List the strategies that have been completed.

Legislative huddle was well-received and we are hopeful that it will continue to grow in popularity for our Region V members

Conclave went well, had several members attend to learn about Region V, ACTE, and how to engage at every level (locally, state, regionally, nationally)

B. Contributions to Region and Division Members

Please remember the importance of engagement of members during this time and let ACTE know how we can help engaging your members with you! Please also let us know how you have engaged ACTE members within the past 4 months. Indicate if the work falls under any of the Strategic Plan.

ACTE is working to communicate and disseminate innovation at the forefront of all Regions and Divisions as an effort to support other CTE professionals around the nation. We anticipate highlighting the innovations in ACTE's publications, blogs, and webinars and other similar activities. Please highlight any recent innovative ideas within your Region or Division.

The most innovative concept we developed for Region V is the Legislative Huddle. In addition we are developing a presentation for all policy committee members where they can use the presentation at all 16 Region V state conferences so that members learn about ACTE, Region V, and how to become more involved in CTE.

C. Succession Planning

Do you have any information you wish you had been provided during your new Board Orientation (what you know now that you wish you had known then)?

There have been a lot of changes to the staff at ACTE as well as shifting of staff responsibilities. It would be very beneficial to have an updated document about who is responsible for what. While we know that we can send an email to anyone and it will get forwarded to the right place, it would be good to know the information. :-)

D. Region/Division Concerns

What are your concerns for your Region/Division specifically	What are the implications for ACTE?	In what capacity can ACTE assist in addressing this issue?	3
--	-------------------------------------	--	---

I am concerned that not enough people are interested in participating in region committees	While we have excellent membership, volunteer involvement is critical to the success of ACTE, if people are not participating that reduces the number of individuals that are engaging at a leadership level in ACTE	Help regions and divisions support engagement of members to increase capacity for individuals to participate in region and/or division committees

E. Items to be placed on the Board Agenda for Discussion

(Only include items that require Board discussion or action. These will be placed on the Board meeting agenda.)
