinals. Make the most of your trip to Springfield with fun fan giveaways, delicious ballpark food, memorable summer Friday Fireworks and more fun promotions all season long! Missouri’s only Minor League team has been a must-visit family-friendly experience for locals and visitors alike for 15 years and counting!

$4+ Ticket Discount
Show your SGF VIP passport at the Springfield Cardinals ticket window to receive our highest discount on chairback seats for your entire group!
Missouri ACTE
Professional Development Opportunities

● $500 scholarship for advanced degree/classes or high-quality career & technical professional development training/workshops
  o Payment towards tuition or workshops
  o Payable to educational institution or individual reimbursement with submission of proof of payment and attendance.

● $250 stipends (2) ACTE CareerTech Vision attendees (preference given to first-time attendees)
  o Two Missouri ACTE members
  o December 1–4 in
  o New Orleans, Louisiana

Application forms & information available online at https://www.acteonline.org/missouri/

Application deadline September 30
Award recipients will be notified October 10
New Teacher of the Year Award Winner:
Breanne Brammer

During her first year as an agriculture education teacher, Breanne took an inventory of the facility she inherited. She quickly saw that equipment had not been updated within the last century so she assessed what was needed. Some of the items were required for both class instruction and FFA activities. In order to have impactful service projects, she decided the FFA chapter was going to need supplies and if she was going to have engaging, hands-on classes she was going to need equipment. She also knew that she could not submit such a large list to a small, rural school and expect all items to be purchased. So she set to work securing resources. To date Breanne has been awarded more than $20,000 in grant funding for the agricultural education classroom and laboratory and FFA chapter.

When Breanne arrived at Salisbury High School, the chapter only had 22 members due to high teacher turnover. By providing consistency in chapter advisorship, she has enabled membership to grow to 45 members.

"Breanne has countless strengths that set her apart from her colleagues. I particularly admire her organizational and communication skills. Her role is multifaceted and she manages the planning and implementation for her complex events and schedules flawlessly. Moreover, Breanne's enthusiasm and passion for her career and technical organization, FFA, is extraordinary," raves Leanna Thomson, Salisbury Administration.
Carl Perkins Community Service Award
Winner: Tiffany Replogle

Tiffany demonstrates leadership in community service by coordinating with community leaders and FCCLA students to organize large fundraising events. The two events Tiffany has led the FCCLA students in the last two years are Boots, Band, and BBQ for the Marshfield Area Community Foundation and the Rotary Romance Raffle for the Marshfield Rotary Club. Tiffany has taught and demonstrated to the students how to dress and act in public settings as well as how to use good interpersonal relationship skills. This year, Tiffany also led the students in honoring the retired service members in the Springfield Airport that returned home from their annual Honor Flight. The students felt gratitude, pride, and patriotism from attending this event. The city of Marshfield opened a new park with a pool this summer and Tiffany and her FCCLA students served refreshments to the service members and citizens attending the dedication of Patriots Park.

Replogle is a leader in both her school and community. Jeffrey Curley, Marshfield principal, states, “Mrs. Replogle's community connections have been essential in placing her Child Development students in local daycares and preschools to gain real-world experience. Furthermore, Tiffany Replogle has proven to be a valuable member of our faculty and community, her devotion to her students is unparalleled and truly cannot be captured in words. Students are eager to learn under her compassionate instruction.”

Administrator of the Year Award Winner:
Dave Rockers

Dave Rockers has served the last 17 years as Director of Franklin Technology Center in Joplin. He began his career in CTE in 1982 serving as Marketing (Distributive) Education Instructor in McAlester Oklahoma. He served as a Marketing Education/Workplace Coordinator in Kansas and Missouri for another 12 years before entering CTE Administration.

During his career in administration, Mr. Rockers has overseen several construction projects beginning with a skid pad safety course for the Crowder College Truck Driving program, to serving on the design team for a complete rebuild of Joplin High School and Franklin Technology Center following the devastating tornado in May 2011.

Mr. Rockers has been a champion for Career & Technology Education for the duration of his career. Showcasing FTC's programs through social media outlets, including adding a website are a couple of the public relations campaigns he initiated. He also created a Student Ambassador program for FTC. This allows students participating in CTE reach out to prospective students, parents, and community leaders to educate them about career and technology education opportunities available through FTC. He serves on advisory committees for each of the programs at FTC, and keeps abreast of community needs through his association with industry leaders. He initiated a Registered Youth Apprenticeship program for students through the U.S. Department of Labor which provides students the opportunity to 'earn while they learn.' Mr. Rockers is the spokesman for CTE in the Joplin district and he is called
upon to make guest appearances on the local television and radio news outlets. In this role, he provides information about CTE programs and their benefits, and provides community updates for FTC activities and events. He has long been an articulate leader with a wide range of communication skills and an innovator who stimulates effective change by inspiring a shared vision for the future of both FTC and Career and Technology education. Dave is a trusted colleague who provides strong support and mentorship, which he has done for countless educators. He mentors CTE educators by providing valuable feedback and wise counsel. His passion for CTE does not exist in his tech centers; he also frequently meets with legislators, to advocate for funding as well as to help legislators understand the critical role CTE plays in public education and economic development.

Assistant Superintendent of Operations, Kerry Sachetta states, "Mr. Rockers cares about his students, his staff, and builds quality relationships that endure inside our district and across the state."

**Lifetime Achievement Award Winner:**
**Tracey Eatherton**

Dr. Eatherton is being recognized as one who has demonstrated innovation in the classroom through use of technology and the improvement of dual credit for students in her school. Dr. Eatherton is credited with, “leading the charge with area FACS instructors for several years to perfect the high school dual credit program designed to prepare students for the completion of the Nationally Recognized Child Development Associate Credential,” states Jennifer Sikes, Early Childhood Department chair at Mineral Area College.

Ten years before her district embraced the 1:1 computer/student ratio concept, Tracey Eatherton was weaving technological resources into her CTE classroom. Starting in 2002, she began writing grants to bring technology to her students, and since then has accumulated over $215,000 in funding to help students learn better through technology. Once these learning resources were available, this changed the face of her classroom. Rather than looking in a book, students were able to utilize inquiry-based lessons, and research current information and apply critical thinking and digital citizenship skills.

It is not often that a member of ACTE displays the type of involvement and leadership that Tracey Eatherton has given to this profession. Tracey has served on the board of MoEFACS, MoACTE, FCCLA’s National Board of Directors, and the board of the National Association of Teachers of Family Consumer Sciences or NATFCS, of which she serves as the Vice President of the Family and Consumer Sciences division.
Postsecondary Teacher of the Year Award
Winner: Debra Price-Scheppmann

Debra has spent the last 8 years as an instructor and Program Coordinator for Family and Consumer Sciences Education at Missouri State University.

Debra continues to push her program to grow to meet the needs of career and technical education teachers in Family and Consumer Sciences. Each summer she develops content specific graduate and undergraduate offerings to provide enrichment and training in new content areas. Debra has worked hard over the last several years to develop a Family and Consumer Sciences Graduate Certificate to work with current CTE teachers to expand their content knowledge while supporting them professionally. This certificate is available for anyone with an interest in FCS to get 15 hours of graduate credit to support their professional growth as an educator.

Over the course of the last seven years at MSU, Debra has worked with other faculty and staff to bring high school counselors and students to campus to see what our institution has to offer. As part of this project, she has also organized specific FCS visit events for local teachers and students. Recruitment into the profession of FCS education is key to the continuation of the program. Denise Cunningham, MSU Department Head, adds, “Debra is personally involved with each student in the FACS program and follows them into their employment, providing support and resources as needed. I believe Debra is exactly the type of individual that deserves this award. She is an asset to her program, department, college, and university.”

Teacher of the Year Award Winner: Brent Trankler

Upon graduation from Oran High School, Brent served six years in the U.S Army as both a reservist and on active duty as a 63B Light Wheel Mechanic. He attended Southeast Missouri State University pursuing a B.S. in Industrial Technology. While attending college he worked nearly four years in Industrial Maintenance. Upon graduating with his B.S. in May 2009, he decided to complete a B.S.Ed. in Industrial Education and was offered a position as the Welding Technology Instructor at Sikeston Career and Technology Center (SCTC) and started his teaching experience in August 2009 where he has since remained and thrived.

Brent's welding program demonstrates innovation and encourages exploration/experimentation among students in a variety of ways. Students get extensive hands on experience and understand the reasoning behind what they are doing. His students take on large projects that allow them the opportunity to push their limits and boost their confidence. One unique project that stands out was when his class built an exact 1/10th replica of a bottom dump trailer that a local business uses at their shows. This allowed the students to solve a real world problem. There were mistakes along the way but the students got through the process together and had a fantastic end result. Allowing enough freedom for the students to make mistakes and then learn from them is key to their development. With enough creative space and proper guidance you never know what a student can come up with. When working with CNC designing last year, a student in Brent's course designed and cut a custom metal piece that was presented to the Missouri Governor. This kind of achievement sticks with students for a lifetime, increases their confidence, and catapults them into a lifetime of success.
Brent’s program annually has a 95% direct placement rate. He has students that work locally, coast-to-coast, and internationally. Brent proudly explains he has students that go on to work as Boilermakers, Ironworkers, Pipe/Steam Fitters, Sheet Metal Workers, in Manufacturing Systems, and many other related careers. All of this is with zero student loan debt, full benefits, company paid travel, promotional opportunity, and a career they love. Brent’s current graduated top seven earners under the age of 24 collectively make nearly a million dollars annually.

Senator Holly Rehder adds, "Mr. Trankler has shown to go above and beyond his already pressing responsibilities as the welding instructor at Sikeston Career and Technology Center. He inspires students daily by raising their awareness of the greater world around them and equips them with practical experiences and technical skills they will need in their field."

**Award of Merit Winner: Leon Busdieker**

Leon Busdieker has served in Agricultural Education for over 42 years, starting as a secondary Agricultural Education Instructor and moving to the Missouri Department of Education State Staff and then to State Director, Food and Natural Resources. As an Agricultural Education Instructor, he was an active member in the Missouri Vocational Agriculture Teachers Association, serving in numerous leadership positions including: Area MVATA President, Area FFA Advisor, State MVATA Committees including State Fair, Career Development Events and State Degree committees. As a State District Supervisor, her served as: MO State FFA Executive Treasurer, Executive Secretary for the Missouri Professional Agricultural Students Organization and Missouri FFA Leadership Fund Board Member and Treasurer from 2006-present.

As State Director, her serves as: Missouri State FFA Advisor (349 Chapters, 26,000+ members), Missouri Young Farmers/Young Farm Wives State Advisor (31 chapters, 700 members) and Missouri Professional Agricultural Students Organization State Advisor (9 colleges, 250 members).

His wife is a retired teacher and they have 2 daughters. Stephanie is an accountant and mother of 2 of his grandchildren and 2nd daughter teaches Ag Business at Missouri State University. Leon will be retiring from DESE this year and plans to spend time helping out on their family farm while continuing to advocate for Missouri Agriculture.

**Award of Merit Winner: Jayla Smith**

Jayla has been a member of ACTE, Missouri ACTE and Missouri Educators of Family & Consumer Sciences for many years. She has always taken an active role at all three levels, national, state and locally advocating for CTE. Jayla has served as the Missouri ACTE Policy member for Region III for the past six years. Jayla has attended many ACTE National Conferences and has served on numerous ACTE and NATFCS committees. Jayla has also served on many different state and division committees. She has been active for the past six years serving on the Missouri ACTE Executive Board as the Region III representative. Jayla works hard and goes above and beyond the call of duty. She has continued to teach in the Tri-County High School part time after retiring so that the FCS
department did not close. Jayla has helped to coordinate Missouri ACTE activities such as Summer Conference, Legislative Day, Region III Conference and has attended ACTE NPS as well for the past twenty plus years. Jayla works tirelessly in her school and dedicates hours to her FCCLA chapter and FCS students. Jayla also coordinates the districts A+ program. She is well known in Missouri for her pies. She makes awesome pies from scratch and shares those with others. Jayla also owns Quarter horses and she and her daughter have continued to run the farm she lives on from the time her husband was diagnosed with West Niles disease to the present. Along with her teaching duties she took care of Ray after he came home and did this for nine years. They raise crops and colts on their farm. Jayla is an awesome role model for many of us in Missouri CTE. Jayla deserves this award and honor for her tireless efforts in our state.

**Legislator of the Year Award Winner:**

**Karla Eslinger**

Karla Eslinger currently serves as the Missouri Senator for the 33rd District. Before her career in legislature, she spent nearly 40 years as an educator. After graduating from College of the Ozarks, Karla began her teaching career at Lutie School District where she taught several grade levels and subjects. From there, she went on to become a principal within the district and later for the Gainesville and Ava School Districts. Karla earned her doctoral degree from University of Missouri and served as superintendent for the Ava School District and eventually retired from the West Plains School District. Following her retirement, she held a position of assistant commissioner of education for the Missouri Department of Elementary and Secondary Education (DESE). Additionally, she was a senior analyst for AEM Corporation. With AEM, Eslinger helped schools effectively implement large federal grants. Prior to being elected to the senate in 2020, she served in the Missouri House of Representatives for the 155th District.
President Elect Candidates

Jonathon Walker

Jonathon Walker is a Business/Marketing teacher at Kirksville Area Technical Center since 2012, he will begin a new job as a Business Faculty position at Culver Stockton. Jonathon has served as the FBLA Advisor at Kirksville. Jonathan was appointed to and currently serves on the Missouri CTE Advisory Council and he also has served on several Kirksville R-3 School District Committees. Jonathon’s philosophy of career and technical education is as follows: Career and Technical education is an important field of education which allows students to the opportunity to become career ready through teacher lead experiences, projects and collaboration with the community. Career and Technical education allows students to achieve Industry Recognized Credentials that allow secondary and postsecondary students to demonstrate the skills they have attained. Career and Technical education supplements core education requirements and reinforces the standards required to graduate from high school and post secondary institution through project and problem based learning strategies. Career and Technical education is learning through doing. Career and Technical education provides career and college readiness skills for secondary and post secondary skills. Many believe in the “College for All” philosophy which is not appropriate for all students. Career and Technical Education provides skills which students can take into a career field immediately after secondary school.

Rachal Lamp

Rachal Lamp is a Business/Marketing teacher and FBLA District 4 Adviser at West Platte. Rachal has been an active member of MBEA for the past 21 years. Rachal’s teaching career began in Cape Girardeau Career and Technical Center in Cape Girardeau, Missouri. Career education is a passion that my position as a business/marketing instructor in Cape helped to create. After thirteen years I had some family issues that required me to move across the state to the Kansas City area. I have taught business/marketing at West Platte Public School in Weston, Missouri for the past seven years.

Tuesday Evening MBEA/MCEA Banquet Keynote Speaker: Sean Crevier

About Sean Crevier
Sean began teaching business classes in 1999, after leaving the technology consulting world. He currently teaches Accounting, Personal Finance and Intro to Business. In addition to his role in the classroom, Sean serves on the ACTE National Bylaws Committee and also works as an educational consultant and trainer for the AICPA on the National Accounting Curriculum Team, training teachers on implementing college accounting curriculum, APBP, into their high school courses.

An Instructional Technology Coach of five years and self proclaimed “Ed-Tech Geek”, Sean is a Google Certified Educator, blogger for “Tech & Learning” magazine, and Sophia.org FlipClass Certified Teacher. Since 2012, Sean has been flipping his accounting courses and implementing “20% Time” Project Based Learning with his students. Sean is the author of “GetUp Living” and has given several educational keynotes, workshops, and a TED talk. He is the co-founder & administrator of the monthly #BusEdu chat on Twitter and loves learning with other educators.

A Midwest native who battles daily with his "Only Child Syndrome", Sean is an outdoor enthusiast, worse golfer than he’d like to be, slower triathlete than most, Purdue Boilermaker, and die hard Packer fan residing on the border of Illinois & Wisconsin with his wife and two kids.
Tuesday evening – MBEA/MCEA Conference Events
DoubleTree by Hilton

➢ 6:00 p.m. – 7:30 p.m. – ‘Kick Up Your Spurs’ with MBEA/MCEA!

  **Social Event Sponsored by: KCAV (Kansas City Audio Visual)**
  (see ad - page 10)

Wednesday, July 28 – MBEA/MCEA Conference Workshops
DoubleTree by Hilton

Morning Workshops - Three Sessions (50 Minutes each)
4 rooms, 3 sessions of outstanding workshops
All MBEA/MCEA workshops and events will be marked to indicate which program affiliation, Marketing or Business, would benefit from workshop content.

Audience Key: M – Marketing; B – Business; MB – Both Marketing and Business
8:00 a.m. – 8:50 a.m. – Morning Session 1

1. **Bringing Project Management into Your Classroom**
   - Room: Glendalough I-A  
   - Tracks: MB  
   - Tammy Cyrus, MBA Research, Director of Professional Development  
     Are you trying to bring projects into the classroom but struggle with a consistent structure to use while managing those projects? Project management tools, techniques and templates can help bring structure to constructive chaos. Come for an overview in project management and leave with access to project management resources to take students to a higher level of learning.

2. **Teaching for this Moment: Solutions to Start Your Year Successfully**
   - Sponsor Presentation: EVERFI  
   - Room: Glendalough I-B  
   - Tracks: MB  
   - Heather Miller, Everfi  
   - COVID and distance learning have presented myriad problems for students and educators: FAFSA applications are down 15%, 29% of parents feel their child is experiencing harm from social isolation, students are missing out on in-person job-training experiences, only 9% of students from low-income communities graduate from college, and children’s mental health emergencies skyrocketed after COVID. How can we tackle these issues head-on with students?  
     During the presentation, we will cover this problem set and educators will learn about resources and best practices that cover these topic areas. They will leave with access to online and offline resources that are student-driven, standards-aligned, self-graded, and FREE to use.

3. **Hospitality and Tourism Reboot: Industry Trends and Career Development Shifts**
   - Room: Glendalough I-C  
   - Tracks: MB  
   - This session sponsored by our Celebrated Corporate Sponsor: Missouri State University  
   - Dr. Stephanie Hein, Department Head of Hospitality Leadership, Missouri State University  
   - It is no secret that COVID-19 significantly affected the hospitality and tourism industry. The good news is the industry is rebounding at a faster pace than many predicted. The recovery, however, is not without challenges. In this session, current and future hospitality trends will be discussed. Focus will be given to addressing how these trends influence hospitality education. Areas highlighted include changes in student skill development and career preparation.

4. **20% Time / Genius Hour in CTE: Tools for Project Based Learning**
   - Room: Glendalough III  
   - Tracks: MB  
   - Sean Crevier, Author, Business Educator, Presenter  
   - See how empowering our students with content choice can result in amazing learning. CTE and business education is the essence of serving student passion and in this session attendees will understand how 20% Time is built to leverage student passion and feed student growth and learning in true #BusEdu fashion. We’ll explore project-based learning through the use of Google’s famous 20% time philosophy and look at tech tools that integrate smoothly into this unique student learning and teacher assessment process. Attendees will leave completely prepared for immediate implementation to initiate unique student learning in their business department.
9:00 a.m. – 9:50 a.m. — Morning Session 2

- **Understanding Emotional Intelligence and the Myth of Rationality**
  - Room: Glendalough I-A
  - Tracks: MB
  - **This session sponsored by our Celebrated Corporate Sponsor:**
    - Missouri State University, College of Business Associate Dean
  - Dr. Elizabeth Rozell, Missouri State University, College of Business Associate Dean
  - Do you understand your own emotions and the impact they have on behavior? This session will include a presentation on the importance of perception, making judgements about others, and emotional intelligence. Implications for the classroom and workplace will be presented.

- **Exploring Business and Marketing Practices with EVERFI**
  - Sponsor Presentation: EVERFI
  - Room: Glendalough I-B
  - Tracks: MB
  - Heather Miller, EVERFI
  - Explore business and marketing practices while also supporting student health with EVERFI’s Vaping: Know the truth. Come to this session to learn about this resource and walk away with a ready-made activity: Business/Marketing in Vaping Industry. This lesson consists of a 10-minute digital lesson where it confronts learners with the hard facts about e-cigarette companies’ marketing and advertising schemes, and then students will study misleading advertising, replacement customers, congressional hearings in the legal action against JUUL, and cigarette vs. vaping packaging, design & marketing styles. Teachers will lead a discussion about Marketing and business best practices, and explore the extension activities with the Vaping: Know the Truth Resources.

- **3D Printing: Where to start and find all that you need!**
  - Sponsor Presentation: Kansas City Audio Visual
  - Room: Glendalough I-C
  - Tracks: MB
  - Dane Cockrell, Kansas City Audio Visual, VariQuest Product Specialist
  - We will look at my favorite place to start with 3D design and learn how easy it is to begin getting students designing. Also, learn how long it may take to get this started in your classroom. We will look at different resources online on where to find premade designs and other activities as well.

- **Makin’ Money Easy**
  - Room: Glendalough III
  - Tracks: MB
  - Sean Crevier, Author, Business Educator, Presenter
  - An energy-filled time of resource rich ways of “Makin’ Money Easy” for your students awaits! Come see how business teachers have been seeing breakthrough results using research based curriculum & delivery frameworks (APBP, Color Accounting, & more) that leverage graphics, innovative language, and manipulatives to teach kids about money. Whether you teach Personal Finance, Accounting, Entrepreneurship, Intro to Business, or any other course that covers money... this session will pack your tool kit full of immediately implementable ‘take-away’ to start “Makin’ Money Easy” for your kiddos! C’mon, join me sharing 22 years of best practice discovery teaching and learning about money.

Contact:
MaryGPhillips@MissouriState.edu

* COVID-19 advisory: This event will adhere to all Missouri State University COVID-19 policies.*
10:00 a.m. – 10:50 a.m. – Morning Session 3

- **Bringing Ethics into the Classroom**
  Room: Glendalough I-A  Tracks: MB
  *Tammy Cyrus, MBA Research, Director of Professional Development*
  Ethical decision-making is hard. Research shows that ethical decision-making can be taught. Come learn about the three stages of moral development and the free resources that are available from the Daniels Fund High School Ethics Initiative to bring ethics into the classroom or offer as a stand-alone course.

- **Understanding Native Advertising: Current and Future Applications**
  Room: Glendalough I-B  Tracks: MB
  *This session sponsored by our Celebrated Corporate Sponsor:*
  *Missouri State University, Assistant Marketing Professor*
  Dr. Jamie Grisby, Missouri State University, Assistant Marketing Professor
  This presentation will discuss the current state of native advertising on social media; the approaches and strategies used by advertisers, how native advertising impacts and influences consumers, and how native advertising is regulated. It will also offer some predictions for the future of native advertising, and discuss how these topics can be covered in a classroom.

- **Circle of Concern versus Circle of Influence**
  Room: Glendalough I-C  Tracks: MB
  *Pam Klaus, Missouri Western State University, Craig School of Business Professor*
  Our Circle of Concern depletes our energy focusing on negative aspects in our lives we cannot control. In this session, you will learn how to assert your Circle of Influence to positively impact your life and overall well-being.

- **The Esports Marketing Challenge**
  Room: Glendalough III  Track: M
  *Scott Fuenfhausen, Columbia Area Career Center*
  In association with Dell computers and Maryville University in St. Louis, our marketing teams collaborated to create a state-wide contest for one of the fastest growing high school sports in America - Esports. Student teams will create a marketing plan for their school’s Esport team and submit it to Maryville University’s Rawlings Sports Management school. The winning team will win an expenses paid trip to Maryville’s sports marketing summer camp. Other career center programs also have an opportunity to compete is secondary events (Digital Media, Graphic Design, Web Design, Broadcasting, etc.)
11:00 a.m. - 11:50 a.m. - Morning Session 4

- **Teachers Across MO Are Supplementing CTE Curriculum with Free Resource Learning Blade**  
  **Room:** Glendalough I-A **Tracks: MB**  
  **Joshua Sneideman, Vice President, Learning Blade**  
  Over 20,000 students in MO have had the chance to complete Learning Blade STEM/CS career awareness lessons, completing more than 180,000 online STEM lessons and access the many teacher lesson plans. Attend this session to learn how to integrate Learning Blade into your curriculum to provide numeracy and literacy-based lessons that support CTE career exploration.

- **Blockchain: No Longer Optional**  
  **Room:** Glendalough I-B **Track: B**  
  **This session sponsored by our Celebrated Corporate Sponsor:**  
  [LOGO] **David Hammons, Missouri State University, Information Technology Professor**  
  No longer just for Bitcoin, blockchain will soon be used in all sorts of industries, such as supply chain traceability, digital contracts, and even for the commodification of digital assets. This session will introduce the absolute basics of how a blockchain functions, so even if you've never heard of the word blockchain, you'll come away with an understanding of how it works. **We will also discuss future applications for businesses.** Much like the internet, blockchain will soon cease to be an innovation and will rapidly become essential to business operations.

- **Circle of Concern versus Circle of Influence**  
  **Room:** Glendalough I-C **Tracks: MB** (repeat session)  
  **Pam Klaus, Missouri Western State University, Craig School of Business Professor**  
  Our Circle of Concern depletes our energy focusing on negative aspects in our lives we cannot control. In this session, you will learn how to assert your Circle of Influence to positively impact your life and overall well-being.

- **Class-Built on Zoom: All the Teaching Tools You'll Need in ONE APP!**  
  **Sponsor Presentation:** Classroom Technologies, Inc.  
  **Room:** Glendalough III **Tracks: MB**  
  **Kelly Fees, Classroom Technologies, Inc.**  
  Brand new on the education market, you won’t believe all of the tools this one application gives you for organizing, managing, and real engagement with your students. So many tools integrated like instant assessments, graded and sent right to your integrated gradebook. (No more transferring scores to another application.) Want to view your students on-screen alphabetically; by engagement; or on-to-one without leaving the classroom? You can with Class of Zoom! Come check out this incredible breakthrough for online learning. They have thought of everything to make it easier for teachers to teach!

Building a Market Powered Classroom
Room: Glendalough I-A  Tracks: MB
Jason Filie, Success Manager, Empowered (formerly Young Entrepreneurs)

Bring the same mechanics that propel human progress and innovation in the real world, to life in your classroom. Empowered is a hands-on student-centered method that transforms any classroom, in any content area, into a real-world experience. Learn more about Empowered’s freeing methodology, flexible tools & resources, and supportive teacher community in this fun & informative session. You will also have the opportunity to hear directly from our teachers, people who are bringing Empowered to life in their classrooms every day.

Empowered is built on a simple premise. Believe in and empower teachers and they will do amazing things. Empowered is a community of educators embracing a powerful methodology, brought to life by Youth Entrepreneurs and our library of curriculum resources. Learn more about this methodology, tools and resources that can be implemented in any CTE content area, in this session.

If you would like to learn more about Empowered prior to this session, visit www.teachempowered.org or check out our teacher magazine at www.empoweredteachermag.com.

Stressed Out Students, Staff, & Parents: Anxiety & Interventions
Room: Glendalough I-B  Tracks: MB (repeat session)
Gen Nelson, Missouri School Counselor Association

Anxiety symptoms and disorders have been on the rise in recent years, but the pandemic is skyrocketing stress levels across the board. When is it more than just stress? What does having anxiety really mean? Join school counselor, Gen Nelson, in this session for information on how anxiety presents itself in the school setting - in students, staff, and families - and how you can help!

Teaching is Your Business
Room: Glendalough I-C  Track: M
Kelly Fowler, Blue Springs High School

After teaching for 15 years, there have been some major fails and major successes...similar to any start-up business. I would love to help any new or struggling teacher in understanding your business - which is YOU, your classroom, your content - and YOUR BUSINESS. Tips on how to OWN it, LOVE it, and know your WHY.

NextGen Presentation: Teaching Personal Finance Through Arcade Games
Room: Glendalough III  Tracks: MB
Christian Sherrill, NextGen

In this virtual session, teachers will explore, play, and discuss implementation strategies for Next Gen Personal Finance’s Arcade Games. These free, interactive learning tools take a playful approach to crucial Personal Finance concepts such as budgeting (Money Magic), Insurance (Bummer!), Paying for Higher Ed (PAYBACK), Saving (SPENT), Predatory Lending (Shady Sam), Investing (Build Your STAX), and more. Be sure to bring your device to engage fully!

Sunday, July 25th

- 5:00 p.m.- 6:00 p.m.
  - MoEFS 2020-21 Executive Board Meeting
    - OHS Library

Monday, July 26th

- 8:30-9:30 a.m.
  - Registration
    - OHS Lobby
- 9:00 a.m.- 4:00 p.m.
  - Apparel, Textiles & Interior Design Pathway - Repurpose & Redesign Workshop, Lydia Merritt
    - G038 and G047
    - Fee $70 includes lunch LIMITED TO 36 PARTICIPANTS
    - Pre-Conference Registration and Fee Required
    - In this hands-on workshop you will be immersed in the world of repurpose and redesign, the hottest trend today in Apparel, Textiles and Interior Design. Aligning with Repurpose and Redesign FCCLA STAR Event, participants will create projects of their choice utilizing repurposed fabrics, home or apparel items. Simple patterns, supplies and fabrics will be available or participants are invited to bring in their own garments or home good items to use their creative and problem solving skills into a new product.

- 9:00 a.m.- 12:00 p.m.
  - Interactive C-Section Belly, Parrie Bayles
    - Ozark Junior High
    - Fee $45 includes lunch
    - Pre-Conference Registration and Fee Required
    - Please note: This event will take place at the Junior High Building, 1109 W. Jackson, Ozark, MO
    - Take your child development class to the next level! Join us to make your very own interactive c-section belly. All of the necessary supplies will be provided and you will have time in class to construct this teaching tool. You will learn how to implement this c-section lesson with handouts, video, manipulative lesson, and a powerpoint presentation.
o **FCCLA Boot Camp, Debra Price**
  - G027
  - Fee $10 includes lunch
  - Pre-Conference Registration and Fee Required
  - FCCLA Boot Camp is a must for new and returning teachers or any current teacher that is looking to get more involved in FCCLA. This workshop will cover everything from basic FCCLA knowledge to how to get students involved to ways to use FCCLA to impact the community. This workshop will allow for additional breakout options integrating FCCLA into curriculum, utilizing STAR Events, and getting involved at the regional, state, and national levels to meet the needs of all participants. **Bring your own fully charged device and extension cord.**

- **10:30 a.m.- 12:00 p.m.**
  o **MoCo Entrepreneurship--Designing Business Ventures with Teenagers, Beth Beattie**
    - G024
    - Fee $10 includes lunch
    - Pre-Conference Registration and Fee Required
    - Have you ever wanted to sit in on how another teacher leads and organizes a class? At Montgomery County HS, Beth Beattie's Entrepreneurship students start pitching project ideas within a month of the start of school. This workshop will feature an overview of their 2020-2021 projects and how you can modify them for your students. Almost all FCCLA fundraising is handled in this year long, co curricular course.

- **10:00 a.m.- 1:00 p.m.**
  o **Help, My Food Labs are Running Me! Hali Hill and Lori Krug**
    - G036
    - Fee $50 includes lunch, LIMITED TO 36 PARTICIPANTS
    - Pre-Conference Registration and Fee Required
    - Are you struggling to find a good lab management system? Confused on how to grade labs or fit labs into 50 minute class periods? We are here to help! Join us for this 3 hour session over lab planning, management and grading. We will be walking you through labs from start to finish at all levels of culinary classes. This session is just what you’ll need to get back on track!

- **12:00 p.m.- 12:45 p.m.**
  o **New and Returning Teacher Networking Luncheon**
    - OHS Library
    - Are you new to teaching Family and Consumer Sciences? If so, this session is for you! We will discuss places to find the answers to all of your just getting started questions and give you a chance to meet people who can help you throughout the year. Lunch will be catered by McAlisters. Sandwich, chips, a cookie, and a drink.
1:00 p.m. - 4:00 p.m.
  o Creating and Implementing Digital Notebooks into the FCS Classroom, Lindsay Harlan
    • OHS Library
    • This course will help guide teachers through the ins and outs of creating and using digital notebooks in the FCS classroom. Teaching students virtually and in-person is a challenge, digital notebooks can incorporate content and fun for both types of learners.
    • Bring your own fully charged device and extension cord.

  o Don’t Talk About It, Be About it, Leigh Ragsdale
    • G027
    • Do you ever have BIG ideas or dreams for your school or classroom, but you just don’t know how to make it happen? I totally get it. My philosophy has ALWAYS been, "Don’t Talk About It, Be About It!" In this session you will be inspired to think outside the box on ways to engage your school, families, and communities to rally behind your brilliant ideas. We will explore how to take an idea from ordinary to extraordinary and how to make it become a reality!!!! You've got this! Bring your own fully charged device and extension cord.

1:00 p.m. - 2:30 p.m.
  o The Business Side of Interior Design, Maria Cass
    • G024
  o Textiles & Techniques, Josie Baird
    • G030.
    • During this fast paced Hands-On session you will learn essential sewing and serger techniques that will enhance the classroom experience. Utilizing the Each One-Teach One Method you will have the opportunity to practice French seams, Free Motion Stippling, Cover Stitch Applications, One Step Automatic Buttonholes, Serger Ruffling, and more.

2:45 p.m. - 4:15 p.m.
  o Hyperdocs with Holly, Holly Kelley
    • G024
    • Learn how to create your own HyperDocs using Family and Consumer Sciences content integrating technology. Ready made units available for all. Bring your own fully charged device and extension cord.

5:00 p.m. - 8:00 p.m.
  o Evening Social Event; Charcuterie Workshop, 417 Charcuterie
    • Must register through Wonders of Wildlife (WOW): https://17197.blackbaudhosting.com/17197/Charcuterie-FCLA
      (WOW members can login and register. Non-members may register
We’re teaming up with Wonders of Wildlife and 417 Charcuterie for an evening of food and fun! This event is the perfect opportunity to enjoy some food, and learn a few new skills.

- After burning your own wood board, you’ll learn how to arrange the perfect charcuterie with an expert-eye guiding your hand. You will be sent home with a kit and instructions on how to finish and seal your charcuterie board.
- One* Nonalcoholic drink and hors d’oeuvres are included with the option to purchase more drinks.
- *WOW MEMBERS RECEIVE 2 DRINK VOUCHERS
- You will also receive a ticket to tour the Wonders of Wildlife Aquarium and Museum from 5-5:50 pm, prior to the class.

Complimentary Full Breakfast (for hotel guests)
Figi Ballroom

- 8:00 a.m. - MHSE Welcome – What is MHSE?
- 9:00 a.m. Janet Taylor
  - **Rain Man: Discovering each student’s learning style.**
    100 years ago, students of all ages were put into a one-room schoolhouse and taught from a single blackboard in the front of the room and from books that were passed down from sibling to sibling. Only the basics were taught in order to ensure the students would be intelligent enough to be able to function when they completed the 8th grade. Since then we have discovered that everyone learns differently. But studies have since shown that there is more to “just a learning style”. We have to continuously think of ways to not only engage our students but help them to learn how to learn.

- 10:00 a.m. Janet Taylor
  - **Embracing Technology in the Classroom**
The average EMS student was born in the 1990s’-2000s’. This generation of students has limited experience with relying on hardcopy textbooks and paper and pencil to learn but rather they have had access to computers and the internet for most of their lives. By using this technology, we can actually create a generation of healthcare providers who have a better comprehension of anatomy and physiology with a higher level of critical thinking skills. In this session, we will see different apps available as well as how to capture video clips, take screen shots and how to embed them into a presentation seamlessly.

➢ 11:00 a.m. Janet Taylor
bullet An Extraordinary Mind: Mental Illness Review
Why doesn’t a person with depression just take his/her medications to feel better? Why can’t the person with paranoia just ignore the voices, don’t they just “turn off”? What is Catatonia and what can we do to treat it? How do you interact with someone who has schizophrenia? What does it mean when someone cuts themselves to, “feel the pain on the outside”? We don’t get enough training to adequately handle our patients who have psychiatric disturbances and this certainly isn’t going to make you an expert on the subject but understanding the basics to mental health problems and the stigma that goes along with it may make us better providers and better develop a rapport with our patients and their support system so they can get the help they need.

➢ 12:00 a.m. Lunch (Included with conference) Grand Ballroom (next door)

➢ 1:00 p.m. – Cluster Meetings-
bullet Allied Health – (Bora Bora Boardroom)
bullet Nursing – (Sahara B)

➢ 3:30 p.m. – continue to Thursday

**Thursday, July 29th**

Complimentary Full Breakfast (for hotel guests)
Figi Ballroom
➢ 8:00 a.m. –Tracy Bell
bullet Define trauma: who is considered a trauma survivor, how chronic stress and adversity impacts development, learning, and relationships later in life. ACE studies and how its
findings are changing the way we understand and approach our students. Foundational understanding of the ACE studies and the Neurosequential Model- interventions that can be utilized by educators to enhance the learning environment.

- 9:15 a.m. Break
- 9:30 a.m. Dr. Tracy Bell continues
- 11:00 a.m. Closing

**Speakers**

**Janet Taylor**

After graduating from nursing school in 1998, Janet worked in various departments through the hospital gaining knowledge and experience in ICU, obstetrics and ER. Janet has been a flight nurse since 2004 and works full time for Life flight Eagle out of Kansas City. In additional to flying she works enjoys teaching part time for EMS conferences across the country and for local paramedic programs. She also writes modules for various online forums. You can see where she will be heading next at [www.emsteacher.com](http://www.emsteacher.com). You can also reach her at janettaylor6@icloud.com

**Tracy Bell**

Mrs. Tracy Bell is an Assistant Professor of Family Studies and Social Services. Mrs. Bell earned her MSW in Social Work from the University of Arkansas at Little Rock. She earned her BA in Family Life Counseling from Ouachita Baptist University. Mrs. Bell is a Missouri Licensed Social Worker and is a Nationally Certified Life Coach.

Mrs. Tracy Bell has a heart for children. Her training and work experience have focused on unprivileged, traumatized children. Mrs. Bell teaches most of the social work program courses. Two of these courses focus on the traumatized child. Her goal is to train the next generation of young clinicians with knowledge of how trauma impacts a child’s brain development and to equip students with skills to help promote healing within God’s precious gifts, children. She continues to make this endeavor a major focus of her continued education. She recently began her certification in Neurosequential Model of Therapeutics from the Child Trauma Academy in Houston, TX. In addition to her responsibilities at the College, Mrs. Bell is a speaker for Focus on the Family National Institute of Marriage.
MTTA/TEAM
Tuesday, July 27th

➢ 10:00 a.m.
  ○ MTTA General Session/ Business Meeting/ Reception
    ▪ Sahara A & B
    ▪ Attendance is Required (Door Prizes)

CLUSTER MEETINGS
Architecture and Construction
Art, AV and Communication
Information Technology
Law, Public Safety, and Security
Manufacturing
Transportation, Distribution, and Logistics
Will take place at roundtables.

➢ 1:00 p.m.
  ○ You Have a Great Program – But Who Knows About It?
    ▪ Ever wonder what students or parents REALLY want to know about your program? This presentation covers research-based topics that attract motivated students to your program. By marketing the full potential of Career Technical Education Programs you can build a high quality program to help fulfill the skilled worker gap.
    ▪ Brent Trankler, Sikeston Career and Technology Center
    ▪ Linda Stinson, STS Supervisor: DESE
    ▪ Sahara A & B

➢ 2:30 p.m.
  ○ Law, Public Safety, and Security
  ○ Criminal Justice Instructors of Missouri (CJIM) Curriculum Development
    ▪ Criminal Justice Instructors of Missouri Annual Conference – Focus for the year is on developing a common curriculum for the entire state.
    ▪ All Criminal Justice Instructors invited to attend
    ▪ Rodger Bowers
    ▪ Oasis Bora Bora

➢ 3:00 p.m.
  ○ Transportation, Distribution, and Logistics
    ▪ MCRIA-Missouri Collision Repair Instructors Association Regular Business Meeting and Roundtable
    ▪ Rodger Bowers
    ▪ Oasis Sahara B

61
➢ 3:00 p.m.
   o Transportation, Distribution, and Logistics
      ▪ Automotive Instructors
      ▪ Ed Frederick
        Oasis Sahara A

Wednesday, July 28th

All Cluster Session

➢ 9:00 a.m.
   o Why You Should Promote Your Industry Recognized Credentials and Stackable Credentials
      ▪ IRC's and stackable credentials are key to recruiting potential quality students for your program. Learn what they are and why it is important for students to earn IRC's and stackable credentials in your program.
      ▪ Brent Trankler, Sikeston Career and Technology Center
      ▪ OTC IC 108 BC

Architecture and Construction

➢ 9:00 a.m.
   o Preparing 9th and 10th Grade Students for Careers in the Skilled Technical Sciences
      ▪ Courses to help prepare students for entry into STS programs offered at the 11th and 12th-grade are rare. Based on the demand for skilled labor in the Manufacturing, Transportation & Logistics, and Architecture & Construction career clusters, the need for preparatory courses arose. UCM, with the help of current CTE instructors and administrators, developed two courses to help prepare 9th and 10th-grade students for future STS programs and a rewarding career.
      ▪ Mike Pantleo,(UCM): Assistant Professor
      ▪ Michelle Conrad UCM: Associate Professor
      ▪ OTC ICW 237

Manufacturing

➢ 9:00 a.m.
   o Welding with Tomorrow's Technology Today
      ▪ This presentation will go all day 9am to 4 pm.
      ▪ Fronius
      ▪ OTC ITC 103/104
Arts, AV and Communication

- 9:00 a.m.
  - ACA Exam Objectives and Classroom Curriculum & How to offer the Exam
    - We will be discussing ways to make sure you are teaching the Adobe Certified Associate Exam Objectives and the best ways to set up for the Exam. You will also have the opportunity to certify as well as see how the online certification works by taking an exam yourself.
    - Please bring your computer to the session.
  - Art Maxwell, Certiport Onboarding Team
  - OTC GRF 104

Information Technology

- 9:00 a.m.
  - Information Technology Roundtable!
    - Come join us and bring your ideas and concerns to share with the group!
  - Monika Masuda, Lex La Ray
  - OTC ICW 238

Law, Public Safety, and Security

- 9:00 a.m.
  - Teaching Law Enforcement Students De-Escalation and Excited Delirium
    - Courses to help prepare students for entry into STS programs offered at the 11th and 12th-grade are rare. Based on the demand for skilled labor in the Manufacturing, Transportation & Logistics, and Architecture & Construction career clusters, the need for preparatory courses arose. UCM, with the help of current CTE instructors and administrators.
    - Angeleic Huth, Herndon Career Center: Law Enforcement Instructor
    - OTC ICW 222
Transportation, Distribution, and Logistics

➢ 9:00 a.m.
  o Advanced Driver Assistance Systems (ADAS) Calibration Tools and Overview
    ▪ Advanced Driver Assistance Systems (ADAS) are here and now. We will need to know this technology to share with our students. Automotive Technologies will be giving us an overview of the equipment and training available for this "high tech" area of the collision repair industry.
    ▪ Automotive Technologies
    ▪ OTC ITC 105 & 107

Architecture and Construction

➢ 10:00 a.m.
  o Construction Management
    ▪ State Fair Community College program in Construction Management. An explanation of program outcomes and career opportunities for graduates.
    ▪ Richard Vanderweide, State Fair Community College: Construction Technology Program Coordinator
    ▪ OTC ICW 236

Manufacturing

➢ 10:00 a.m.
  o Tig Welding Basics and Essentials (Hands-on)
    ▪ Tig Welding Basics and Essentials demonstration and hands-on training.
    ▪ Jerad Hembree, Missouri Welding Institute
    ▪ OTC ITC 103

Architecture and Construction

➢ 11:00 a.m.
  o Opportunities in Heavy Highway Construction
    ▪ An exploration of opportunities for graduates in the Heavy Highway construction industry. The impact of infrastructure spending on job opportunities.
    ▪ Don Rosenbarger, Delta Companies: Business Development Manager Workforce Focus
Arts, AV and Communication

- **11:00 a.m.**
  - **Let's Talk! Productive Graphics Roundtable!**
    - Come join us to talk all Graphic Design Teaching ideas! Bring your favorite Ideas to share with the group! We will be using a discussion layout that you can take to your classroom to use.
    - Alicia Weber, Nevada Regional Technical Center: Graphics Instructor
    - OTC ICW 238

Information Technology

- **11:00 a.m.**
  - **Virtual Reality in CTE**
    - We will explore how virtual reality can help enrich student learning in a CTE environment. In this presentation I will show the pros and cons of various VR headsets and software that is available for different program areas.
    - Bandon Dennis, Grand river Technical School
    - OTC ICW 220

MTTA Luncheon

**Sponsored by AGC of Missouri Education Foundation**

- **12:00 p.m.**
  - **MTTA Luncheon**
    - All Members welcome
    - RIB CRIB Check with Paul on the Sponsor
    - OTC LCN 211

All Cluster Session

- **1:00 p.m.**
  - **Inspiring Youth Apprenticeships in Career Technical Education**
    - An interactive introduction to Registered Youth Apprenticeships for Career Technical Centers and High School Trade programs. The second session will be an
overview for successful start-up, community education, and recruitment.
- 2-2:50 will be Q&A
- Cynthia Walker, Apprenticeship Specialist
- OTC ICW 222

Architecture and Construction

➢ 1:00 p.m.
  - Building Layout Technology
    - An exploration of the new technology utilized in laying out building projects. The applications of VR and AR will be explored. (Hands on event.)
    - Corey Bell, Building Point Mid-America, CEO
    - OTC ICW 236

Arts, AV and Communication

➢ 1:00 p.m.
  - Laser Etching & Cutting in the Classroom (Hands-on)
    - Unlock the creativity of your students. Bolster your fundraising efforts. Open up a world of possibilities in the classroom. Come learn about ways a laser engraver can benefit your school or classroom, as well as hear some tips and tricks for existing users. Please bring at least one design and a computer to session.
    - Aaron Panek, Depco Enterprises: Educational Consultant
    - OTC ICW 238

Information Technology

➢ 1:00 p.m.
  - Hyper-V Virtualization
    - Overview of Hyper-V, including brief overview of setting up a replication server, and small cluster.
    - Carl Alcott, CTO: KC Helpdesk
    - OTC ICW 220

Law, Public Safety, and Security

➢ 1:00 p.m.
  - Industry Visit
    - TBD. Updates to cluster will be provided.
    - Rodger Bowers
Transportation, Distribution, and Logistics

➢ 1:00 p.m.
   ○ Air Brush Training with Ed Sederburg
     ▪ Ed Sederburg from the Rolla Technical Institute will be sharing his talents as an air brush artist. This will give instructors an opportunity learn the basics of air brush artistry to share with their students. This class is limited to Collision Repair Instructors only, unless prior arrangements are made.
     ▪ Ed Sederburg, Rolla Technical Institute: Instructor
     ▪ OTC 105 & 107

All Cluster Session

➢ 2:00 p.m.
   ○ It's Free and Super Useful!
     ▪ National SkillsUSA created and made available four useful free online resources for educators. You will get a taste of all four and be prepared to use the information on the first day of school.
     ▪ Resources to Explore:
       • 1) Framework and Essential Element Toolkit
       • 2) Jump Into STEM
       • 3) Program of Work Toolkit
       • 4) Championships and Technical Standards
     ▪ Kelli Engelbrecht, National SkillsUSA Trainer & Coach
     ▪ OTC IC 108 BC

Architecture and Construction

➢ 2:00 p.m.
   ○ New Technology in Power Tools
     ▪ An exploration of the advances and advantages of the new technology in hand held power tools.
     ▪ Kurk Brown, Team Tools LLC, General Manager
     ▪ OTC ICW 236
Arts, AV and Communication

➢ 2:00 p.m.
  o Car Wrap Demo (Hands-on)
    ▪ Come join us for a hands-on car wrap demo. Learn how to wrap a car from beginning to end and then get the opportunity to try it yourself. Each attendee will get a piece of a car to wrap themselves. All materials will be provided! Lesson ideas included.
    ▪ Billy Humble, H3 Graphix: Graphic Designer/Business Owner
    ▪ OTC ICW 238
