An additional statement regarding having no conflicts with ACTE in our region policies has been added to our Policy and Procedures Manual. The ACTE board also approved technology upgrades and needed repairs for the ACTE office building.

Award recipients check in mid-year with the committee chair and then present their work at the Region V conference. The hope is for the work to happen throughout the year. Recipients also send in a written report prior to the Region V conference. Money is awarded after the presentations at the Region V conference. The application is available in January and is due March 15<sup>th</sup>. Awards are up to \$2,000 per state with 6 states receiving awards (\$12,000 total).

**Dr. Alisha Hyslip, ACTE Senior Director of Public Policy**: Alisha oversees legislative issues, advocacy, and media relations. Legislative update: unusual year in Congress (new administration, pandemic) with significant scheduling changes. Many activities and policies were pushed back. Two major pieces of legislation that could impact CTE: (1) \$15M to Perkins Basic State Grant and investment in workforce growth. (2) Build Back Better Act: includes significant \$700M bonus for Perkins, \$600M to Basic State Grant, \$100M Perkins competitive grant innovation fund, \$5B community college & industry partnership grant, Adult Ed programs, grow your own secondary program, and early childhood education.

ACTE is planning an in-person National Policy Seminary this year (Gateway Marriott, March 21-23, 2022). It hasn't been decided yet if a virtual component will be offered. Alisha is uncertain how many Hill offices will be open for meetings; currently all visits require staff escorts.
