

# ACTE

A graphic of the state of Arkansas, outlined in black. The interior of the state is filled with numerous circular icons of various colors, each containing a white symbol. These symbols represent different sectors: a hand holding a plant (agriculture), a lightbulb (innovation/education), a heart with a pulse line (healthcare), a gear (industry), a handshake (business), a group of people (community/social services), a graduation cap (education), a building (government/industry), and a person with a magnifying glass (research/healthcare). The icons are scattered throughout the state, with a higher concentration in the southern and eastern regions.

Missouri ACTE

@MoACTE

A large, hand-drawn style blue circle with the word 'WELCOME' in bold black capital letters in the center.

# WELCOME

## Cover Designer

The program cover was designed by Lindsey Crump, a recent graduate of Sainte Genevieve High School. She grew up learning from her father, who was a graphic artist. While in high school, she completed several courses which allowed her to develop her graphic design skills, including Photoshop, Webdesign, and Yearbook, and became a member of her school's media production crew. During her senior year, she made graphics for the school's social media and other media in her School Development class. Lindsey's passion is historical education and paleontology.

# President's Welcome

Dear esteemed colleagues, distinguished guests, and dedicated educators,

It is my utmost pleasure and privilege to extend a heartfelt welcome to all of you as we gather here for the ACTE Region 3 Conference in Springfield Missouri. On behalf of the Missouri Association of Career and Technical Education (MoACTE), I am thrilled to address this esteemed assembly of professionals who are committed to advancing the field of career and technical education.

The ACTE Region 3 Conference serves as a platform for collaboration, innovation, and the exchange of ideas that propel our beloved discipline forward. This conference brings together educators, administrators, industry partners, and advocates who understand the transformative power of career and technical education in preparing students for the challenges and opportunities of the future.

Throughout this conference, we will engage in thought-provoking discussions, attend enlightening presentations, and actively participate in workshops that inspire and elevate our practice. Together, we will explore emerging trends, share best practices, and delve into the latest research and advancements in career and technical education. By pooling our collective wisdom and expertise, we will be equipped to overcome obstacles and seize the countless possibilities that lie before us.

I encourage each and every one of you to embrace this extraordinary opportunity for networking, professional growth, and collaboration. Let us forge new connections, exchange experiences, and foster lasting relationships that will strengthen our collective impact on the lives of our students and the future of our communities.

At the heart of our work, we find the students we serve—the driving force behind our passion for career and technical education. By empowering them with relevant skills, knowledge, and a sense of purpose, we prepare them to excel in a dynamic and ever-changing world.

I would like to express my deepest gratitude to the organizers, sponsors, and volunteers who have dedicated their time, resources, and unwavering commitment to making this conference a resounding success. Your efforts exemplify the remarkable spirit of collaboration and excellence that defines our profession.

On behalf of the Missouri Association of Career and Technical Education, I extend a warm welcome and my sincere wishes for a memorable and impactful experience at the ACTE Region 3 Conference. May the connections formed, ideas ignited, and lessons learned during this event empower us to collectively shape the future of career and technical education.

Welcome, and let us embark on this transformative journey together!

Warm regards,

Dr. Jonathan Walker

President, Missouri Association of Career and Technical Education (MoACTE)

# Keynote Speaker

Dr. Todd Whitaker has been fortunate to be able to blend his passion with his career. Recognized as a leading presenter in the field of education, his message about the importance of teaching has resonated with hundreds of thousands of educators around the world. Todd is a professor of educational leadership at the University of Missouri and professor emeritus at Indiana State University. He has spent his life pursuing his love of education by researching and studying effective teachers and principals. Prior to moving into higher education he was a math teacher and basketball coach in Missouri. Todd then served as a principal at the middle school, junior high, and high school levels. He was also a middle school coordinator in charge of staffing, curriculum, and technology for the opening of new middle schools.

One of the nation's leading authorities on staff motivation, teacher leadership, and principal effectiveness, Todd has written over 60 books including the national best seller, *What Great Teachers Do Differently*. Other titles include: *Dealing With Difficult Teachers*, *Ten-Minute Inservice*, *Your First Year*, *What Great Principals Do Differently*, *Motivating & Inspiring Teachers*, and *Dealing With Difficult Parents*.

Todd is married to Beth, also a former teacher and principal, who is currently a faculty member of educational leadership at the University of Missouri and professor emeritus at Indiana State University. They are the parents of three children; Katherine, Madeline, and Harrison.

# Bylaws Change

---

## ARTICLE VIII - Committees

A. Each Missouri ACTE standing committee shall be comprised of one member from each division, with the exception of the Program of Work Committee which shall be the chairs of the other standing committees:

1. The Legislative Committee shall take appropriate legislative action on behalf of the association to promote programs of career, practical arts, technical and vocational education.

2. The Policy Committee shall solicit and prepare policy recommendations, resolutions, bylaws amendments and operational procedures for consideration by the Board of Directors and/or the House of Delegates.

3. The Awards Committee shall facilitate the recognition process for individuals and/or organizations that have made outstanding contributions to programs of career, practical arts, technical and vocational education and/or the Missouri ACTE.

4. The Program Improvement Committee shall facilitate the planning, operation and evaluation of the annual Missouri ACTE meeting.

5. The Communications Committee shall publicize the contributions made by career, practical arts, technical and vocational education and conduct activities that will result in membership growth and enhance members professional skills.

(Adopted by the board of directors 27 July 2022)

6. The Financial Review Committee shall review the financial records of the Association at the fall, spring, and summer Board of Directors' meetings.

7. The Program of Work Committee shall develop, implement, and evaluate the program of work.

8. Committee members are able to participate via technology in order to obtain a quorum.

\*#8 is the item to be voted on to change the bylaws

# ADVANCED TECHNOLOGIES CONSULTANTS, INC.

## iConnect

Advanced Technologies Consultants, Inc. (ATC) is the nation's leading distributor of technical training curriculum, equipment and furniture. We offer a comprehensive solution of products including; Alternative Energy, Automation/CNC, eLearning, Electricity/Electronics, Electric Power/Controls, Fluid Power, Lab Furniture, HVAC, Industrial Maintenance, Process Control, Mechatronics, STEM, 3D Printing and Scanning.

## UNIVERSAL ROBOTS

Since 1964, we have partnered with more than 2,200 school districts, vocational technical schools, community colleges and universities. Providing each and every client customized solutions, along with training and free lifetime support services.

# 2023 Award Winners

## **Administrator of the Year - Martin Hanley, MCCTA Administration, Pike County R-III School District**

The MoACTE Administrator of the Year Award recognizes administrative CTE professionals at the school, district, county, state or federal level who have demonstrated leadership in ensuring teacher and student success and have made significant contributions toward innovative, unique and effective career and technical education programs. Receiving this award for 2023 is Martin Hanley. Mr. Hanley is the director at Lewis and Clark Career Center in Eolia, Missouri. He started at Lewis & Clark Career Center as Computer Information Systems Instructor. He quickly took a class that had relatively low interest and unsuccessful graduates and turned it into a program with a waiting list, consistent placement and testing success, and national CTSO competitors. While at Lewis & Clark, Martin earned his MSE in Educational Leadership from the Arkansas State University. During his time at Lewis & Clark, Martin was the lead SkillsUSA adviser, a member of the future administrators cohort, and helped in other leadership roles. In 2013, Martin left Lewis & Clark to become the Director of Pike-Lincoln Technical Center in Eolia, MO. Since then, the school has seen a rebuild after a fire (prior to Martin's arrival), TCTW participation, growth in all program areas, greater partnerships with area businesses and post-secondary institutions. In 2020, Martin was named an ACTE Fellow and was a part of the Administration division's policy committee through that program. Martin remains a member of the policy committee as the Administration division's Bylaws representative. At the state level, Martin has been in leadership at the state association administration division, serving as the president of that organization during the 2021-2022 school year. During the COVID pandemic, Martin worked with other leaders in the state to help provide high quality online professional development for CTE administrators across the state. Carri Risner, Director of Boonslick Technical Education Center stated that "his career center, our state organization, and the world of CTE, is unparalleled. His enthusiasm as an advocate for career and technical education is obvious with his selection to serve as an ACTE fellowship. At the forefront of his work is the importance of preparing students for the future workforce."

## **New Teacher of the Year (3-5 years experience) - Angeleic Huth, MTTA Trade & Technology, Herndon Career Center**

The New Teacher of the Year Award recognizes an ACTE member who has taught full-time for 3-5 years and in their short time has made significant contributions to Career and Technical Education through curriculum development and through providing opportunities for students in CTSOs. Receiving this award for 2023 is Angeleic Huth. Angeleic Huth is a Law Enforcement/Police Science teacher at Herndon Career Center in Raytown, MO. Prior to becoming a teacher, she spent 25 years combined as a police officer, dispatcher, and court supervisor/clerk. She continues to train law enforcement and civilian groups in various programs, writes curriculum for police training, and is a safety, security, & policy consultant. Having this background has been a beneficial addition to the CTE criminal justice classroom. When Angeleic was hired as a CTE teacher, she jumped right in to learning everything she could to be a positive addition in the classroom. She didn't stop until she completed her Masters Degree and is currently an Education Specialist student working on her thesis. "Mrs. Huth shows up every day with a goal and

mission to better the lives and relationships between both the youth she serves and the neighboring police departments. Mrs. Huth;s internal mission is not to discourage youth about issues regarding police relations, but to inspire youth to adhere to the lifestyle of policing and serving those in need in their communities.” states P.O. Brandon Walker of Cops and Kids Teaming Up.

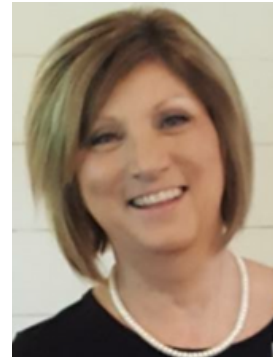

## **Teacher of the Year (must have 5 years teaching experience) - Lori Krug, MoEFCS, Wentzville School District**

Missouri ACTE Teacher of the Year Distinguished Service Award recognizes an ACTE member who has completed 6 or more years of full-time teaching, has made significant contributions and is considered to be an outstanding leader in the field. Receiving this award for the 2023 year is Lori Krug. Lori enjoys acting as a “facilitator of learning” for both students as well as fellow educators. For her students, she works toward creating engaging lessons, hands-on projects that are relevant and provide value both in and out of the classroom. Lori strives to bring new teaching ideas to her classroom that incorporates a mixture of rigor and fun. She has attended MoEFCS/MOACTE conferences every summer since her first year of teaching as well as attending workshops and training throughout the year. As a member of the MoEFACS Board, Lori served in the Professional Development committee for six years, as a member, then as the Committee Chair where she strived to develop high-quality training for teachers. She serves as Chair of the MoEFCS Public Relations committee and plans to work diligently to educate communities about our content area. She has mentored several new teachers in the DESE program and has served as the Teaching Candidate Cooperating Instructor for three FCS education students. In 2016, Lori served as Committee Chair for the Apparel, Textiles and Interior Design committee bringing together teachers, professors and industry professionals to develop the new pathway introduced in 2017. She continues to develop workshops and bring in industry professionals for ongoing training. Lori made contributions to the Hospitality and Tourism Management Professional program as one of the model curriculum writers. Lori has earned the National Restaurant Association designation as a Certified Secondary Foodservice Educator and was Missouri’s Prostart Teacher of the Year in 2012. She has successfully coached many teams at the Missouri Prostart Invitational including a first place win for a Management Team. Lori’s FCS began as a single person department at Warrenton High School teaching the full scope of courses. In 2012, she joined the Wentzville School District at Holt High School. In 2021, she moved to open the FCS department at Wentzville’s newest addition, North Point High School. She has served as an FCCLA Adviser for all 16 years and has served as an Educator Rising Advisor in 2017 as well. The chapters are active throughout the community and with STAR events competitions. Amanda Shelmire, Principal at North Point High School states “ over Lori’s ten years with our district, her leadership and positive attitude has made a significant impact with our students, staff, and the community. Through my interactions with Lor, I have found her to demonstrate the professional qualities and dispositions that are necessary to be a successful educator.

## **Lifetime Achievement Award - Karen Mason, MoEFCS, Executive Director MoACTE, East Newton R-VI**

The Missouri ACTE Lifetime Achievement award recognizes CTE professionals for their leadership on behalf of ACTE, their innovations in CTE, and their contributions to the field over an extended period of time. We are honored to recognize the 2023 MoACTE Lifetime Achievement award winner, Karen Mason. Karen comes from a CTE family. Her husband is a recently retired Agriculture teacher/FFA Advisor, her daughter is in the Hospitality business, and her son in law is one of her district's technology coordinators. Karen currently teaches FCS at East Newton High School. She is a single teacher department, and her high school has approximately 425 students with over 100 students enrolled in her program each year. Karen was influenced to become a teacher from her love for school as a child and by her high school Home Economics teacher, Jahayla Long. Karen always wanted to be a teacher, but it was not until she entered high school that she realized she wanted to teach Home Economics. Karen's parents influenced most of the choices she made regarding education. They instilled a strong work ethic in her and influenced the character traits she possesses today. Education was important in her home. Karen's parents had high expectations for all their children. Karen considers her greatest contributions and accomplishments in education to be the success of her students. Karen strongly encourages all her students to do their best. She tells them she wants them to graduate from high school and become productive citizens in their community or wherever they may live. Karen models that behavior for her students. Karen's greatest contribution and accomplishments in education outside the classroom have been serving teacher organizations in leadership roles. Karen has held several leadership positions at the national, state, and local levels. She believes belonging to and participating in organizations is important to everyone. Karen wants her students to see the value of belonging to their student organizations. Karen models the behavior by joining and actively participating in many professional organizations. When Karen was a very young teacher, she admired her colleagues who held offices in organizations she belonged to such as Family and Consumer Sciences. Karen started by serving on committees and continued by serving as a committee chair and later as an officer. Karen currently serves the Missouri Association for Career and Technical Education as their Executive Director. Scott Charlton, Director of Curriculum and Instruction at East Newton states "her first love is absolutely her students, but in addition her passion is ACTE. She believes that career and technical education is something that all students should experience. She does not limit this view to just Family and Consumer Science. Rather she believes that students should try to be involved in as many CTE courses as they can. "

## **Carl Perkins Community Service Award - Beth Beattie, MoEFCS, Montgomery County R-2 District**

The Carl Perkins Community Service Award is given to a Missouri CTE teacher for their outstanding community service endeavors and promotional ideas leading to the continued development and enhancement of Career and Technical Education. Receiving the 2023 Missouri ACTE Carl Perkins Community Service Award is Beth Beattie. Beth is a proud member of MoACTE and has worked hard to provide opportunities for her students to prepare for success in their lives after high school. She works with her students to create a bridge between her classroom and the community. Beth works to plan and execute projects that assist parents, give back to community endeavors and prepare our young adults with career readiness and

leadership experiences. As a professional, Beth has served on the Missouri Educators of Family and Consumer Sciences (MoEFCS) Board of Directors for the last decade. She has served our state as the three year MoEFCS president term, once in 2017-2019 and She was elected for her second term as president in 2021. As well, she has served on the MoACTE Board of Directors and served as the MoACTE Awards Committee Chair. She has presented at MoACTE summer conference for more than the last decade. Beth has been the person in charge of New and Returning FCS teachers for our state, and has led their training for the last 4 years as part of our MoEFCS conference. Beth's CTE program is filled with amazing students. She has had the privilege of 5 Missouri FCCLA State Officers, more than 40 FCCLA Regional Presidents and Officers, and countless Regional, State, and National FCCLA STAR Event competitors. Her FCCLA chapter has had students advance to compete at the National Leadership Meeting all 17 years she has been an advisor. Jennifer Krattlie, Jonesburg Elementary Principal says that " Mrs. Beattie is a supporter of people, she leads by example and she wants the people around her to find success. Beth has been a blessing to the Montgomery County R-II district. Her experience, networking and insight was valuable to our students, staff and community. Beth is a proven leader and is always willing to do everything she can to help both staff and students be successful. She has a positive attitude and has a way of motivating students to strive for their best."

## **Counseling & Career Development Professional Award - Leslie Largent, MACS Career Services, Clinton School District**

This award recognizes school counselors and career development professionals who have demonstrated commitment to connecting students with opportunities for success, shown innovation in career exploration and development, and have advocated for CTE as a viable option for all students. Receiving this award for the 2023 year is Leslie Largent. Mrs. Largent was hired at Clinton School District in the Fall of 1993. She began her career as a Social Studies Teacher at Clinton High School then later transferred to the Journalism department where she spent 25 years working with both Newspaper/Broadcast Journalism and Yearbook publication. In August, 2018 she decided it was time for a change and accepted the position as the Clinton Technical School Career Services Coordinator/Counselor. Leslie graduated from Knob Noster High School and the University of Central Missouri with a degree in Education. Leslie comes from a family of educators. Her father was a high school principal and both her siblings are teachers. Continuing the love of education, two of her four children are now employed as educators. "She maintains constant contact with counselors from sending schools and Clinton High School, building relationships with them that help with enrollment in our programs. Whether she is helping with students with scholarship applications and the dual enrollment program, working with teachers on recruitment methods or student issues or assisting administration, Leslie does it all with her quick and efficient manner. Leslie's co-workers appreciate her dedication to her job, willingness to help with anything, and her high moral character. " says Lisa Winn, the Adult Education and Financial Aid Coordinator at Clinton High School.

## **Postsecondary Professional of the Year Award - Oren Barnes, MTTA Trade & Technology, Crowder College**

This award recognizes the finest career and technical teachers at the postsecondary level who have demonstrated innovation in the classroom, commitment to their students and dedication to the improvement of CTE in their institution and communities. Receiving the 2023 Postsecondary Professional of the Year Award is Oren Barnes. Oren is the Criminal Justice Instructor at Crowder College in Neosho, Missouri. He has worked in law enforcement since 1992, with a primary emphasis on investigations and supervision. He began teaching criminal justice materials and courses in the late 1902 and was fortunate to move into a full time position with Crowder College. He still serves as a sworn police officer in a part time capacity with the Neosho Police Department. In 2022, he earned his Doctorate in Education. Michael Huth from Paladin Tactics and Consulting stated that :this profession has changed immensely and Oren has adjusted accordingly, sharing all pertinent information with his students. This is an important part of industry-aligned teaching and he does it well."

## **Award of Merit - Jon Wilson, MVATA Trade & Technology, Gainesville R-V School District**

Jon Wilson, from the Gainesville R-V School District, has been a member of MOACTE since beginning his career in 1999. As an active member in our State Association, he served on the MOACTE Board of Directors from 2010-2012 as well as serving on the Professional Development Committee during that time. He served as Chair to the Legislative Committee from 2012-2016. In 2019, he was asked to serve the Legislative Committee again and currently chairs that committee.

Jon has been active in the Missouri Vocational Agriculture Teachers Association (MVATA). After serving as President of the MVATA in 2011-12, Jon took over the responsibilities of Legislative chair in 2012 and served there until 2016. After a short break, he was again asked to serve as Legislative Chair and currently maintains that position. He has served on the Area, District and State level as Secretary, Vice-President, and President of the MVATA. He was selected as the Missouri Vocational Agriculture Outstanding Teacher of the Year in 2012. In 2013, he was chosen as the Missouri Association for Career and Technical Educators (MOACTE) teacher of the year. As Chair of the Legislative Committee he has worked tirelessly to put CTE on the forefront in Missouri. Jon arranged meetings with all of our Congressional offices each year during NPS. When Missouri did not attend NPS due to the pandemic he secured those visits by zoom. Jon was also instrumental in establishing monthly legislative conference calls with our lobbyist to keep the committee and association informed of current legislation related to CTE and education in Missouri. Jon is an outstanding example of a Career and Technical Educator that continues to move us forward in a positive light to ensure continuation of our Missouri programs!

## **Teacher Educator of the Year - No applicants**

## Award of Merit - Dr. Barton A. (Bart) Washer

Dr. Barton A. (Bart) Washer is the former interim Assistant Commissioner for the Office of College and Career Readiness (OCCR) with the Missouri Department of Elementary and Secondary Education (DESE) and Professor of Career and Technical Education at the University of Central Missouri (UCM), having retired on June 27, 2023. From 2002 - 2021, Dr. Washer served in various capacities at UCM, including undergraduate and graduate program faculty, graduate programs coordinator, and department/school chair of three units within the College of Education. His first chair assignment was with the Department of Career and Technology Education. Through a department merger, he next served as chair for the Department of Middle, Secondary, and Adult Education. Through yet another department merger, he served as chair for the School of Professional Education and Leadership. While at UCM, Dr. Washer's professional and teaching interests included preservice and inservice teacher development, scientific research design and methodology, curriculum development theory, student performance assessment encompassing the cognitive, psychomotor, and affective learning domains (having learned from Dr. Richard C. Erickson at the University of Missouri-Columbia), and student thesis / research development. Additional teaching areas of interest include materials & processing technology and drafting & design / applied descriptive geometry fundamentals. From 1995-2002 and prior to his career at UCM, Dr. Washer served at DESE concurrently as the Supervisor of Trade and Industrial Education and the Supervisor of Technology Education, and later as the Director of Trade, Industrial, and Health Sciences Education. Prior to these first DESE positions, Dr. Washer began his Missouri CTE career in 1991 at the University of Missouri-Columbia, where he was an instructor in the Industry and Technology Education unit with the Department of Practical Arts and Vocational Technical Education. It was also at MU where he was first introduced to Missouri's New Teacher Institute, where he served as an assistant director under Rod Custer and Michael Wright from 1991 - 1995. In August 2021, Dr. Washer requested a one year professional leave of absence from UCM to serve as the interim Assistant Commissioner, OCCR, at DESE. At the conclusion of his one year interim commitment to DESE, he made the difficult decision to resign from UCM and remain at DESE to assist in the transition to the next Assistant Commissioner of OCCR. While at DESE, he was able to learn from and lead with his colleagues in the areas of Adult Education and Literacy (including High School Equivalency), CTE, Curriculum and Assessment, Literacy, School Counseling, and School-Based Mental Health, while working with and learning from Commissioner Margie Vandeven and deputy commissioners Dr. Tracy Hinds and Dr. Kari Monsees. Dr. Washer is married to his wife Belinda (formally of Montrose, MO, and Columbia, MO). They have two adult children: Benjamin (Englewood, FL), and Abigail (Colorado Springs, CO), and have recently rescued a standard poodle named Nala Bean. His parents Jamie and Shirley Washer reside in Murray, KY, for whom he is thankful for providing a loving, supportive, and Christian-based home. His personal interests include spending time with his family, woodworking, mechanical troubleshooting and repair, and learning new content within the multiple clusters of career and technical education. There are so many friends and colleagues who have impacted Dr. Washer personally and professionally, and he wishes to thank all of you for your contributions to his and his family's learning, growth, and development.

# President-Elect Candidates

## **Amy Harkey**

I would be honored to serve in this leadership capacity and collaborate with the MoACTE Board Members. I have a passion for Career and Technical Education and believe every student in our state would benefit from an experience in career and technical education along with the CTSO's offered with enrollment in CTE. With having the honor of serving as the MoEFCS President-Elect, I recognize the importance of membership recruitment and retention, as well as providing current and relative continuing education opportunities for our membership. I believe in order to provide our students with the best education possible, it must begin with equipping our educators. The ACTE, both on the National and State levels, provides that

opportunity for CTE educators. My personal experiences in attending state and national ACTE conferences has expanded my knowledge in content areas, but has also given me the benefit of networking with others in the CTE field. I strongly believe that instilling the benefits of networking in our new membership, as well as igniting that same passion in our existing membership is vital to the success in the recruitment and retention of high quality educators in career and technical education. Career and Technical Education provides tomorrow's workforce and leaders for our country. I truly believe there is no greater need for our students. I will work hard to represent Missouri both on the state and national level to continue to fight for CTE funding and support.

## **Debra Price-Scheppman**

As I look back on my time in Career and Technical Education as a high school student, I can't help but feel like I owe a big thank you to all of the CTE teachers that helped me find success. Whether it was pursuing my State FFA degree, participating in National FBLA competition, or presenting about my Cadet Teaching experience, my teachers and advisors were truly the ones behind my success. As a CTE professional now, I strive to also set my students up for success both in and out of the classroom. Preparing students to tackle the everchanging workforce is a priority as we work to move Career and Technical Education to the next level.

Missouri ACTE has the opportunity to empower and support members to make a difference in the lives of students in the classroom. Our quality professional development and networking has helped prepare members to think outside of the box and develop innovative programs and activities. Partnering with business and industry as well as policymakers is another step along the way. These growing and continued partnerships will support all of our students to become college and career ready. I am excited to see how we can work together to take the next steps as Missouri ACTE continues to evolve and improve.

# ADVANCE YOUR CAREER

## INVEST IN YOUR FUTURE

With a master's degree from Missouri Western, you will stand out from the crowd and be equipped to make a lasting impact on students' lives. Employers value educators with advanced degrees, and with a master's degree from Missouri Western, you'll add skills and prepare to meet the needs of diverse learners. Take the next step in your career by investing in your future with Missouri Western.

**Free Buffet Lunch Provided by:**

**Celebrated Corporate Sponsor**

Missouri State University College of Business

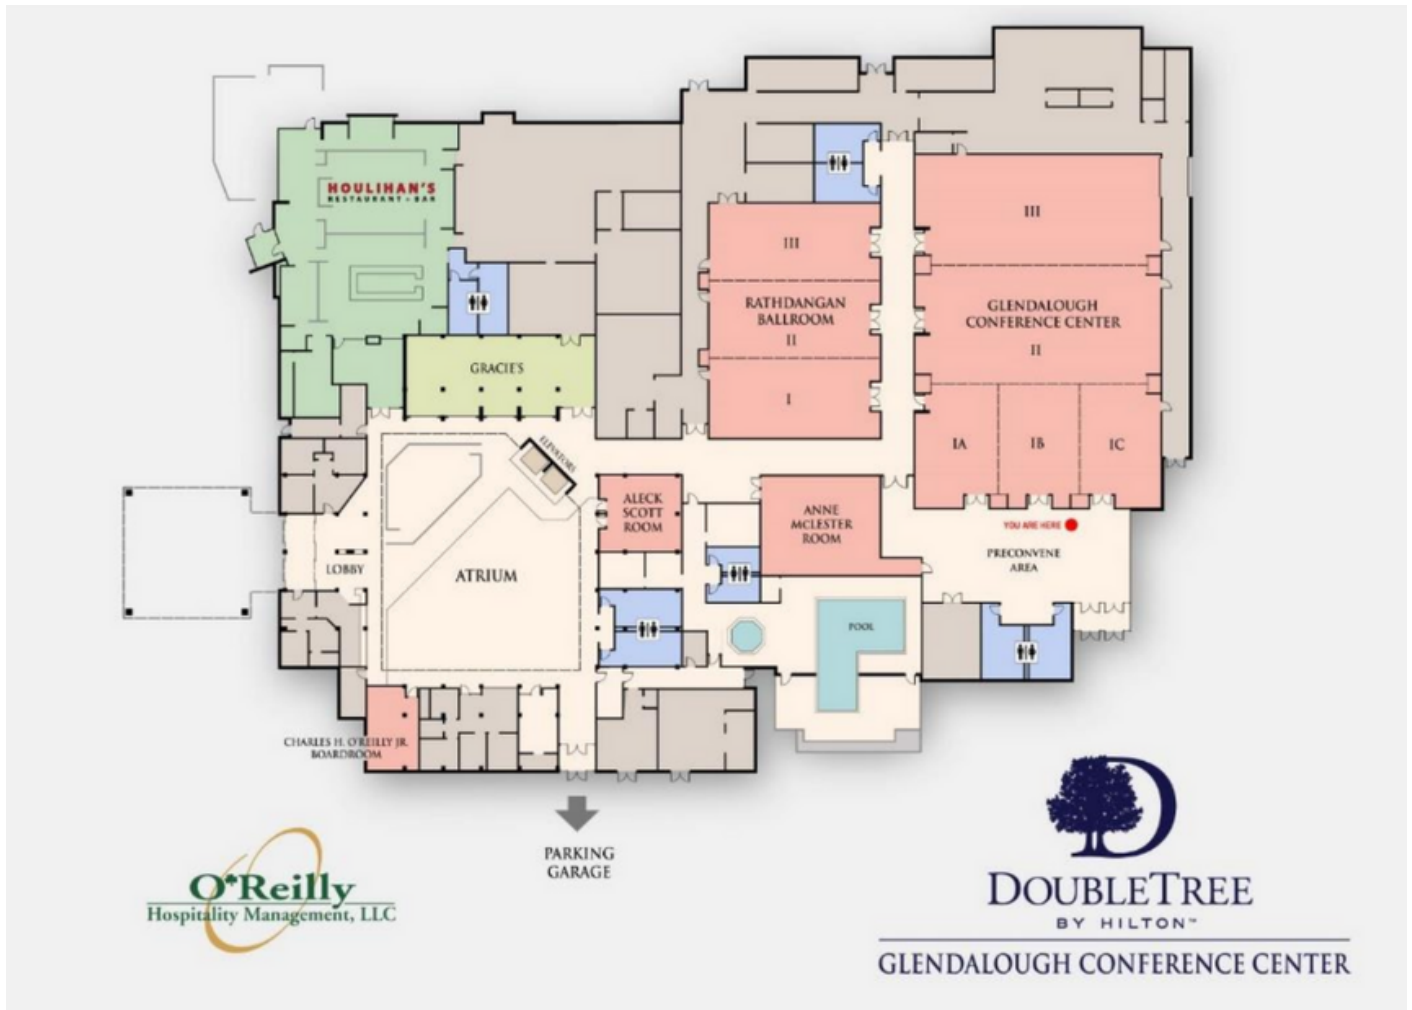

12:00 pm - 12:50 pm:

Stepping up your Game with MBEA/MCEA Opening Session.  
Come get conference updates and enjoy a free lunch buffet.  
*Room: Glendalough III DoubleTree by Hilton*  
**Lunch is sponsored by our Celebrated Corporate Sponsor**

### DoubleTree Conference Center Map

1:00 pm - 1:50 pm:

Afternoon Session 1

- **Navigating the Learning Center – It's FREE!**

Tammy, MBA Research

*Room: Glendalough I A, B, C DoubleTree by Hilton*

Join us as we explore the Learning Center – showing you how to set up your course and import instructional resources. You have FREE access to 300+ instructional resources for classroom use and CTSO preparation. Leave with an understanding of how to begin building your course as you prepare for the upcoming school year. Note: You should set up your Learning Center account before this session.

- **Solving the Mystery behind TSA/IRCs.**

Lori Brown, DESE

*Room: Rathdangan II DoubleTree by Hilton*

In this session we will solve the mystery of TSA/IRC testing. What are they? Do you have to test students? Why should you test your students? Is there funding to purchasing testing? How to get a test approved?

- **Computer Science Curriculum Resources: With all schools being required to offer a computer science course, what does that mean?**

Marilyn Allen and Dr. Calee McElwain, ICEV

Room: Rathdangan III DoubleTree by Hilton

Session sponsored by our Celebrated Corporate Sponsor

This session will present iCEV's curriculum resources teachers can use to teach this course. Also, Access Point, a program which works with high school seniors for in-depth training and internships, will provide information about their program, success stories, and how this benefits students.

**2:00 pm - 2:50 pm:** Afternoon Session 2

- **Take a Deeper Dive into the Learning Center**

Tammy, MBA Research

Room: Glendalough 1 A, B, C DoubleTree by Hilton

Now that you've had time to explore the Learning Center let's dive deeper into many of its features. Spend a few minutes learning about quizzes, assignments, modules, pages, the grade book, and more! Note: You should set up your Learning Center account before this session.

- **Roundtable Sessions**

Room: Rathdangan II DoubleTree by Hilton

Join some of the best Missouri Business and Marketing educators from across Missouri as they share their innovative teaching tips and tricks in three 15-minute sessions. You will choose three sessions to attend and move from table to table to pick up some great information to take back to your school to make your program more exciting and productive!

Roundtable sessions include:

*Increasing FBLA Participation - Becky Munden*

*Pricing Unit Activity - Scott Fuenfhausen*

*State Funding for CTE Programs - ICEV*

*School Based Enterprise - Kelly Fowler*

*Mock Job Interviews - Sarah Gooch*

*DECA Campaigns - Kerry Henley*

*Banking Board Game - Jill Hedding*

*Life Smarts - Shelly Smith*

*FBLA BAA Program - Deborah Burns*

*Competition University - Jessica Wade*

- **Introducing Students to Coding is Easy with Learning Blade's Intro to Coding Course!**

Dr. Michele Linch, Learning Blade

Room: Rathdangan III DoubleTree by Hilton

Session sponsored by our Celebrated Corporate Sponsor

In this session, participants will learn to facilitate Learning Blade's Intro to Coding course as well as learn to use the Learning Blade system and how to access ongoing coding instructional support. Intro to Coding was designed to be a one-stop-shop to progress students from block coding to text-based and sends students to resources such as Code.org, Vex Robotics and Pencil Code. Supplemental offline lesson plans are written to support teachers who are new to teaching coding. As one middle school student told us, "Back in the beginning of 2022 I was scared to let my creative side show in coding, and now thanks to these lessons I can really (REALLY) get out there and code like a pro!" Introduction to Coding training is accredited by CSTA for quality PD. For the best session experience, please request your free account at least 24 hours prior at [www.LearningBlade.com/MO](http://www.LearningBlade.com/MO)

3:00 pm - 4:30 pm:

Afternoon Session 3

- **MBEA District and Committee Meetings**

Room: Glendalough 1 A, B, C DoubleTree by Hilton

- **MCEA Awards and DECA District Meetings**

Room: Rathdangan II DoubleTree by Hilton

4:30 pm - 6:30 pm:

MoACTE Awards & New Professionals Reception

*The Barley House at Moon Town Crossing*

7:00 pm - 9:00 pm:

MBEA & MCEA Social - Step Up Your Game with Trivia!

*Room: Rathdangan I & II DoubleTree by Hilton*

Get 4 of your closest MBEA/MCEA Teacher friends and form a team and compete for Bragging Rights. Prizes will be awarded.

\$25 per team (5 person max per team), \$5 per mulligan (unlimited), \$5 Double Round Score (Max of 2). All funds raised will go towards PAC Donation. Board games will be available for play.

*Free Snacks and Beverages will be provided.*

**Social Event Sponsored by our Celebrated Corporate Sponsor**

## Wednesday, July 26th

6:30 am - 7:50 am:

Step Up Your Game With Breakfast On Us!

*Room: Glendalough III Double Tree by Hilton*

Come grab a muffin, coffee and/or juice to get your day started.

8:00 am - 8:50 am:

Morning Session 1

- **Understanding the Importance of Banks and What Causes them to Fail.** Dr. Jeff Jones, Department Head of Finance and Risk Management,

MSU College of Business Room: Glendalough I-A DoubleTree by Hilton

Session **sponsored by our Celebrated Corporate Sponsor** - This presentation will discuss the importance of banks and financial systems to overall economic activity. We will explore the causes of bank failure, and how the fragility of the financial system can undermine an otherwise robust economy.

- **State's Connection: Valuable Resources Just a Few Keystrokes Away!** Tammy, MBA Research  
Room: Glendalough I-B DoubleTree by Hilton

Come spend a few minutes learning about the resources available through Missouri's membership with MBA Research. There is a treasure trove of resources available for you at no cost. Join us to learn about available resources, how to use them in the classroom, and how to access them at no additional charge.

- **Become a Quizizz Game Changer!** Robin Robertson, Republic High School

Room: Aleck Scott DoubleTree by Hilton

Quizizz is a free site that allows you to create and share quizzes with students and other teachers. The site allows you to make presentations and embed questions to increase student engagement. Students can practice vocabulary and concepts using this engaging platform. You will also learn how to become a Quizizz Game Changer and what that means for your students.

- **Yesterday, Today, and Tomorrow – How to Build a Successful Program Sharing 62 Years of Experience In and Around Business** Ed Chris Fenske, Neosho School District and Benjy Fenske

Room: Anne McLester DoubleTree by Hilton

Join brothers and life-long educators Chris Fenske (Secondary and Post-secondary Business educator for 28 years) and Benjy Fenske (Building and District Administrator (23 years, now retired) and former Business educator (11 years) as they discuss what it takes to work with administrators, build your program, find success, and become an integral part of your school and community. They will discuss their history from a variety of settings, what they are currently seeing in this field, their beliefs for the future, and how you need to prepare for what is coming next. 9

- **Big Program, Three Simple Things- Understanding Adobe Photoshop** Bob Martin, MORENet

Room: Glendalough III DoubleTree by Hilton

There are thousands of combinations of cool things you can do in Photoshop! But it is a demanding and unforgiving program. UNLESS! You know the three basic things Photoshop is built on. First is understanding the final product. Second is making selections. And third is working with layers. I have taught and used Photoshop professionally as a graphic designer for almost 30 years and I would love to share my teaching secrets with you!

**9:00 am - 9:50 am:** Morning Session 2

- **Current IT Industry Trends and Generative AI** Dr. Xiang Guo, Interim Department Head of IT and Cybersecurity

MSU College of Business Room: Glendalough I-A DoubleTree by Hilton

**Session sponsored by our Celebrated Corporate Sponsor** - This presentation will discuss current developments in the IT industry and IT curriculum. It will also include information about Generative AI (ChatGPT) and highlight future job outlooks.

- **Welcome to the World of Digital Marketing** Tammy, MBA Research

Room: Glendalough I-B Doubletree by Hilton

You asked – we listened – and now it's here! Missouri's new Digital Marketing course introduces students to the dynamic world of digital marketing. Come spend a few minutes with us as we share an overview of this new course, including an introduction, channels, digital marketing tools, promoting products, developing a digital marketing campaign, and more.

- **What's Stopping You?** Becky Munden, Pilot Grove High School

*Room: Aleck Scott DoubleTree by Hilton*

Have you ever wondered how you can be more involved to help grow business education? Are you new to the profession and not sure where to start or what is available for you in regards to being involved at a higher level outside of your classroom? In this session we will talk about ways to get involved within your district, MBEA, MO-ACTE, being a mentor, being a member of an advisory committee, being a DA for FBLA or a member of the Foundation Board for FBLA.

- **Bringing Ethics into the Classroom!** Shad McGuire, Springfield Public Schools

*Room: Anne McLeseter Doubletree by Hilton*

Ethics is the foundation of great leadership. Teaching students to make good decisions based on a defined set of values helps form the core foundation of ethical leadership. Come learn about the ethics resources that are available through the Daniels Fund Ethics Initiative High School Program. Leave with a better understanding of ethics and access to numerous classroom resources available through DESE, including course guides, lesson modules, and more!

- **Basics of Adobe Illustrator** Bob Martin, MORENet

*Room: Glendalough III DoubleTree by Hilton*

Creating logos, stunning vector graphics, and business brands are the strongpoints of Illustrator. Learning a few basic tools and understanding layers are the keys to get you started. In this session we will talk about the basic tools, fonts, colors and files that you need to get you going in Illustrator.

10:00 am - 10:50 am: Morning Session 3

- **Gamification and Active Learning in Financial Accounting: Can we Change Student Perceptions?** Kyle Goodin, Instructor of Accounting, Missouri State University College of Business

*Room: Glendalough I-A, DoubleTree by Hilton*

**Session sponsored by our Celebrated Corporate Sponsor** - Students are increasingly interested in new ways to learn as they emerge from learning post-COVID. Implementing gamification and active learning in introductory accounting courses can help students and faculty stay engaged and have more fun while teaching and learning.

- **High School of Business™ - Take Your Classroom Experience Up a Notch with Project-Based Learning** Tammy, MBA Research

*Room: Glendalough I-B Doubletree by Hilton*

Project-Based Learning (PBL) is the teaching method in the High School of Business™ program. Join us for an overview of the High School of Business™ program and immerse yourself in PBL. Get ready to see how students can engage in real-world and meaningful projects as we create a learning environment conducive to student learning; leave with a project to use in your classroom.

- **Burnout Be Gone – Gamify Your Career** William King, Moberly Area Community College

*Room: Aleck Scott DoubleTree by Hilton*

Statics show teacher burnout and industry exit at an all-time high. Learn how to fall in love with your career all over again. You've heard of gamification of the classroom. Now take this idea to the expert level of job satisfaction.

- **Strategic Communication with The University of Missouri School of Journalism** Jon Stemmler – Professor Strategic Communication, University of Missouri

*Room: Anne McLester Doubletree by Hilton*

What's Strategic Communication (and why should students care)? A new way of thinking about promotion and strategy in our industry.

- **Changing the Education Game** with AI Tonya Skinner, Jackson High School

Room: Glendalough III DoubleTree by Hilton

With AI tools such as ChatGPT becoming more and more "on the radar" for education, many teachers are left wondering how to deal with the emerging technology. This session will equip you with how some of these tools work, how to set up a classroom where it can work FOR you and not against you, and ways teachers themselves can take advantage of AI to make their jobs easier!

**11:00 am - 11:50 am:** Lunch and Learn with DESE!  
DESE UPDATE Cindy Shannon, BMIT Director  
Room: Rathdangan I, II, III DoubleTree by Hilton

Lunch buffet provided and receive the latest updates for the 2023-2024 school year. Q & A session to follow. **Lunch sponsored by our Celebrated Corporate Sponsor**

**12:00 pm - 1:50 pm:** Postsecondary Teacher Educators Only  
Missouri Business and Marketing Teacher Educator Meeting Cindy Shannon, BMIT Director  
Room: O'Reilly Boardroom DoubleTree by Hilton

For the postsecondary teacher educators across the state, this two-hour session will serve as the summer meeting. Topics will include certification and education program updates.

## STEM/CS/CTE CAREER AWARENESS FOR MISSOURI EDUCATORS

The #1 reason students do not major in STEM is lack of awareness of careers.

### WHAT IS LEARNING BLADE?

- Online missions that introduce students to careers and are aligned to academic standards
- Meets Carl Perkins V career exploration middle grades requirements
- State-funded solution to introduce careers providing equity and access to Missouri students
- Downloadable teacher project-based lesson plans using common materials
- "Introduction to Coding" course- 15-20 hours of robust coding experience for middle schoolers

### LEARNING BLADE INCLUDES:

Sign up for your **FREE** account at [www.LearningBlade.com/MO](http://www.LearningBlade.com/MO)

Learning Blade is provided fully-funded by the Missouri Department of Secondary Education.

**FREE FOR

## READYFORINDUSTRY

Ready for Industry™ (RFI) is an online resource of 20-hour courses that increases the knowledge needed for success in the most in-demand industries through a portal of self-paced interactive lessons.

Designed for high-schools, community colleges, and workforce agencies, the industries included are:

**Manufacturing, Healthcare, Information Technology (IT), Logistics, and Construction.**

For each of the 5 highest-demand industries, RFI provides self-paced, online instruction on:

- Career Opportunities and Descriptions
- Current Issues and Trends in the Industry
- Career Pathways, Education, and Certifications in the Industry
- Introduction to the Industry
- What it is like to Work in the Industry
- Industry Terminology and Common Practices
- Workplace Expectations in the Industry

RFI prepares individuals for the workplace but is **NOT** a replacement for technical training.

Participants can earn a certificate of completion.

Sign up for your **FREE** account at [www.ReadyForIndustry.com/MO](http://www.ReadyForIndustry.com/MO)

Ready for Industry is provided fully funded by the Missouri Office of Workforce Development

From the creators of KeyTrain®/ Career Ready 101® for ACT WorkKeys®, acquired by ACT, Inc.

*A Comprehensive CTE Solution for*

# Business, Marketing, Finance, IT & Media Educators

iCEV's Business, Marketing, Finance, IT & Media curriculum was created with educators and students in mind. With iCEV's innovative, learning-on-demand platform, educators have unlimited access to prebuilt, fully customizable courses, complete with media-rich lessons and supporting coursework.

iCEV always offers free professional development opportunities through online webinars, on-site training and event workshops to assist you in tailoring iCEV resources to fit your specific needs.

## Our Growth is Your Advantage

In addition to 25+ Business, Marketing, Finance, IT & Media courses, iCEV has acquired new business and IT resources for CTE educators. We are pleased to provide our teachers and students with the resources from AES.

**12:00 pm - 12:50 pm:** Afternoon Session 1

- **Improve your life work balance with student engaging curriculum resources.** Marilyn Allen and Dr. Calee McElwain, ICEV

*Room: Glendalough I-A DoubleTree by Hilton*

**Session sponsored by our Celebrated Corporate Sponsor** - Learn how Lafayette County uses iCEV curriculum resources in their courses. This will also include how students can earn Financial Literacy certification developed by Charles Schwab as part of their Personal Finance class using iCEV's resources.

- **Using MBA Resources to Prepare Your Students for FBLA Competition** Tammy, MBA Research

*Room: Glendalough I-B Doubletree by Hilton*

MBA Research offers many resources to help prepare your students for competition. Spend time learning about available instructional tools, including the Learning Activity Packages (LAPs) and the Learning Center, and how they could prepare your students for FBLA competitive events

- **Even Better Together: Learning Blade + MO Connections** - Learning Blade Dr. Michele Linch, Learning Blade

*Room: Aleck Scott DoubleTree by Hilton*

**Session sponsored by our Celebrated Corporate Sponsor** - Learning Blade and Missouri Connections are both fully funded, free teacher/student resources that can work hand-in-hand to allow students to explore the diversity of amazing high-demand and high wage STEM/CS/CTE career paths and technologies. In this session, participants will learn to use the Learning Blade system and how Missouri Connections can be aligned with Learning Blade to provide students a more in-depth understanding of career interests all while applying academics. Learning Blade is aligned to 5th-9th grade academic standards and allows your students to explore 400+ STEM/CS/CTE careers within the chosen career clusters while applying academics to real-world scenarios. By using Learning Blade in tandem with Missouri Connections you can introduce students in a more precise way to career paths. Students navigate through online Missions exploring the careers, technologies and processes involved in resolving human-centered challenges. Teachers also have access to dozens of lesson plans that support innovative project-based learning and classroom activities using common materials. For the best session experience, please request your free account at least 24 hours prior at [www.LearningBlade.com/MO](http://www.LearningBlade.com/MO).

- **New Career Education Resources for Your Classroom** Gigi Wolf, Federal Reserve Bank of KC

*Room: Anne McLester DoubleTree by Hilton*

Discover new classroom-ready career education resources developed by the Kansas City Fed in this interactive, multimedia-infused session. The resources featured include lesson plans, videos, articles, and more to help secondary students apply reasoning and analytical skills as they collaborate and evaluate human capital across a variety of careers, including those that don't require 14 a four-year degree. We will delve into the research, real-world examples, non-fictional text, and other mediums to demonstrate the materials and their connection to 21st Century skills, career pathway instruction, and curricular standards. Free access to all resources will be provided, as well as opportunities to win door prizes.

## DECA UPDATE

Larry Anders, Missouri DECA State Advisor

*Room: Glendalough III DoubleTree by Hilton*

Join Larry as he guides you through updates for 2023-24, including conference and competitive events changes and updates.

**1:00 pm - 1:50 pm:**

Afternoon Session 2

- **Career Day 2033: Prepare your students for the jobs of the future** Erica Hart, Everfi

*Room: Glendalough I-A DoubleTree by Hilton*

EVERFI's engaging online college and career readiness resources tap into student interest and curiosity to make plans for their future. Whether you're teaching career exploration, entrepreneurship, or workforce preparedness skills, our digital lessons help students plan for and practice achieving their personal goals. You'll leave this workshop with:

- ✓ A flexible, student-driven program to support your existing curricula
- ✓ An invitation to book a free workshop with your students
- ✓ Automatically graded pre- & post- assessments
- ✓ Access to scholarship opportunities for your students

- **Understanding the Connection: Using Missouri's System of Resources to Prepare Students for DECA Competition** Tammy, MBA Research

*Room: Glendalough I-B Doubletree by Hilton*

Missouri offers an entire system of resources to help prepare your students for DECA. Come spend a few minutes learning about the Missouri courses, the Learning Center, and assessments – all of which directly connects to and supports success in DECA competitions.

- **Hospitality and Marketing of a Destination** Lisa Perez and Melissa Martelli, Springfield Visitors and Convention Bureau

*Room: Aleck Scott DoubleTree by Hilton*

What's a CVB? Marketing of a destination and the services they provide.

- **The Negro Leagues: Behind the Curve** Gigi Wolf, Federal Reserve Bank of KC

*Room: Anne McLester DoubleTree by Hilton*

Explore new classroom-ready lessons focused on the economics and entrepreneurship behind Negro Leagues Baseball, as well as the institution's historical impact in the U.S. Through hands-on, interactive demonstration, session attendees will walk through lesson materials, including how to integrate them across multiple disciplines and use them to support culturally relevant teaching strategies. Participants will delve into activities from the students' perspective, exercising voice and choice to advance their understanding and empathy of racial disparities in the fight for civil rights, 15 business ownership, social equity, and more. Examples will be provided to highlight the barriers and breakthroughs real-life heroes experienced in the Negro Leagues as they blazed a trail in the sports arena and influenced American culture and economic growth. Correlations between the national standards in economics and Common Core standards will be shared and attendees will receive free access to all lesson materials, including primary sources, photos, player profiles, team stats, video testimonials, and more through a partnership with the national Negro Leagues Baseball Museum.

## **FBLA Update**

Dylan Kennedy, Missouri FBLA State Adviser

*Room: Glendalough III Doubletree by Hilton*

Join Dylan as he guides you through updates for 2023-24, including conference and competitive events changes and updates.

**2:00 pm - 2:50 pm:** Afternoon Session 3

- **Ready to give your students a competitive advantage in DECA and FBLA competitions and their future business careers? Join this presentation and discover the Nucleus Entrepreneurship Course.** Thomas Palmer, Nucleus

*Room: Glendalough I-A DoubleTree by Hilton*

This presentation will familiarize you with Nucleus Entrepreneurship, an entrepreneurship course unlike any other. Specifically designed for school districts, the Nucleus course meets and exceeds Missouri state standards, prepares students for the ESB V2 industry certification exam, and is fully aligned with ACTE, DECA, and FBLA criteria. It integrates with your existing Learning Management Software (LMS) and Single Sign-On applications and features a robust, easy-to-teach curriculum—complete with grading and commenting tools, assessments, and visibility into students' work and progress. The course walks students through the entire process of building their very own business from scratch, and the Nucleus software automatically generates a comprehensive business plan for each student!

- **An Overview of the New Missouri Marketing Courses** Tammy, MBA Research

*Room: Glendalough I-B Doubletree by Hilton*

Spend a few minutes learning about the structure of the 13 new Missouri Marketing Courses. This overview will explain the National Standards for Business Administration, how to identify the learning outcomes for the courses, recognize instructional resources available for performance indicators, and provide best practices for utilizing these resources during lesson planning. Leave with a better understanding of the course guides, resources available, and how to access those resources.

- **Introducing Ready for Industry! Preparing High School Students and Adults for Their Next Steps to a Rewarding Career** Dr. Michele Linch, Learning Blade

*Room: Aleck Scott DoubleTree by Hilton*

**Session sponsored by our Celebrated Corporate Sponsor** - Learn all Ready for Industry (RFI) has to offer learners and how to facilitate RFI courses in this interactive session. Ready for Industry consists of five 15-20 hour online courses in manufacturing, healthcare, information technology, logistics, and construction industries. Each course is designed 16 to provide industry-specific career exploration and preparation for high school students and adult learners as they begin internships, apprenticeships, training, college, and entry-level positions. The Office of Workforce Development (OWD) fully funds Ready for Industry and students will receive certificates of completion from OWD for any course they pass at no cost. For the best session experience, please request your free account at least 24 hours prior at [www.ReadyForIndustry.com/MO](http://www.ReadyForIndustry.com/MO).

- **Prepare your students for life beyond the classroom!** Angie Oshia, Variquest

*Room: Anne McLester DoubleTree by Hilton*

- **MBEA Closing Session (Awards / Officer Installation)**

*Room: Glendalough III Doubletree by Hilton*

**3:00 pm - 3:30 pm:** Dessert Break Sponsored by Everfi

*Room: Glendalough III DoubleTree by Hilton*

**Door Prizes Sponsored by: DECA / FBLA / EVERFI**

## **Thursday, July 27th**

# MoEFCS

## MoEFCS President: Beth Beattie

Check out the MoEFCS Program Guide at <https://tinyurl.com/moefcsconference23>

### Monday, July 24th

**8:00 am - 10:00 am:** Welcome Center/Pre-Order Merchandise Pickup; MoEFCS Public Relations Committee  
*MSU Glass Hall Atrium*

**8:30 am - 9:30 am:** Preconference Registration  
*MSU Glass Hall Atrium*  
Pre-registration and payment is required for all Monday morning sessions. Check in at our Welcome Table in the Atrium. On-site registration accepted until session is at capacity.

**9:00 am - 11:45 am:** There's An App for That!, Krystle Gremaud  
*MSU Glass Hall 353*

Ever wonder how apps are created? Or ever thought it would be really nice to have an app for your FCCLA organization? What if I told you it's easier than you think?! Join me to get started with developing your very own app that you can use for your classroom, student organization, sports team, or whatever you like! Together, I will get you started on app development so you're ready to launch it when you return to school. The best part... the software is free! Participants will need access to Google Sheets and will need to bring a laptop. \$30 Registration.

**9:00 am - 11:45 am:** Creating a Student-Led International Foods Course, Tara Vignola  
*MSU Glass Hall 430*

Overwhelmed by starting or running an international foods course? Don't be! Create authentic learning experiences and take some stress off yourself by allowing your STUDENTS to lead and run this course with your guidance. \$30 Registration.

**9:00 am - 11:45 am:** Tips and Tricks for Competitive Events, Alex Newman and Kristi Christy  
*MSU Glass Hall 431*

Overwhelmed by starting or running an international foods course? Don't be! Create authentic learning experiences and take some stress off yourself by allowing your STUDENTS to lead and run this course with your guidance. \$30 Registration.

**9:00 am - 11:45 am:** Best Practices in Design Thinking with a Focus on Sustainability,  
Kim Graybill  
*MSU Glass Hall 350*

Change starts with action. Action requires innovative problem solving. During this session, explore ways you can make a difference as FCS professionals and discover how you can make the world greener by helping your students learn about sustainability and sustainable practices so they can make informed decisions. Lessons, activities, and projects will cover a variety of FCS standards/strands. Additionally, this session will offer hands-on projects that illustrate sustainability and can easily be incorporated into the FCS classroom. \$50

**9:00 am - 11:45 am:** Make Learning Come Alive (Child and Human Development),  
Kim Roam  
*MSU Glass Hall 432*

This session will demonstrate multiple ways to make learning come alive for teaching development concepts to students. \$30 Registration.

**9:00 am - 11:45 am:** Regulators—We Ride at Dawn!, Crissy Lauterbach  
*MSU Glass Hall 486*

The ability to regulate student emotions and our own creates a positive learning environment for all. Self-care and positive thinking can only take a person so far in a world that is becoming more digital and less human every single day. Dive into the 5Fs of trauma responsive care and learn how to use breathing techniques, classroom activities, and one on one connection to help everyone re-engage in the classroom and beyond. \$30 Registration.

**9:00 am - 10:30 am:** Hospitality Super Session Part 1; MSU Hospitality Leadership  
*Meet in MSU Glass Hall Atrium at 9:00 a.m.*

Who are hospitality students? They are creative, hands-on learners who want to work with people. A hospitality degree prepares people for a variety of professional careers in lodging, events, resorts, country clubs, restaurants, casinos, and much more! Visit the Hospitality Leadership building, tour our labs and let's find ways to help your students find a career that works for them. \$15 Registration.

**10:30 am - 12:00 pm:** Hospitality Super Session Part 2-Let's Talk Prostart, Leone Herring  
and John LaRocca  
*MSU Glass Hall 344*

This session will explore: What is ProStart, Advantages of offering ProStart, ProStart Curriculum, Implementing ProStart in your building/district, Professional Development for ProStart educators, Grants available, ServSafe certifications, 2022-2023 Updates and Event Schedule, Answers to your questions.

**11:45 am - 1:30 pm:** New and Returning Teachers Luncheon and Workshop, Beth Beattie  
*MSU Glass Hall 486 then Glass Hall 353*

Are you new to teaching Family and Consumer Sciences? If so, this session is for you! We will discuss places to find the answers to all of your just getting started questions and give you a chance to meet people who can help you throughout the year. Meeting will start in Glass 486 and will move to Glass 353 after lunch. \$35 Registration.

**12:00 pm - 1:00 pm:** Lunch for all morning session registrations  
*Glass Hall 486*

**1:10 pm - 2:00 pm:** Entertain in Style with Sweet and Savory Bites, Part 1, Chef Pliska  
*Ozarks Technical College, 1001 East Chestnut Expressway,  
Information Commons Building Room 106*

Entertaining and getting together at social events are back in style in the post Covid era. Teaching your students how to prepare delectable bites for home parties, catering, or social functions can be a rewarding experience for both the teacher and the students. In this two-part session you will first learn how to make tartlets filled with vanilla pastry cream topped with fresh berries or fruit. In the second savory session canapes will be explored featuring croustades, canape butter, and various ways to garnish them using Chef Daniels 1/3rd-1/3rd-1/3rd principle for building delicious and memorable canapes. \$15 Registration.

**1:30 pm - 3:00 pm:** Sustaining and Supporting Student Passions to Become Teachers,  
Kristi Hodson  
*MSU Glass Hall 428*

This workshop is for teachers who have completed Pathways to the Teaching Profession training and have a current program in place. \$0 Registration.

**1:30 pm - 3:00 pm:** Game On! Technology in the CTE Classroom, Amber Hunt  
*MSU Glass Hall 430*

Want tips and tools for integrating games into your curriculum? In addition to exploring tools such as Gimkit, Blooket, Quizlet and Flippity, you will learn strategies for best practices when incorporating tech-based games for increased student engagement and achievement. \$0 Registration.

**1:30 pm - 3:00 pm:** Tips and Tricks for Running a School Based Enterprise,  
Keli Huchteman  
*MSU Glass Hall 431*

Want to start a school-based enterprise but not sure where to begin? I'll tell you how we started a successful school store and expanded to a mobile boutique all in one year! Attendees will learn the ins and outs of managing a student operated school store. From equipment and grant writing, to the best ways to reach customers, I'll give you all of our tips and tricks to make teaching young entrepreneurs a breeze! \$0 Registration.

**1:30 pm - 3:00 pm:** Interactive Interior Design Workshop, Kailey Grapes  
*MSU Glass Hall 350*

Ready to freshen up your interior design skills? You'll want to attend this hands-on session! We will cover creating floor plans, renderings, 2D elevations, online platforms, and so much more. Walk away with sample projects and ideas for both beginner and advanced level courses. \$0 Registration.

**1:30 pm - 3:00 pm:** Making Your Middle School Classroom Great, Kayla Vernatti and  
Amanda Sandell  
*MSU Glass Hall 432*

In this 90 min session we will show you the steps to develop your entire curriculum; whether you teach quarter or semester long classes, meet all MO standards, have fun and plan for the whole year. We will even demo one of our favorite lessons for you. Come ready to get your whole year planned! \$0 Registration.

**1:30 pm - 3:00 pm:** MSU Child Development Center Tour  
*Meet in the MSU Glass Hall Atrium*

This session will provide a tour of the Child Development Center on campus, as well as an interactive scavenger hunt. \$0 Registration.

**2:10 pm - 3:00 pm:** Entertain in Style with Sweet and Savory Bites, Part 2, Chef Pliska  
*Ozarks Technical College, 1001 East Chestnut Expressway,  
Information Commons Building Room 106*

Entertaining and getting together at social events are back in style in the post Covid era. Teaching your students how to prepare delectable bites for home parties, catering, or social functions can be a rewarding experience for both the teacher and the students. In this two-part session you will first learn how to make tartlets filled with vanilla pastry cream topped with fresh berries or fruit. In the second savory session canapes will be explored featuring croustades, canape butter, and various ways to garnish them using Chef Daniels 1/3rd-1/3rd-1/3rd principle for building delicious and memorable canapes. \$0 Registration-included in Part 1 Registration.

**10:30 am - 12:00 pm:** Hospitality Super Session Part 2-Let's Talk Prostart, Leone Herring  
and John LaRocca  
*MSU Glass Hall 344*

This session will explore: What is ProStart, Advantages of offering ProStart, ProStart Curriculum, Implementing ProStart in your building/district, Professional Development for ProStart educators, Grants available, ServSafe certifications, 2022-2023 Updates and Event Schedule, Answers to your questions.

## **Tuesday, July 25th**

MCRIA - MO Collision Instructors, *Sahara*

Training will last from 15:00-17:00 hours. Range attire will be needed, along with glasses and earmuffs. There is no address for the range, but a simple Google or Apple Maps search will get you almost there.

Information Technology, *Kalahari*  
Arts, A/V & Communication, *Mojave*  
Manufacturing, *Sahara*  
Transportation, Distribution & Logistics, *Kalahari*  
MCRIA - MO Collision Instructors, *Bora Bora*

**2:30 pm - 4:00 pm:** Drones in Construction  
*Oasis, Sahara*

90 minutes

Richard McPherson - How to use your drone to conduct surveys, site analysis, planning, and design, create 3D models and inspections, identify potential hazards/risks, asset inventory, project reporting, and collaboration, and resolve disputes. Unmanned aerial vehicles (UAVs) can survey an area faster and more efficiently than other options. As this improves, the expanding uses of drones at construction sites will improve safety, increase productivity, and enhance security. So, are you ready to dream bigger and fly higher?

**5:30 pm – 7:30 pm:** Awards & New Professional Social; All members welcome!  
*Oasis, Sahara*

## **Wednesday, July 26th**

**8:00 am – 9:00 am:** Late Registration

**10:00 am -12:00 pm and 1:00 - 4:00 pm**

**1:00 pm - 1:50 pm:**

Amy Harris - E Sports in the Classroom, ICW 238

Esports in the Computer Science Classroom: While the public face of esports is the player, there are myriad roles behind the scenes in this growing industry! Computer science careers are no exception. The development of the games themselves is an obvious topic for the classroom, but there are plenty of other options, as well. In this session, we'll cover engaging real-world examples to take back to your students.

## Arts, A/V & Communication Room: ICW 240

9:30 am - Noon and 1:00 -3:00 pm:

Taking Pictures in the Classroom: Donna Groves, graphics teacher at Waynesville and professional photographer, will be presenting a session on photography. Her session will be focused on how to best take pictures in your classroom. In other words, not just studio shots, but everyday pictures such as taking a pic of Student of the Month and SkillsUSA Medalist, even groups of medalists. She will share tips on how to light them and where to take their picture when inside the school building (i.e. fighting fluorescent lights).

Roland or Lawson: Sublimation or New Screen Printing or Direct to Garment

Graphics Round Table Discussions and Lesson Plan Swap

Articulated credits with state of Missouri Higher Ed programs
