CTE Works for Kentucky -- Career and Technical Education provides the critical skills education needed to prepare the workforce that will propel Kentucky's economic development.

CTE Works for Society -- Career and Technical Education gives students a foundation to increase individual standard of living, and CTE programs educate future staff for green energy and environmental initiatives, as well as two-thirds of **ALL** jobs supporting the economy.

CTE Works for Students -- Career and Technical Education concentrating students graduate high school at more than 98 percent, compared to the 89 percent overall high school graduation rate. A higher percentage also enroll in college compared to all graduates.

Under 2022-23 Kentucky Association for Career and Technical Education President J.R. Drummond, work-based learning coordinator, Tech and Design Academy, Doss High School, ***KACTE will work to spread the message that CTE Is Education that Works!*** KACTE will build on its existing professional development efforts to help ***CTE teachers and administrators excel in their positions to meet the challenge of providing high-quality and relevant education*** expected following the 2022 Kentucky General Assembly and Gov. Andy Beshear's doubling of CTE funding. Communication will emphasize ***the importance of incorporating workforce readiness and employability skills across all pathways*** to meet employers' needs for a skilled workforce that will drive economic development. ***Now, it is time to show and tell CTE's achievements in fulfilling the promise.***

Please consider adding to KACTE's strength to further CTE's image and understanding of its critical role in Kentucky. Please join KACTE as it extols ***CTE: Education that Works!***
