

The Health Science Conference
July 19-20, 2022, Exhibitor Booths
 Sponsored by THOA

Greetings from THOA. I hope all is going well in this time of uncertainty. At this point, THOA is moving forward with a 2022 In Person Science Conference unless mandated by the local, state, or federal government to not have summer gatherings. We plan to take all safety precautions as set forth by CDC for large gatherings, and then some.

If you are considering being an exhibitor/sponsor for the Health Science Conference in July, please view the sponsorship levels below and this link to the [booth available](#). Please email me at regina@thoainc.org and state the level of sponsorship you desire. I will send you an approval code ASAP to reserve your spot as an exhibitor and the link to register.

The due date for the registration form is **June 1**, however; if vendors also want to be a level 3-6 presenter the presenter form and registration will be due by **April 20**.

There are a limited number of slots for each level, and the exhibitor slots are first come, first served. Booth selection is also first come first served within your sponsorship levels.

Vendor availability will be filled on first come, first served basis.
 For more information about the conference, visit our [conference page](#). Thanks!

Exhibitors will be allowed to set up Monday night and will present goods and services all day Tuesday and Wednesday at The A & M Hotel and Conference Center. All levels require an approval code.
