Losing new teachers like crazy! Many of the current teachers are did not come from Education.

Want to review the present definition of retiree. Is an updated definition of a Retired Membership needed? Currently the definition states to be a Retired Member, is an individual who is retired from active employment in CTE and have been a member for at least 1 year. The general sense, the cost of the membership is not the issue, but the cost to attend conferences. At conferences Retired members could help with conferences, bring content to conferences, etc.

What is the return on investment for Retirees? What does ACTE offer Retirees?

Ora shared there are a number of Retirees in OK. The professional leadership, should be deleted. Number 2 and 3 should be removed.

DJ shared she believes the value in the Retiree Advisory is to share the wisdom. To help stick with us, the legislative piece, advocating in their states, and mentoring.

“Did you know this is available? Please come back.”
