

POSITIONAL GROUP MEMBERSHIP FORM

Advance high quality CTE and make a positive difference in the lives of our nation's learners

The ACTE Positional Group Membership is for the benefit of a governmental unit and their staff. Your organization's designated teachers, faculty, administrators, and career guidance and academic counselors involved in career and technical education (CTE) programs will have full individual professional member benefits as long as they remain in their position at the institution.

- Professional Development – Enhance your Institution's curriculum and enliven classroom learning from leading CTE professional development events, including ACTE's CareerTech VISION, CTE Administrator Event, and regional annual conferences, along with webinars, resources and much more.
- CTE News and Updates – Organizations and their staff will receive the award-winning Techniques magazine. Organizations and their staff also receive the most up-to-date news and information on the CTE field through the exclusive weekly digital publication ACTE News and other electronic publications including Career Tech Update, STEM SmartBrief and more!
- Networking – Your organization will cultivate relationships and exchange best practices with other organizations' CTE teachers, administrators, and business leaders at local, state and national levels
- Awards – Your organization can achieve national recognition through ACTE awards programs honoring the most distinguished CTE organizations and staff
- Member Insurance Program - Access to discounted professional liability and other insurance options through Forrest T. Jones & Company.
- Event and Product Discounts – Receive organization-exclusive rates to all ACTE events, and discounts on countless CTE products and resources. MemberDeals gives you exclusive discounts and special offers on products, services, and events available only to ACTE members.

This Positional Group Membership Form provides your governmental unit and staff an affordable way to strengthen CTE programs while fostering professional growth. Complete this form annually to ensure all positions within your school remain active. Pricing is based on the number of staff participating, and ACTE membership stays with the position--not the individual.

If your organization is located in one of the following ACTE "unified" states (<https://www.acteonline.org/about/structure/acte-state-associations/>), your unit will receive additional access to local CTE resources, events and networking opportunities from that state association.
