Greetings, CTE Administrators:

As we celebrate our transition into a long-awaited new year, I want to thank you for a great CareerTech VISION conference. It was wonderful to connect with so many of you through networking events, admin-focused workshops, and our keynote presentation with Principal Kafele. I continue to be inspired by the great people and the great works that are strengthening our nation’s career and technical education (CTE) system.

As we look forward to the times ahead, I also want to reflect on the contributions that were made by members of the ACTE Administration Division Policy Committee, VP-elect Eric Ripley, and our 2020 Fellowship participants: Julie Pack and Martin Hanley. I am grateful for the friendship of each of these leaders, and I look forward to their continued leadership in our division. If you are interested in learning more about division activities, or pursuing a leadership role within the division, please check out the resources and opportunities in this month’s newsletter. Best wishes to each and every one of you.

Volunteer Reviewers Needed!

The ACTE Administration Division is seeking volunteers to review CareerTech VISION and Best Practices and Innovations in CTE session proposals. The evaluation process for both conferences takes place in mid-March. Please click here for more information or to volunteer.

Enter to Win

The first five (5) division members to email their name, their mailing address, and the name of the Administration Division’s Opening Session
**What's New?**

As we enter the new year, please consider sharing something new and innovative that you have tried during the pandemic. A survey form is linked [here](#), and any information submitted may be shared with ACTE Staff and/or membership. We are grateful for your participation and your contributions to the field.

Here is a brief overview of ideas that have already been submitted:

- Kim — Interview businesses on video. Upload videos to CANVAS. Students earn points by reviewing videos and answering questions.
- Amy — Equity Focus. Using virtual meetings to encourage introspection. Considering implementing regional equity consortiums.
- Martin — Opened up school internet so that students can sit in parking lots and do schoolwork (Rural MO). Locked down guest network with restrictions and firewall for student safety.
- DeAnna — Using Zoom to remain connected with stakeholders
- Doug — Utilized Career Prepped through CTE Learn as a resource for students to develop and demonstrate employability skills. Students can earn badges and create a talent portfolio online. A local certificate was created based on this experience that is endorsed by 3rd parties including local businesses.
- Julie — CTE take-home kits were created so that students have the materials necessary to develop technical skills at home. For example, a school-managed farm donated eggs, flour,
etc. so that culinary students would have materials to practice at home. Michelle also uses “CTE-in-a-Box” with sewing kits, etc.

- Jewyl began holding virtual collaboration sessions so that teachers in a given content area could meet with others who teach in their content areas. Zoom was used to organize content-specific breakout rooms led by assigned teacher leaders. Jewyl remained in the “Zoom Lobby” as an available consultant.

- Dan — To help address the teacher shortage, administrators across the state of MN were given access to review teacher-in-training portfolios virtually. This has expedited the teacher certification process.
Congratulations!

Congratulations to ACTE Administrator of the Year Jean Rakun (MN) and ACTE Lifetime Achievement Award Winner and Hall of Fame Inductee Lisa Doll (AZ)

ACTE – Iowa Work-Based Learning Conference

Call for Proposals – Feb. 5

Presentation proposals will be accepted through Feb. 5. You do not need to attend in person to present at the conference, but presenters do need to register for the conference. All presentations will be run though zoom for all attendees (F2F and virtual). Presentations will not be pre-recorded but shown live for a maximum of 30 minutes. Additional time will be available for live interaction with participants. Go here to submit a presentation proposal.

Raise Awareness for CTE

Join us in February to celebrate and spread awareness about the importance of CTE for our students and our nation’s economy with several outreach opportunities:

- Encourage your students to participate in this year’s CTE Month-NASA HUNCH student video challenge, “Advancing Space Exploration Through Manufacturing.” The deadline to submit videos is **April 1**.
- Share our social media messages all month long or your own success stories on social media via **#CTEMonth**.
- Gear up with festive CTE Month merchandise at shopacte.com to show your support for CTE.
- **Advocate for CTE** — use ACTE tools to assist you in your advocacy activities, keep you informed and promote ongoing support for CTE.
- **Download the CTE Month logo** for use with any of your print and digital outreach.

Apply for ACTE’s Achieve 100 Award
Showcase your institution's dedication and commitment to CTE! Schools and institutions that achieve 100% ACTE membership across their CTE staff and faculty will receive this distinguished award. Complete the online application by **Feb. 1** to participate and recognize your educators!

Respectfully,

**Patrick A. Biggerstaff**
