### 2022 CTE Virtual Program Cancelled

Due to lack of registrations to support a virtual program, the 2022 CTE Summer Program will be an in-person conference only. Individuals who registered for any virtual programming may request a refund or attend the conference in person at no additional fee.

Plans remain to live stream the Opening Session and to record some breakout sessions that will be available through the KACTE website, [www.kyacte.org](http://www.kyacte.org), but viewing will not earn professional development certificates.

### Attendee Benefits Enhanced

With cancellation of the virtual programming, the CTE Summer Program Planning Committee will re-direct some funds budgeted to pay for the virtual program to enhance attendee benefits. Several options are under consideration, including increased food options at the Wednesday, July 20, afternoon refreshment break.

### KACTE Member-Only Event

The Kentucky Association for Career and Technical Education (KACTE) Board approved a Membership Committee proposal for a KACTE members-only special event to be held during and after the KACTE Annual Business Meeting on Wednesday evening, July 20. Watch for details of the event, which will include refreshments and give-aways of a television, i-Pad and gift baskets.

Regardless of your teaching or administrative pathway, there are educational programs for you.

- Learn from colleagues who developed successful curriculum for their classrooms.
- Receive suggestions from featured pathway presenters who will contribute to professional development with their expertise and insights.
- Obtain information on the latest vendor products and services in breakout sessions and at exhibits in the CTE Meeting Place.
