Agriscience Instructor  
Drone Curriculum Writer  
Rio Rico High School  
Rio Rico, Arizona

Criminal Justice Instructors Earn  
16 POST certification hours  
through MO Department of  
Public Safety.

# FAA Part 107

## Remote Pilot Certificate Exam Prep Workshop

In order to fly your drone under the FAA's Small UAS Rule (Part 107), you must obtain a Remote Pilot Certificate from the FAA. The Remote Pilot Certificate demonstrates understanding of regulations, operating requirements, and procedures for safely flying drones.

This workshop will provide study materials and prepare the participants to take the Federal Aviation Administration (FAA) Aeronautical Knowledge Exam - Unmanned Aircraft General - Small (AUG). Successfully passing the FAA Unmanned Aircraft General - Small (AUG) Knowledge Exam will allow individual to obtain a Remote Pilot Certificate from the FAA.

The actual exam must be taken in person at an **FAA-authorized Testing Center**. The testing fee is an additional \$175.00 and is paid directly to the testing center.

For more information contact:
